Christina Vella, 2006-01-20 On a hot summer day in Italy in 1902 the brutally stabbed body of Count Francesco Bonmartini was discovered by means of its decomposing stench inside his locked apartment He was a typical Italian provincial aristocrat in all but one way he had married into a prominent but deeply troubled family His father in law was one of the nation s most famous doctors His wife Linda a young freethinker was the apple of her father s eye Linda s brother dabbled in anarchism Linda s lover was her father s top assistant Her relations with them were illicit incestuous and murderous The scandal that erupted was a top news story in Europe and America for three consecutive years Investigators uncovered successive layers of a conspiracy that constantly twisted and changed its shape The suspects included all these men as well as their servants and lovers There was a diverse array of murder weapons including knives heavy pellets and poison There were rumors of missing accomplices Intimate relations among many suspects were uncovered through sensational letters and testimonials Witnesses died mysteriously A suspect tried to kill himself One question lingered throughout and still haunts researchers today what role did Bonmartini s widow Linda known as The Enchantress play Was she the spider at the center of the vast web or did the plot originate with the key men who loved her so desperately Scholar and writer Christina Vella combines meticulous research with a novelist s eye for a great story As she unspools the tight tense drama she offers a fascinating picture of Italian society in the early 20th century with a historian s insights into life at both the top and the bottom From sexual dysfunctions to prison conditions to the patronage systems that permeated medicine law and politics the Bonmartini murder provides a window into a rich world The result is an unforgettable story and an invaluable introduction to an Italy that is still recognizable today **The Hidden Thread**

Irina Filatova, 2013-06-28 The Hidden Thread is a journey of revelation about the relationship between Soviet Russia and South Africa hidden for most of its length The story is told with insight and depth by Irina Filatova and Apollon Davidson who have had a decades long association researching and writing on Russian and South African politics and history This insightful work follows the often surprising twists and turns of the history of South Africa s relationship with Russia and its people which started in the eighteenth century and is still very much alive today The

story evolves from the Russian volunteers who fought alongside the Boers in the Anglo Boer War to South Africans who participated in the Russian revolution and civil war from the Russian Jewish immigration to South Africa to the close involvement of the South African communists in the Communist International from the Soviet consulates in South Africa and the activities of South Africa's Friends of the Soviet Union Society during the Second World War to the vicissitudes of the Cold War and the hot war in Angola from the SACP and ANC's relations with the USSR to the volte face of perestroika and South Africa's transition and to today's business political cultural and sometimes criminal connections between Russians and South Africans
