Decoding the Secret Language of Your Body Martin Rush, 1994-12 Itchy palms cold feet a pain in the neck Not a day goes by that our bodies don't speak to us through tickles and tingles belches and bellyaches and psychiatrist Martin Rush takes us on an entertaining enlightening exploration as he teaches us how to decode these secret signs and signals Rush reasons that many of the twitches and twinges we experience may have psychological roots rather than physical ones The runny nose lower backache and cough signify some underlying wants or

needs that the body is trying to convey Because we aren't always aware of our feelings the sudden symptom may be a physiological way of drawing our attention to an unnoticed emotion By recognizing these signals and then deciphering them we can better understand the meanings in our aches pains and other symptoms So if you're itching to know why you have sudden chronic sneezing attacks or why your eyelid occasionally twitches uncontrollably or what is behind that unexplainable rash then perhaps it's time for a visit with Dr Rush The quintessential example of the mind-body connection Decoding The Secret Language of Your Body makes everyone aware of even the most subtle interaction between feelings and body responses

The Secrets of Soviet Cosmonauts Maria Rosa Menzio, 2022-08-31 This book sheds new light on an amazing history only partially known in the west Russian cosmonautics and its spectacular record From Laika the cosmonaut dog to Yuri Gagarin the first man in space to Valentina Tereshkova the first woman in space to the first spacewalk the Soviets set many goals that they subsequently achieved But there are shadows behind these headline moments moments involving human loss some of which are known others only rumored Questions remain such as What was the flying coffin What secrets are still hidden inside the Russian archives despite two rounds of declassification Why didn't Marina Popovich Madame Mig become a cosmonaut What problems made it necessary to film Valentina Tereshkova's return What scientific hypotheses exist concerning Gagarin's mysterious disappearance The author addresses all of these issues with help from the documents now available This book will benefit a broad readership from interested laypersons to graduate and undergraduate students to those who merely enjoy good history-based stories
