Secret Soldier The True Life Story Of Israels Greatest Commando:

Secret Soldier Robert Rosenberg, Muki Betser, 2011-06-22 A revealing account of a 25 year career in the Israeli special forces adds much to our understanding of Israel's covert fighting arm Kirkus Reviews Israel's premier special warfare commander and counterterrorist specialist Muki Betser was born in Israel's Jezreel Valley and grew up to become one of the leaders of his country's most elite commando unit Sayeret Matkal Newspapers refer to the Sayeret or special reconnaissance forces as the tip of the spear of the Israel Defense Forces IDF But Sayeret Matkal or simply the Unit was the cream of that crop carrying out some of the best known antiterrorist raids of the last twenty five years In this riveting autobiography Betser recounts the inner workings of Israel's elite forces and provides an intimate firsthand account of Israel's previously classified counterterrorist defense missions Muki Betser speaks eloquently of the role of commando units but also deplores violence capping his riveting combat stories with a paean to peace that's all the more poignant because it's penned by a warrior

Publishers Weekly **Secret Soldier** Muki Betser, Moshe Betser, Robert Rosenberg, 1997 The mesmerizing autobiography of Israel's top counter terrorist commando Muki Betser the man who planned and carried out Israel's most remarkable and daring military actions Secret Soldier combines high wire Middle East espionage with a look at the exploits of a true warrior Photos *Journal of Special Operations Medicine*, 2006 **Understanding the Volatile and Dangerous Middle East**

Steven Carol, 2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you're a student educator bureaucrat or politician you'll find insights based on facts in Understanding the Volatile and Dangerous Middle East The Israeli Secret Services and the Struggle Against Terrorism Ami

Pedahzur, 2009-02-04 While Mossad is known as one of the world's most successful terrorist fighting organizations the state of Israel has more than once and on many levels risked the lives of its agents and soldiers through unwise intelligence based intervention The elimination of Palestinian leaders and militants has not decreased the incidence of Palestinian terrorism for example In fact these incidents have become more lethal than ever and ample evidence suggests that the actions of Israeli intelligence have fueled terrorist activities across the globe An expert on terror and political extremism Ami Pedahzur argues that Israel's strict reliance on the elite units of the intelligence community is fundamentally flawed A unique synthesis of

memoir academic research and information gathered from print and online sources Pedahzur's complex study explores this issue through Israel's past encounters with terrorists specifically hostage rescue missions the first and second wars in Lebanon the challenges of the West Bank and Gaza Palestinian terrorist groups and Hezbollah He brings a rare transparency to Israel's counterterrorist activities highlighting their successes and failures and the factors that have contributed to these results From the foundations of this analysis Pedahzur ultimately builds a strategy for future confrontation that will be relevant not only to Israel but also to other countries that have adopted Israel's intelligence based model **Fortress Israel** Patrick Tyler, 2012-09-18 Once in the military system Israelis never fully exit writes the prizewinning journalist Patrick Tyler in the prologue to Fortress Israel They carry the military identity for life not just through service in the reserves until age forty nine but through lifelong expectations of loyalty and secrecy The military is the country to a great extent and peace will only come Tyler argues when Israel's military elite adopt it as the national strategy Fortress Israel is an epic portrayal of Israel's martial culture of Sparta presenting itself as Athens From Israel's founding in 1948 we see a leadership class engaged in an intense ideological struggle over whether to become the light unto nations as envisioned by the early Zionists or to embrace an ideology of state militarism with the objective of expanding borders and exploiting the weaknesses of the Arabs In his first decade as prime minister David Ben Gurion conceived of a militarized society dominated by a powerful defense establishment and capable of defeating the Arabs in serial warfare over many decades Bound by self reliance and a stern resolve never to forget the Holocaust Israel's military elite has prevailed in war but has also at times overpowered Israel's democracy Tyler takes us inside the military culture of Moshe Dayan Yitzhak Rabin Ariel Sharon and Benjamin Netanyahu introducing us to generals who make decisions that trump those of elected leaders and who disdain diplomacy as appeasement or surrender Fortress Israel shows us how this martial culture envelops every family Israeli youth go through three years of compulsory military service after high school and acceptance into elite commando units or air force squadrons brings lasting prestige and a network for life So ingrained is the martial outlook and identity Tyler argues that Israelis are missing opportunities to make peace even when it is possible to do so The Zionist movement had survived the onslaught of world wars the Holocaust and clashes of ideology writes Tyler but in the modern era of statehood Israel seemed incapable of fielding a generation of leaders who could adapt to the times who were dedicated to ending Israel's isolation or to changing the paradigm of military preeminence Based on a vast array of sources declassified documents personal archives and interviews across the spectrum of Israel's ruling class Fortress Israel is a remarkable story of character rivalry conflict and the competing impulses for war and for peace in the Middle East Secret Soldier Moshe Betser, Robert Rosenberg, 1996 The mesmerizing autobiography of Israel's top counter terrorist commando Muki Betzer the man who planned and carried out Israel's most remarkable and daring military actions Secret Soldier combines high wire Middle East espionage with a look at the exploits of a true warrior Photos **Victory, Defeat, or Draw** David Rodman, 2020-12-09 Three outcomes are

