A Secret Press in Nazi Europe Isaac Kowalski, 1969 Dotyczy m in Polski      **A secret Press in Nazi Europe** Isaac Kowalski, 1969      No Road Leading Back Chris Heath, 2024-09-03 This by turns shattering and hope giving account of prisoners who dug their way to freedom from the Nazis is both a stunning escape narrative and an object lesson in the ways we remember and continually forget the particulars of the Holocaust No Road Leading Back is the remarkable story of a dozen prisoners who escaped from the site where more than 70 000 Jews were shot in the Lithuanian forest of Ponar after the Nazi invasion of Eastern Europe in 1941 Anxious to hide the incriminating evidence of the murders the S S later in the war enslaved a group of Jews to exhume every one of the bodies and incinerate them all in a months long labor an episode whose specifics are staggering and disturbing even within the context of the Holocaust From within that dire circumstance emerges the improbable escape made by some of the men who dug a tunnel with bare hands and spoons while they were trapped and guarded day and night an act not just of bravery and desperation but of awesome imagination Based on first person accounts of the escapees and on each scrap of evidence that has been documented repressed or amplified since this book resurrects their lives while also providing a complex urgent analysis of why their story has rarely been told and never accurately Heath explores the cultural use and misuse of Holocaust testimony and the need for us to face it and all uncomfortable historical truths with honesty and accuracy      *Jewish Resistance During the Holocaust* J. Glass, 2004-07-06 It is a common belief that Jews did nothing to resist their own fate in the Holocaust However the realities of disintegrating physical and psychological conditions and the efforts of ghetto undergrounds to counter collaborationist judenrat policies and the despair could not but lead to a breakdown in spiritual life      **Dictionary of the Holocaust** Eric J. Epstein, Philip Rosen, 1997-11-20 This concise easy to use resource on the Holocaust is rich in factual and statistical information and provides a comprehensive compilation of the people and terms that are essential for an understanding of the Holocaust In 2 000 entries it profiles major personalities covers concentration and death camps cities and countries and significant events Also included are important terms translated from German French Polish Yiddish and twelve other languages Biographical entries give a brief history the person s significance and their historical context Geographical entries pinpoint exact locations using other cities or countries as landmarks and give the number of Jewish inhabitants before Nazi occupation and the percentage of Jews killed Historical background is provided for such events as Kristallnacht and the Warsaw Ghetto Uprising and entries on concentration and death camps give details on the nationalities interned the camp s specific location and its history This reference is impressive in its scope and includes major perpetrators bystanders collaborators victims rescuers such as Righteous Gentiles Jewish ghetto fighters and partisans It also explores the role of women and the complicity of physicians and industrialists during the Holocaust more fully than any other reference This dictionary provides the information needed by students whose understanding of the Holocaust is limited by the absence of a single accessible
