Seven In The Eye Of History:

Spiritual History Andrew Lincoln, 1995 William Blake's The Four Zoas is one of the most challenging poems in the English language and one of the most profound. It is also one of the least read of the major poetic narratives of the Romantic period. Spiritual History presents a much needed introduction to the poem but it will also be of great interest to those already familiar with it. The first full length study to examine in detail Blake's numerous manuscript revisions of the poem. Spiritual History shows this much misunderstood poem to be the most extraordinary product of the eighteenth century tradition of philosophical history.

Evidence from Scripture and History of the Second Coming of Christ about the Year 1843, Exhibited in a Course of Lectures William Miller, 1842 Over the centuries God has revealed to His prophets clues to the upcoming events of the end times. Such prophetic language often differs from other parts of Scripture employing highly figurative details. God in His wisdom has imparted these clues to various prophets spanning centuries of time, civilizations and social levels thus providing the modern day reader a highly complex yet complete prophetic puzzle pointing us forward to final days in earth's history. Therefore a complete study is necessary to understanding Bible prophecy as the act of overlooking one prophet or vision will render an incomplete understanding. William Miller was a simple New York farmer when God called him to become one of the cornerstones of the great revival movement that eventually formed the foundation of the Seventh day Adventist church. A self proclaimed agnostic Miller had little to do with God or the bible for much of his adult life. However as the Holy Spirit worked on his heart Miller began an extensive study of the Scriptures where he found Christ as his personal friend and Saviour. Evidence From Scripture and History explores into the heart of many Bible prophecies both known and ambiguous. Backing up all claims with Scripture and references Miller takes the reader on an exhaustive study of Bible prophecy in this modern day reprint of an early advent study.