possible on the battlefield victory defeat or draw An adversary may defeat or be defeated by its adversary or neither of the two may emerge victorious or vanquished Observers of military history have long tried to identify the variables that determine victory defeat or draw While most would certainly acknowledge that decisions on the battlefield are dictated by a combination of variables rather than by a lone circumstance many observers nevertheless tend to stress a single variable for example the number of fighting men and fighting machines deployed by the adversaries or the operational doctrines employed by the opposing forces as far more significant to the explanations of these decisions than other variables This book in contrast takes a multicausal approach to the question of victory defeat or draw proposing that a combination of six organizational materiel and environmental variables are pivotal to the explanation of decision on the battlefield Using the extensive history of the Israel Defense Forces the book examines a sample of eight battles across the ArabIsraeli conflict from 1948 to 1982 in order to determine the collective impact of the six variables on the outcomes of these battles concluding that this basket of variables captures much of the explanation behind victory defeat or draw on the battlefield at least insofar as concerns the record of the IDF While the research in this book is aimed primarily at military historians and military practitioners it is fully accessible to any layperson interested in Israeli military history in particular or international military history in general

Encyclopedia of Intelligence and Counterintelligence Rodney Carlisle, 2015-03-26 From references to secret agents in The Art of War in 400 B C E to the Bush administration s ongoing War on Terrorism espionage has always been an essential part of state security policies This illustrated encyclopedia traces the fascinating stories of spies intelligence and counterintelligence throughout history both internationally and in the United States Written specifically for students and general readers by scholars former intelligence officers and other experts Encyclopedia of Intelligence and Counterintelligence provides a unique background perspective for viewing history and current events In easy to understand non technical language it explains how espionage works as a function of national policy traces the roots of national security profiles key intelligence leaders agents and double agents discusses intelligence concepts and techniques and profiles the security organizations and intelligence history and policies of nations around the world As a special feature the set also includes forewords by former CIA Director Robert M Gates and former KGB Major General Oleg Kalugin that help clarify the evolution of intelligence and counterintelligence and their crucial roles in world affairs today

Special Operations and Strategy James D. Kiras, 2006-07-29 This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition this is achieved by examining both strategic theory and real life case studies

From Jerusalem to the Lion of Judah and Beyond Steven Carol, 2012-04-28 From Jerusalem to the Lion of Judah and Beyond provides the most thorough analysis of Israels

foreign policy towards East Africa Since its modern reestablishment Israel has sought political allies in the international community To achieve that goal Israel offers technological economic and military assistance to developing nations Historically four East African countries Ethiopia Kenya Uganda and Tanzania were prime beneficiaries of that effort Later these efforts were extended to Eritrea and South Sudan Israel has been demonstrating its willingness to offer a far greater share of its limited resources to international assistance than practically any other nation large or small Since 1948 Israel's foreign policy towards East Africa exemplifies these immortal words I will also give thee Israel for a light to the nations that My salvation may be unto the end of the earth Isaiah 49 6 The chronicles of these laudable activities are little known even to post World War II historians No other book to date covers this subject in as much depth Anyone seeking a more profound understanding of Israel's foreign policy as well as its historic relationship with East Africa will find From Jerusalem to the Lion of Judah and Beyond of interest

