and I could really become a skilled seducer if I learned the right techniques After studying human behavior a lot and even graduating from courses on influence and persuasion I became an expert in communication and finally understood how some men conquer women so easily as if they were true magnets and attracted them to themselves with very little effort Thinking about helping other men to overcome these difficulties I wrote the book *Secrets of Seduction* where I teach all the powerful techniques of influence persuasion NLP and seduction that really changed my life I literally reveal all the secrets you've never been told about relating to women In it I teach practical strategies from basic to advanced to overcome any mental block gain self confidence interpret signals of interest and just by looking know exactly who are the women who are interested in you I also approach the best communication techniques with an almost hypnotic power to create connections which helped me not only in the seduction aspect but also in several areas of my life I hope this book adds the same value to you as it did to me
