Seven by Seven L. Roo McKenzie Ed.D.,2017-12-19 Praise for Seven by Seven A clear guide for parents This work does a lot of the heavy lifting for parents It is a clear and simple guide on how to raise children with Christian values in a time of great moral and spiritual confusion Grace Virtue Ph D Author of How Will I Know My Children When I Get to Heaven A powerful aid for parents The best protection we can give our children against negative peer pressure are the values you teach them This book is a significant asset in that task It is a powerful aid in helping parents inculcate in their children the values for God centered decision making Patric Rutherford Ph D Author of God Donald Trump and the Rest of Us Milk Barry Tomkins,2016-06-02 A voyage of discovery Jennifer Prothero left Earth and a happy life in a rural commune to explore a space with two aliens They travel in a ship taken from another alien species the cruel Watermen dreaded on planets everywhere stealers of genetic samples abusers of children In the Milk the celestial phenomenon that heralds the appearance of the Watermen they find an artificial planet shrouded in mist that appears to be the Watermen s base of operations and a massive bioengineering project of mysterious design and purpose What Jennifer and her companions Sill and Glider learn on this planet will challenge all they understand about the Watermen and the future of the universe **in Search of A Voice** Casey M.K. Lum,2012-10-12 Originating in Japan early in the 1970s as a simple sing along technology karaoke has become a hybrid media form designed to integrate mass mediated popular music video images computer graphics and the live musical performance of its human users Not only has karaoke become a multimillion dollar entertainment industry its varied uses have also evolved into diverse popular cultural and social practices among many people around the world Based on a two year ethnographic study this book offers a penetrating analysis of how karaoke is used in the expression maintenance and reconstruction of social identity as part of the Chinese American experience It also explores the theoretical implications of interaction between the media audience and karaoke as both an electronic communication technology and a cultural practice This book analyzes the social origins of karaoke and the dramaturgical characteristics of karaoke events and explains how various musical genres are reframed as karaoke music It also visits the numerous karaoke scenes in their natural context the sites of the actual consumption of media products such as expensive private homes and fancy hotel ballrooms in the affluent suburbs of New Jersey working class restaurants and nightclubs in the multiethnic neighborhoods in Flushing Queens and Cantonese opera music clubs in New York s Chinatown Finally the book offers an intimate analysis of how karaoke has been adopted by several interpretive communities of first generation Chinese immigrants not only as popular entertainment but also as a means to help re define their social identity and way of life **The Book of Pooems** Forrest Dump,2011-03 A descendant from the bowels of literary history Forrest Dump cuts an unlikely though charismatic figure in the realm of restroom reading From a life given to morning runs and blissful frivolity Dump has done what few others can lay claim to reinventing himself as a plum and prodigious provider of preposterous prose to angst ridden readers with an appetite for his

style of commode worshipping humor It is fair to say that with this celebrated first work Dump is creating a movement of historic proportions redefining the genre of scatological satire In this volume Dump plumbs the depths of human exertion laying waste to every corner of modern social sanctimony from personal hygiene to politics while preserving the time honored custom of just letting go In an astonishing display of sophomoric irreverence Dump has marked his territory amidst the ranks and rancor of humor that skirts the comedic margins The Book of Pooems is no WIPE OUT If you are one who is given to restroom reading this book is sure to be a fine addition to your bathroom library In an uproarious volume Forrest Dump has left no doubt of his dedication to the institution of potty time There is a sense when leafing through this book that you are reaching into the very soul of the author which requires only very short arms and what you come away with is a sense that he has spent countless hours trying to find ways to make one of life s most complete and satisfying pleasures a little more satisfying and pleasurable From the very first page the composition of this book is complete It is a visual tactile auditory and olfactory extravaganza olfactory sensory experience provided by the reader as contagious as it is irreverent The reader escorted by a few well placed and pesky flies is first given a few definitions to whet the appetite for the impending defilement of any literary elitism the reader might have carried with him to the water closet The next page is the Table of Incontinence and by now you should know what you re in for What follows is a sprawling ode de toilet humor that transcends human digestive experience There is a tone of compassion in works such as I Am I Can which deals with the ignominy and discomfort of constipation and a sense of the infinite and wonder of the scato sphere in Poolar System With fabulous art by the master of dirty wall painting Leonardoo Doo Pinci the Book of Pooems also breaks into the realm of satirical cartoon but resists any temptation to take itself too seriously Forrest Dump is riding into the annals of history The Architect Asher Benjamin,1841 **A practical course of arithmetic for young students. 6 standards** Joseph Hughes (F.R.G.S.),1878