Sword of Islam John Francis Murphy, 2010-07-30 Undoubtedly timely and full of fascinating detail *Sword of Islam* is a thorough well researched and revealing account of global Islamic terrorism A military historian John F Murphy Jr traces the intricate interconnections among various terrorist cells including Osama Bin Laden's Al Qaeda and its relationship with the Taliban of Afghanistan the Muslim Brotherhood of Egypt Islamic Moro extremists in the Philippines obscure Algerian terrorist groups and other sympathetic underworld organizations in Lebanon the West Bank and the Gaza Strip Syria Libya Yemen Pakistan and even South America He also puts recent terrorist attacks in historical context by discussing such key events as the rise of Arab nationalism following Israel's victory in the 1948 war the Black September killings of Israeli athletes at the 1972 Olympics the 1976 rescue at Entebbe by Israeli commandos of hostages abducted by German terrorists the terrorist plots of the infamous Carlos the Jackal the bombing of the US Marine barracks in Beirut in 1983 and the impact of the 1979 Iranian Revolution and the Mujahideen resistance of the Russian invasion of Afghanistan in the same year This book supplies the answer to the question that has been on the minds of all Americans since September 11 Why do they hate us Murphy makes it clear that as the chief backer of Israel the United States is seen by extremists as the evil power behind the hated Zionist enemy But he also emphasizes that in the final analysis we are the only country with the power to bring these attacks to a halt

Parameters ,1996 *Hijacking and Hostages* J. Paul D. Taillon, 2002-06-30 Terrorism and its manifestations continue to evolve becoming deadlier and more menacing This study considers the evolution of terrorism since 1968 and how airlines and governments have attempted to deal with this form of violence through a series of nonforce strategies Using historical examples we see how governments particularly the United States attempted to counter politically motivated aerial hijacking with metal detectors legal means and finally in frustration counterviolence operations to subdue terrorists As nations witnessed aerial hijacking and sieges the requirement for paramilitary and military counterterrorist forces became a necessity Through use of examples from Israel Entebbe 1976 West Germany Mogadishu 1977 and Egypt Malta 1985 Taillon concludes that cooperation ranging from shared intelligence to forward base access and

observers can provide significant advantages in dealing with low intensity operations He hopes to highlight those key aspects of cooperation at an international level which have at least in part been vital to successful counterterrorist operations in the past and as we witnessed again in the campaign in Afghanistan are destined to remain so in the future *No Better Time* Molly Knight Raskin,2013-09-10 *No Better Time* tells of a young driven mathematical genius who wrote a set of algorithms that would create a faster better Internet It s the story of a beautiful friendship between a loud irreverent student and his soft spoken MIT professor of a husband and father who spent years struggling to make ends meet only to become a billionaire almost overnight with the success of Akamai Technologies the Internet content delivery network he cofounded with his mentor Danny Lewin s brilliant but brief life is largely unknown because until now those closest to him have guarded their memories and quietly mourned their loss For Lewin was almost certainly the first victim of 9 11 stabbed to death at age 31 while trying to overpower the terrorists who would eventually fly American Flight 11 into the World Trade Center But ironically it was 9 11 that proved the ultimate test for Lewin s vision while phone communication failed and web traffic surged as never before the critical news and government sites that relied on Akamai and the technology pioneered by Danny Lewin remained up and running **Tracking--Signs of Man, Signs of Hope** David Diaz,2005-06-01 *Tracking Signs of Man Signs of Hope* is a complete guide to tracking and finding humans alive and dead lost children and adults crime victims escaped criminals **The Mossad** Marc E. Vargo,2015-01-14 This book describes the clandestine missions that were defining moments in the evolution of the Mossad including its pursuit of the Black September terrorists who murdered Israeli athletes at the 1972 Olympic Games its acquisition on the high seas of yellowcake uranium for Israel s undeclared nuclear weapons program and its role in bringing to justice Nazi war criminal Adolf Eichmann The agency s more questionable deeds are also covered among them the assassination of civilian scientists associated with Iraq s nuclear energy program and the abduction of Israeli citizen Mordechai Vanunu who like Edward Snowden has been variously depicted as a principled whistleblower and an unscrupulous traitor Taken together the missions discussed in this volume illustrate the Mossad s character creativity and courage while acknowledging the problematical moral dimensions of its operations *Israel Intelligence, Security Activities and Operations Handbook Volume 1 Strategic Information and Regulations* IBP USA,2013-08 2011 Updated Reprint Updated Annually *Israel Intelligence Security Activities Operations Handbook* **Index to Jewish Periodicals** ,1998 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests
