go our own way in life and don't count God in we can get in a mess because we don't understand what is really best for us Only God knows that We were not made to carry guilt Our shoulders are not big enough When guilt weighs heavily on us it can cause all sorts of problems mental emotional and physical When we say sorry for the wrong things we've done God wipes our slate clean He wipes it all away We are justified just as if we had never sinned **Seven Reasons Why This Book Is**

True Maurice C. Smith, 2020-04-27 This book is dedicated to all the honest seekers who are searching for the truth After fifty years of sharing my faith I realized that most people who reject the Bible have common objections Here are some of the usual arguments voiced by people 1 There are so many religions claiming to be the truth So why should we believe the Bible 2 The Bible must be flawed because it was written by man and all men have flaws 3 It was written so long ago how can we trust it 4 It makes the most unbelievable claims God coming in the form of a man born of a virgin walked on water gave sight to the blind died on a cross and was raised from the dead It is not my intent to convince or to convert skeptics The purpose of this book is to present the facts concerning the Bible and let the reader come to his or her own conclusion If the Bible is true then its content compels every human to make a choice concerning its message IT LEAVES NO ROOM FOR NEUTRALITY NOR INDIFFERENCE Seven Reasons To Refute The Idea That We Are Visited By Aliens Joseh Hamington, In a world where

the idea of extraterrestrial visitors captures the imagination of many this book offers a thoughtful and meticulous analysis of the possibility that we are genuinely visited by beings from other worlds Delving into scientific evidence astronomical observations challenges of interstellar travel and the biological aspects of beings the author paints a picture that challenges popular conceptions of alien visitors on Earth From the inherent challenges of traveling across the vast distances of outer space to the intricate details of biological interactions the combination of his research with a critical and unbiased perspective makes *Seven Reasons to Refute the Idea That We Are Visited by Aliens* an essential read for anyone intrigued by the UFO phenomenon and the possibility of alien life on Earth Whether you are a skeptic or an enthusiast on the subject this book will provide valuable insights that will deepen your understanding of one of the greatest mysteries of our time 7
