

A man and a woman are sitting back-to-back on wooden chairs. The man is on the left, wearing a light blue t-shirt and dark pants. The woman is on the right, wearing a light blue t-shirt and dark pants. They are both looking away from each other towards the sky. The background is a dramatic, cloudy sky with a mix of blue, white, and grey tones. The overall mood is contemplative and serene.

## Secrets Of Strangers:

**Secrets of Strangers** Alice Thomas Ellis, Tom Pitt-Aikens, 1986      The Secrets of Strangers Charity Norman, Five strangers one cafe and the day that everything changed A regular weekday morning veers drastically off course for a group of strangers whose paths cross in a London cafe their lives never to be the same again when an apparently crazed gunman holds them hostage But there is more to the situation than first meets the eye and as the captives grapple with their own inner demons the line between right and wrong starts to blur Will the secrets they keep stop them from escaping with their lives      *Secrets of Strangers* Alice Thomas Ellis, Tom Pitt-Aikens, 1986      *Strangers and Secrets* R. A. York, 1994 What happens when we communicate with other people The topic has been much studied in sociolinguistics as well as by philosophers sociologists and communication theorists but it is also one of the main concerns of novelists and it is a major source of comedy intrigue and pathos in many novels To illustrate this R A York studies eight classics from nineteenth century England Emma Wuthering Heights Jane Eyre North and South Barchester Towers The Woman in White Great Expectations and Middlemarch showing that literature is not only a celebration of the power to communicate but also a celebration of the need to discipline communication      *The Stranger's Secrets* Beth Williamson, 2010-01-01 Betrayed By Her Own Heart Sarah Spalding has learned to forge her own way and never to trust anyone least of all a Yankee But when her companion abandons her while on a train to Colorado Sarah begrudgingly accepts the help of Whitman Kendrick a Yankee yes but one with the most bewitching green eyes Allowing Whit to be her traveling escort is one thing taking him as a lover is another even though she s tempted beyond reason Whit Kendrick isn t quite sure what to make of the sharp tongued sassy woman sharing his train compartment All he knows is that Sarah is refreshingly different from most women and his urgent primal attraction for her is unlike any he s experienced Breaking down Sarah s wall of defense won t be easy But Whit is determined to prove to Sarah that they re more alike than different and loving each other is all they need Williamson spins a fast paced story that intrigues as it titillates Romantic Times on The Education of Madeline      A Lifetime of Secrets Frank Warren, Book description to come      **Telecommunications Law and Practice in Nigeria** Enyia, Jacob Otu, 2019-07-22 Telecommunications Law and Practice in Nigeria Perspectives on Consumer Protection is intended primarily to provide an indigenous source of information on the theoretical and legal framework of the regulation of telecommunications in Nigeria with respect to how such legal framework assists in addressing the consumers problems in the field of telecommunications The book covers the evolution of telecommunications the world over and its variant in Nigeria a variety of issues including the early controlling organs regulatory regimes the deregulation era interconnectivity and privacy law telecommunications and intellectual property international trade and drafting of international trade contracts encryption technology and privacy in telecommunications The book should be an invaluable companion on the Nigerian telecommunications law and practice with perspectives on consumer protection      **Sociology of Waiting** Paul Christopher Price, 2021-05-04 In Sociology of

Waiting Paul Christopher Price investigates how people wait and analyzes what individuals do while waiting It is a key feature within U S and other societies waiting is universal Sociologically waiting gets at order and our ability or inability to pause Crowds cannot rush into concert venues and supermarket clerks cannot check out customers simultaneously So we must wait In all our waiting we ve developed strategies and structures for delays and such methods and structures provide order as well as understanding we recognize why we wait The sociology of waiting is a classic piece of everyday sociology a timeless piece of routine behavior Waiting is as natural as breathing eating and drinking indeed mothers wait nine months before infants are brought to term and summer will always follow spring Waiting provides its own lessons That is watching cars weave through traffic and receive citations by police we learn that waiting may have saved time and money Shining the light on waiting permits a far superior understanding of order and how our society organizes itself around taking turns Waiting is a matter that takes up much of our valuable time and resources consequently reducing wait time has become big business
