

Seven Going On Seventeen

S. Inness

Seven Going On Seventeen:

Girlhood Jennifer Helgren, Colleen A. Vasconcellos, 2010 Girlhood interdisciplinary and global in source scope and methodology examines the centrality of girlhood in shaping women's lives. Scholars study how age and gender along with a multitude of other identities work together to influence the historical experience. Spanning a broad time frame from 1750 to the present, essays illuminate the various continuities and differences in girls' lives across culture and region. Girls on all continents except Antarctica are represented. Case studies and essays are arranged thematically to encourage comparisons between girls' experiences in diverse locales and to assess how girls were affected by historical developments such as colonialism, political repression, war, modernization, shifts in labor markets, migrations, and the rise of consumer culture.

Misfit Children Markus Bohlmann, 2016-12-14 Misfits are often confused with outcasts. Yet misfits rather find themselves in between that which fits and that which does not. This volume is interested in this slipperiness of misfits and explores the blockages and the promises of such movements as well as the processes and conditions that produce misfits, the means that enable them to undo their denomination as misfits, and the practices that turn those who fit into misfits and vice versa. This collection of essays on misfit children produces transmissible motions across and engages in scholarly conversations that unfold betwixt and between in order to make rigid concepts twist and twirl and ultimately fail to fit. **Geek Chic S.**

Inness, 2016-04-30 Mainstream society has often had a deeply rooted fear of intelligent women. Why do brilliant women make society ill at ease? Focusing on the US, Sherrie Inness and contributors explore this question in the context of the last two decades, arguing that more intelligent women are appearing in popular culture than ever before. **Tweenhood** Melanie Kennedy, 2018-10-30 A powerful female pre-adolescent consumer demographic has emerged in tandem with girls becoming more visible in popular culture since the 1990s. Yet the cultural anxiety that this has caused has received scant academic attention. In *Tweenhood*, Melanie Kennedy rectifies this and examines mainstream pre-adolescent girls' films, television programmes, and celebrities from 2004 onwards, including *A Cinderella Story* (2004), *Hannah Montana* (2006), and *Camp Rock* (2008). Her book forges a dialogue between post-feminist film and television, celebrity, and most importantly, the figure of the tween. Kennedy examines how these media texts, which are so key to tween culture, address and construct their target audience by helping them to choose an appropriately feminine identity. *Tweenhood*, then, she argues, is transient and a discursive construct whose unpacking highlights the deification of celebrity and femininity within its culture. **Roadblocks**

to Equality Jeffery Klaehn, 2009 Explores women's experiences within contemporary society in a domestic and global context.

Puberty in Crisis Celia Roberts, 2015-08-07 Combines feminist and social theories on the body, biology, and sex to examine the sociological and cultural issues surrounding puberty. **Kinderculture** Shirley R. Steinberg, 2018-05-04 America is a corporatized society defined by a culture of consumerism, and the youth market is one of the groups that corporations target most. By marketing directly to children through television, movies, radio, video games, toys, books, and fast food, advertisers have

produced a kinderculture In this eye opening book editor Shirley R Steinberg reveals the profound impact that our purchasing obsessed culture has on our children and argues that the experience of childhood has been reshaped into something that is prefabricated Analyzing the pervasive influence of these corporate productions top experts in the fields of education sociology communications and cultural studies contribute incisive essays that students parents educators and general readers will find insightful and entertaining Including seven new chapters this third edition is thoroughly updated with examinations of the icons that shape the values and consciousness of today s children including Twilight True Blood and vampires hip hop Hannah Montana Disney and others **Youth, Identity, and Digital Media** David

Buckingham,2007-11-30 Contributors discuss how growing up in a world saturated with digital media affects the development of young people s individual and social identities As young people today grow up in a world saturated with digital media how does it affect their sense of self and others As they define and redefine their identities through engagements with technology what are the implications for their experiences as learners citizens consumers and family and community members This addresses the consequences of digital media use for young people s individual and social identities The contributors explore how young people use digital media to share ideas and creativity and to participate in networks that are small and large local and global intimate and anonymous They look at the emergence of new genres and forms from SMS and instant messaging to home pages blogs and social networking sites They discuss such topics as girl power online the generational digital divide young people and mobile communication and the appeal of the digital publics of MySpace considering whether these media offer young people genuinely new forms of engagement interaction and communication Contributors Angela Booker danah boyd Kirsten Drotner Shelley Goldman Susan C Herring Meghan McDermott Claudia Mitchell Gitte Stald Susannah Stern Sandra Weber Rebekah Willett *Girl Culture* Claudia Mitchell,Jacqueline

Reid-Walsh,2007-12-30 Never before has so much popular culture been produced about what it means to be a girl in today s society From the first appearance of Nancy Drew in 1930 to Seventeen magazine in 1944 to the emergence of Bratz dolls in 2001 girl culture has been increasingly linked to popular culture and an escalating of commodities directed towards girls of all ages Editors Claudia A Mitchell and Jacqueline Reid Walsh investigate the increasingly complex relationships struggles obsessions and idols of American tween and teen girls who are growing up faster today than ever before From pre school to high school and beyond Girl Culture tackles numerous hot button issues including the recent barrage of advertising geared toward very young girls emphasizing sexuality and extreme thinness Nothing is off limits body image peer pressure cliques gangs and plastic surgery are among the over 250 in depth entries highlighted Comprehensive in its coverage of the twenty and twenty first century trendsetters fashion literature film in group rituals and hot button issues that shape and are shaped by girl culture this two volume resource offers a wealth of information to help students educators and interested readers better understand the ongoing interplay between girls and mainstream culture **The Sound of Music** ,2018-02-01

Ukulele A dozen songs from the ever popular Rodgers Hammerstein musical presented in melody lyrics and chord diagrams for ukulele Includes Climb Ev ry Mountain Do Re Mi Edelweiss I Have Confidence The Lonely Goatherd Maria My Favorite Things Sixteen Going on Seventeen So Long Farewell Something Good The Sound of Music Wedding Processional
