Secretly Do Good Deeds:

Secretly Do Good Deeds Melody Carlson, 2002 One in a series of three books from award winning children's author Melody Carlson presents children with typical situations they may face every day but shows how the child should conduct themselves by illustrating what Jesus would have said or done Boycott Money and Save Your Soul - Launching the Goodwill Revolution , Forging Ideal Muslim Subjects Faraz Masood Sheikh, 2020-07-22 What forms can a religiously informed ethical Muslim life take This book presents two important accounts of ideal Muslim subjectivity one by 9th century moral pedagogue al Harith al Muhasibi d 857 and the other by 20th century Kurdish Quran scholar Said Nursi d 1960 It reconstructs Muhasibi's and Nursi's accounts of ideal Muslim consciousness and analyzes the discursive practices implicated in its formation and expression The book discusses the range of psychic states and ethical relations that Muhasibi and Nursi consider critical for living an authentically Muslim life It highlights the importance of discursive practices in Muslim religious and moral self production The author draws on Foucault's insights about ethics and practices of self care to examine familiar Muslim discourses in ways that enrich contemporary conversations about identity individuality community authority moral agency and virtue in the fields of religious studies Islamic studies and Muslim ethics The book deepens our understanding of the fluidity and fragility of both the more familiar obligation centered ethics in Islamic thought and the less familiar belief centered modes of religious moral being *When Tengu Talk* Wilburn N. Hansen, 2008-09-30 Hirata Atsutane 1776 1843 has been the subject of numerous studies that focus on his importance to nationalist politics and Japanese intellectual and social history Although well known as an ideologue of Japanese National Learning Kokugaku Atsutane's significance as a religious thinker has been largely overlooked His prolific writings on supernatural subjects have never been thoroughly analyzed in English until now In *When Tengu Talk* Wilburn Hansen focuses on Senkyoibun 1822 a voluminous work centering on Atsutane's interviews with a fourteen year old Edo street urchin named Kozo Torakichi who claimed to be an apprentice tengu a supernatural creature of Japanese folklore Hansen uncovers in detail how Atsutane employed a deliberate method of ethnographic inquiry that worked to manipulate and stimulate Torakichi's surreal descriptions of everyday existence in a supernatural realm what Atsutane termed the Other World Hansen's investigation and analysis of the process begins with the hypothesis that Atsutane's project was an early attempt at ethnographic research a new methodological approach in nineteenth century Japan Hansen posits that this scientific analysis was tainted by Atsutane's desire to establish a discourse on Japan not limited by what he considered to be the unsatisfactory results of established Japanese philological methods A rough sketch of the milieu of 1820s Edo Japan and Atsutane's position within it provides the backdrop against which the drama of Senkyoibun unfolds There follow chapters explaining the relationship between the implied author and the outside narrator the Other World that Atsutane helped Torakichi describe and Atsutane's nativist discourse concerning Torakichi's fantastic claims of a newly discovered Shinto holy man called the sanjin Sanjin were partly defined by supernatural abilities

similar but ultimately more effective and thus superior to those of the Buddhist bodhisattva and the Daoist immortal. They were seen as holders of secret and powerful technologies previously thought to have come from or been perfected in the West such as geography, astronomy, and military technology. Atsutane sought to deemphasize the impact of Western technology by claiming these powers had come from Japan's Other World. In doing so, he creates a new Shinto hero and by association asserts the superiority of native Japanese tradition. In the final portion of his book, Hansen addresses Atsutane's contribution to the construction of modern Japanese identity. By the late Tokugawa, many intellectuals had grown uncomfortable with continued cultural dependence on Neo-Confucianism, and the Buddhist establishment was under fire from positivist historiographers who had begun to question the many contradictions found in Buddhist texts. With these traditional discourses in disarray and Western rationalism and materialism gaining public acceptance, Hansen depicts Atsutane's creation of a new spiritual identity for the Japanese people as one creative response to the pressures of modernity. When Tengu Talk adds to the small body of work in English on National Learning, it moreover fills a void in the area of historical religious studies, which is dominated by studies of Buddhist monks and priests, by offering a glimpse of a Shinto religious figure. Finally, it counters the image of Atsutane as a forerunner of the ultra-nationalism that ultimately was deployed in the service of empire. Lucid and accessible, it will find an appreciative audience among scholars of Shinto and Japanese and world religion. In addition to religion specialists, it will be of considerable interest to anthropologists and historians of Japan.

Herald and Presbyter, 1910 *Dream of Freedom* Michael R. Phillips, 2005 It's a time when men, women, and children are herded and sold like cattle. A time of broken spirits and divided families. Lucindy Eaton, a slave determined to raise her children in freedom. Denton Beaumont, an ambitious man who will stop at nothing to get what he wants. Richmond Davidson, a man of faith destined to change the world. Yet even in the midst of a nation's turmoil, a few will stand. A few will fight. And one man will make a decision that has the power to change the face of America forever. *American Dreams Trilogy* Michael Phillips, 2018-07-19 All three novels in the acclaimed Christian author's historical fiction series about a Southern family following God's will as Civil War tensions rise. *Dream of Freedom*: In the pre-Civil War South, Richmond Davidson and his family decide to follow God's will and free their slaves. The controversy over this decision sets off escalating tensions as the lines are being drawn between North and South. *Dream of Life*: When the Underground Railroad hears that the Davidson family home is a potential safe house, runaways began appearing at their door. Unable to turn them away, the Davidsons must find a way to help. But the prying eyes of neighbors make this a dangerous calling. *Dream of Love*: As the Civil War rages, the Davidsons continue their work with the Underground Railroad. But as one son fights for the Confederacy while another has gone North, the family will face its most difficult trials yet. *Works of the Camden Society*, 1853 **The Ancrén Riwlé** James Morton, 1853 *The Ancrén Riwlé. a treatise on the rules and duties of monastic life*, 1853 **Conversations** St. Nikolai of Serbia (Velimirovic), *Wealth without work, Pleasure without conscience, Science without humanity, Knowledge*

stratified into four distinct and formally recognized classes warrior farmer craftsman and merchant From the warriors perspective the merchants at the base of the social order had no virtue and existed only to skim profits as middlemen between producers and consumers But were these accusations correct Were the merchants really unethical beings who engaged in unfair business practices There is ample evidence that negates the ubiquitous slanders of the warrior class and suggests that merchants no less than the warriors possessed and acted in accordance with a well developed ethical code a spirit that may be called shonindo or The Way of the Merchant This book examines whether a comparison of shonindo depicting the ethical point of view of the merchant class and Bushido embodying that of the warrior class reveals that shonindo may have in fact surpassed Bushido in some aspects Comparing contemporarily published historical documents concerning both shonindo and Bushido as well as Inazo Nitobe s classic work Bushido The Soul of Japan published in 1900 the author examines how Bushido surpassed shonindo in that warriors were willing to die for their strict ethical code Shonindo however may have surpassed Bushido in that merchants were liberal willing to expand and extend application of their ethical beliefs into all aspects of everyday life for the overall benefit of society This ethical code is compared with that of the conservative Bushido which demonstrably proved not up to the task for the modernization and improved well being of Japan Ichiro Horide is professor emeritus of Reitaku University Edward Yagi Reitaku University and Stanley J Ziobro II Trident Technical College collaborated in the translation of the original Japanese manuscript into English **NIV**
