**Understanding Alain Robbe-Grillet** Roch C. Smith, 2000 Transforming bewilderment into understanding and pleasure while preserving a sense of Robbe Grillet s considerable richness and complexity Smith elucidates the defining elements of the writer s fictional world characters that barely exist changeable narrators plots that defy logic notoriously meticulous descriptions that never quite form a complete story Smith examines Robbe Grillet s embrace of discontinuity circularity indeterminacy and linguistic play Smith also poses questions about how we should view this perplexing writer as an author of hyperobjective novels and short stories a subjective novelist a realist or a writer who undermines the narrative s claim to represent reality In addition Smith evaluates the sado erotic imagery of Robbe Grillet s middle and late novels as a metaphorical play with textual and social conventions **BOOK JACKET**
