The Secret at Solaire/Carolyn Keene Carolyn Keene,1993 The Secret at Solaire Carolyn Keene,2013-10-08 While staying at the exclusive Spa Solaire outside Tucson Arizona Nancy and her friends witness a series of strange events beginning with sabotage and ending with a kidnapping *The Secret at Solaire* Carolyn Keene,1993-01-01 While staying at the exclusive Spa Solaire outside Tucson Arizona Nancy and her friends witness a series of strange events beginning with a sabotage and ending with a kidnapping Nancy Drew; Book 111 Carolyn Keene,1993 Nancy Bess and George are spending a week at the exclusive Spa Solaire outside Tucson Arizona a place for relaxation rigorous exercise and complete beauty make overs But they soon discover a much more sinister aspect to the Solaire program when an unexpected visitor welcomes them to their cabin a poisonous black widow spider The Darkest Sides of Politics, II Jeffrey M. Bale,2017-10-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The second volume in this two volume collection focuses primarily on assorted religious extremists including apocalyptic millenarian cults Islamists and jihadist terrorist networks as well as CBRN chemical biological radiological and nuclear terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques A range of global case studies are included most of which focus on the lesser known activities of certain religious extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics **The Case of the Dangerous Solution** Carolyn Keene,1995 There is a epidemic of crime Some of the deliveries from the pharmacy have proved disastrous Nancy is convinced that foul play is involved The 100 Most Popular Young Adult Authors Bernard A. Drew,1997-10-15 The book focuses on individuals writing in the 90s but also includes 12 classic authors e g Mark Twain Louisa May Alcott J R R Tolkien who are still widely read by teens It also covers some authors known primarily for adult literature e g Stephen King and some who write mainly for middle readers but are also popular among young adults e g Betsy Byars An affordable alternative to multivolume publications this book makes a great collection development tool and resource for author studies It will also help readers find other books by and about their favorite writers *Nancy Drew: The Secret at Solaire #111* Carolyn Keene,1993 **Cults, Conspiracies, and Secret Societies** Arthur Goldwag,2009-08-11 Did you know Freemasonry s first American lodge included a young Benjamin Franklin among its members The Knights Templar began as impoverished warrior monks then evolved into bankers Groom Lake Dreamland Homey Airport Paradise Ranch The Farm Watertown Strip Red Square The Box are all names for Area 51 An indispensable guide Cults Conspiracies and Secret Societies connects the dots and sets the record straight on a host of greedy gurus and murderous messiahs crepuscular

cabals and suspicious coincidences Some topics are familiar the Kennedy assassinations the Bilderberg Group the Illuminati the People s Temple and Heaven s Gate and some surprising like Oulipo a select group of intellectuals who created wild formulas for creating literary masterpieces and the Chauffeurs an eighteenth century society of French home invaders who set fire to their victims feet The Case of Capital Intrigue Carolyn Keene,1998 Nancy investigates a shocking crime at the White House *The Spatial Dynamics of Juvenile Series Literature* Michael G. Cornelius,2020-11-11 Where we come from where we are where we have been and where we are going all have a huge impact on who we are Theories of space and place also hold that the converse is equally true that we have an impact on those spaces and places we inhabit or dwell within We make space our agencies our cultures our beliefs and values and understandings shape the macro and micro environments around us Just as much however those places we inhabit shape us causing us to adapt ourselves to them Children exist in spaces that are crafted for them by adults by parents by school administrators and teachers and as such their impact on space can be somewhat limited Space is made for them but certainly not to their own specifications or liking In children s literature spaces are often seen as noteworthy markers of a child s progression toward adulthood whether the space is Laura Ingalls little house or Harry Potter s Hogwarts For these characters movement through space is about growth and change about accepting the inevitability of growing up and the responsibility of the adulthood whether that be marriage and motherhood or vanquishing the most evil wizard of all time However what about juvenile series books whose central protagonists generally never grow or change The central character of these series usually a flat unchanging trope more than a fully realized fleshed out dynamic figure is a static creation Though characters like Nancy Drew and the Hardy Boys frequently move through different geographies they never change as characters In fact one could argue that the only dynamic that ever experiences any alteration in a series like Nancy Drew is setting Surely there is something significant about the relationship of series books to those spaces their protagonists inhabit This collection explores that relationship the dynamics between the controlled spaces of childhood and the variable spaces of juvenile series literature It shows that the unchanging series book characters demonstrate that their impact on space is far greater than its impact ever is on them reflecting an exercise in spatial authority that most children and even children s book heroes never quite experience

Legal Cases, New Religious Movements, and Minority Faiths James T. Richardson,François Bellanger,2016-04-22 New religious movements NRMs and other minority faiths have regularly been the focus of legal cases around the world in recent decades This is the first book to focus on important aspects of the relationship of smaller faiths to the societies in which they function by using specific legal cases to examine social control efforts The legal cases involve group leaders a groups practices or alleged abuses against members and children in the group legal actions brought by former members or third parties attacks against such groups by outsiders including even governments and libel and slander actions brought by religious groups as they seek to defend themselves These cases are sometimes milestones in the relation between state authorities and religious groups Exploring cases in different parts of the world and assessing the events causing such cases and their consequences this book offers a practical insight for

understanding the relations of NRMs and other minority religions and the law from the perspective of legal cases Chapters focus on legal political and social implications Including contributions from scholars legal practitioners actual or former members and authorities involved in such cases from various jurisdictions this book presents an objective approach to understanding why so many legal actions have involved NRMs and other minority faiths in recent years in western societies and the consequences of those actions for the society and the religious group as well Apocalypse Observed John R.

Hall, Philip D. Schuyler, Sylvaine Trinh, 2005-06-22 Apocalypse Observed is about religious violence By analyzing five of the most notorious cults of recent years the authors present a fascinating and revealing account of religious sects and conflict Cults covered include the apocalypse at Jonestown the Branch Davidians at Waco the violent path of Aum Shinrikyo the mystical apocalypse of the Solar Temple the mass suicide of Heaven's Gate Through comparative case studies and in depth analysis the authors show how religious violence can erupt not simply from the beliefs of the cult followers or the

personalities of their leaders but also from the way in which society responds to the cults in its midst **Ovnis - Du secret officiel aux limites de la science - Un itinéraire dans l'inconnu** Daniel Robin, 2020-11-09 Ce livre n'a pas pour but de démontrer l'existence des Ovnis Leur réalité matérielle est un acquis irréfutable Ce stade de la recherche ufologique est derrière nous maintenant Les ufologues les plus avancés dans ce domaine sont allés beaucoup plus loin pour tenter de comprendre ce que sont les Ovnis d'où ils viennent comment ils pourraient fonctionner et pourquoi certains individus ont un contact psychique avec eux Si donc l'existence des Ovnis est aujourd'hui abondamment démontrée quoi cela sert-il de créer un nouveau livre sur ce sujet La réponse est simple si cette étude a trait à ce qui est parce que la réflexion au sujet des Ovnis est loin d'être achevée et que les chercheurs doivent s'orienter vers d'autres domaines d'interrogations L'ufologie du XXI^e siècle n'est plus celle des pionniers Nous devons nous préparer de grands changements dans ce domaine et envisager sérieusement la possibilité de contacts de plus en plus nombreux et rapprochés entre les ovnis et des groupes humains prêts pour ce type de rencontre *The Solaire Trilogy (A Secret Agent Mystery)* Thomas Fincham, Roman Solaire the common man's James Bond
