Jorgensen, 1961 **The Service of Chaplains to Army Air Units, 1917-1946** Daniel B. Jorgensen, 1961 *Air Force Chaplains* Daniel B. Jorgensen, Chief of air force chaplains (United States office), 1961 **The United States Army Chaplaincy: Gushwa, R. L. The best and worst of times, 1920-1945**, 1977
Military Chaplains' Review, 1990 **The Best and Worst of Times** Robert L. Gushwa, 1977 *Battlefield Chaplains* Donald F. Crosby, 1994 Catholic chaplains shared fully in the lot of the common soldier in World War II in Pacific island jungles Europe's battered cities North African deserts and the oceans in between And like the common soldier they endured the same combat perils exposure to the elements internal conflicts boredom and intense longings for peace and home They saved lives provided comfort and hope and renewed lost faith in a dark time In this compelling account Father Donald Crosby provides an unforgettable portrait of faith under fire and grace at ground level reminding us again that there are no atheists in foxholes BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Serving Two Masters* Richard M. Budd, 2002-01-01 Chaplain Richard M Budd has made a welcome concise well written and researched contribution to an overlooked chapter in chaplain history Anyone interested in gaining a better understanding of how the professional and fully institutionalized chaplaincy of today's military came about would do well by consulting Budd's book Bradley L Carter On Point Military chaplains have a long and distinguished tradition in the United States but historians have typically ignored their vital role in ministering to the needs of soldiers and sailors Richard M Budd corrects this omission with a thoughtful history of the chaplains who sought to create a viable institutional structure for themselves within the U S Army and Navy that would best enable them to minister to the fighting men Despite the chaplaincy's long history of accompanying American armies into battle there has never been consensus on its role within the military among the churches or even among chaplains themselves Each of these constituencies has had its own vision for chaplains and these ideas have evolved with changing social conditions and military growth Moreover chaplains acting as members of one profession operating within the specific environment of another raised questions of whether they could or should integrate themselves into the military In effect they had to learn to serve two institutional masters the church and the government simultaneously Budd provides a history of the struggle of chaplains to professionalize their ranks and to obtain a significant measure of autonomy within the military's bureaucratic structure always with the ultimate goal of more efficiently bringing their spiritual message to the troops Richard M Budd is a Lutheran pastor in Leeds North Dakota and a chaplain in the U S Naval Reserve He has a Ph D in military history from Ohio State University and his work has appeared in Ohio History The Navy Chaplain and Trinity Seminary Review *The United States Army Chaplaincy: Stover, E.
