The background image is a composite. On the left, a classical building with columns is visible. In the center, a battle scene unfolds with soldiers in M1 helmets and olive drab uniforms. One soldier in the foreground is shouting, while others are crouching or aiming rifles. A Confederate battle flag flies on the right. In the background, there are explosions, smoke, and aircraft in the sky. The overall tone is dramatic and historical.

The Grapple (Settling Accounts, Book Three) Harry Turtledove,2007-06-26 A profoundly thoughtful masterpiece of alternate history Booklist It is 1943 the third summer of the new war between the Confederate States of America and the United States a war that will turn on the deeds of ordinary soldiers extraordinary heroes and a colorful cast of spies politicians rebels and everyday citizens The CSA president Jake Featherston seems to have greatly miscalculated the North s resilience But as new demonic tools of killing are unleashed secret wars are unfolding The U S

government in Philadelphia has proof that the tyrannical Featherston is murdering African Americans by the tens of thousands in a Texas gulag called Determination And the leaders of both sides know full well that the world's next great power will not be the one with the biggest army but the nation that wins the race against nature and science and smashes open the power of the atom Praise for The Grapple Turtledove never tires of exploring the paths not taken bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations Library Journal One of the strongest books in the extended series SfSite Compelling Publishers Weekly Settling Accounts Harry Turtledove, 2007 The undisputed master of alternate history brings the Settling Accounts series one of the greatest sagas ever to portray an America that almost was to a thunderous conclusion **Videssos Cycle: Volume One** Harry Turtledove, 2013-04-02 Experience one of the most beloved series in fantasy as could only be imagined by the standard bearer for alternate history USA Today Harry Turtledove's many New York Times bestsellers provide an intriguing take on history's most crucial moments but he honed his speculative talents in a different genre fantasy The Videssos Cycle is the perfect fusion of the two Collected here are the first two novels of Turtledove's one of a kind saga in which a Roman legion is transported to a strange realm where magic rules THE MISPLACED LEGION In a duel for survival the Roman military tribune Marcus Aemilius Scaurus raises his sword blessed by a Druid priest against a Celtic chieftain who brandishes a blade of his own At the moment the weapons touch Marcus and his legion find themselves under a strange night sky full of unfamiliar stars where Rome and Gaul are unknown They are in an outpost of the embattled Empire of Videssos a world that will test their skill and courage as no soldiers have ever been tested before AN EMPEROR FOR THE LEGION In the capital of Videssos a coward and betrayer has seized the throne There behind great walls that have always made the city impregnable to storm or siege he rules with the aid of dark sorcery Overthrowing him seems impossible and the imperial army has already fled in panic from the savage victors But there is no panic in the legion Now Marcus Scaurus leads his men through the chaos and enemy hordes in search of winter quarters to regroup and do the unthinkable take the untakeable city **The Big Switch (The War That Came Early, Book Three)** Harry Turtledove, 2012-06-26 In 1941 Winston Churchill was Hitler's worst enemy Then a Nazi secret agent changed everything What if Neville Chamberlain instead of appeasing Hitler had stood up to him in 1938 Enraged Hitler reacts by lashing out at the West promising his soldiers that they will reach Paris by the new year Instead three years pass and with his genocidal apparatus not fully in place Hitler barely survives a coup while Jews cling to survival and England and France wonder whether the war is still worthwhile The stage is set for World War II to unfold far differently from the history we know courtesy of Harry Turtledove wizard of what if in the continuation of his thrilling series The War That Came Early Through the eyes of characters ranging from a brawling American serving with the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler's evil face to face The Big Switch rolls relentlessly forward into 1941 As the Germans and their Polish allies slam into the gut of the Soviet Union in the west Japan pummels

away in the east Meanwhile in the trenches of France French and Czech forces are outmanned but not outfought by their Nazi enemy Then the stalemate is shattered In England Winston Churchill dies suddenly leaving the gray men wondering who their real enemy is And as the USSR makes peace with Japan the empire of the Rising Sun looks westward its war with America about to begin **Fallout** Harry Turtledove, 2016 One poor decision One moment of rage And the Cold War turns hot Even as Joe McCarthy rises in power President Truman is focused elsewhere planning to cut off the head of the Soviet threat by taking out Stalin It s a daring gambit but the Soviets have one of their own Meanwhile Europe s weak sisters France and Italy seem poised to choose the winning side while China threatens to overrun Korea And as always the chronicle of war becomes a story of human struggle
