[A Light in Dark Places](#) Daniel Sykes, 2017-02-20 My coming novel will be the story behind my poetry that will tie in with my work and back up my poetic considerations with classic prose I have watched as each poem was worded in a manner of beautiful description to the words I love to hear and was composed to the narrative and to the image of wonder and enchantment in the dress sense of beautiful fable lines and imagination Our whole world is reflective of the dark side and the moonlight contrasts to the days end and the going down of the sun Lucent travels are enlightened journeys whether in darkness or by the light of the rising sunlit dawn and morning wake And the dreams conscious of binding and reflective thought carry on in our daily lives through the passages that are arrived at and for the light that they are seen Stars are held

in awe of distance and time and are watched as they navigate the universe for which they are known in the space that they have always been seen to highlight and mark our travels in the light and depth of our destinations that only our imagination can concur to the challenge of understanding and distinction We awake from sleep to the clarity of light and hopefully the guarded truth that follows our turbulent lives in hindsight to the character bestowed in our darkest thoughts and the things that bring them to light that may raise us from the pit of demons that carry chains to hold us hostage to their disparaging afterlife that is fired by hatred jealousy and envy of the time that we have left and for their own fateful eternities for which there is no return but for the devil that drives the enormities of fact for our own judgment
