Fictions of Integration Naomi Lesley, 2017-03-03 This book examines how children s and young adult literature addresses and interrogates the legacies of American school desegregation Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock Arkansas but also more insidious and less visible legacies such as re segregation within schools through the mechanism of disability diagnosis Novelizations of children s experiences with school desegregation comment upon the politics of getting African American children access to white schools but more than this as school stories they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper s *Fire From the Rock* and Dorothy Sterling s *Mary Jane* to novels that engage less obvious legacies of desegregation such as Cynthia Voigt s *Dicey* s *Song* Sharon Flake s *Pinned* Virginia Hamilton s *The Planet of Junior Brown* and Louis Sachar s *Holes* This book will be of

interest to scholars of American studies children s literature and educational philosophy and history *Childhood and Innocence in American Culture* James M. Curtis,2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children s literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children Reading Programs for Young Adults Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **Dicey's Song** Cynthia Voigt,2001-12-07 The Newbery winning novel in Cynthia Voigt s timeless Tillerman cycle When Momma abandoned Dicey Tillerman and her three siblings in a mall parking lot and was later traced to an asylum where she lay unrecognized unknowing she left her four children no choice but to get on by themselves They set off alone on foot over hundreds of miles until they finally found someone to take them in Gram s rundown farm isn t perfect but they can stay together as a family which is all Dicey really wanted But after watching over the others for so long it s hard for Dicey to know what to do now Her own identity has been so wrapped up in being the caretaker navigator penny counter and decision maker that she s not sure how to let go of some responsibilities while still keeping a sense of herself But when the past comes back with devastating force Dicey sees just how necessary and painful letting go can be BLACKJACK FIGHT TO WIN Addie Guillory,2021-04-15 Blackjack Fight to Win was written as a tool to help other Blackjack players win money Throughout the book you will see many pictures showing the success Addie has had in the game of Blackjack The pictures are real and are an indication of the success you will have after reading this book This book teaches the winning strategy that all Blackjack players must know if they are looking for that million dollar payday If you ever talked about wanting to win big and just never knew what you needed to do what strategy you needed or you just couldn t develop that winning plan the wait is over your struggles and

dreams can now be a reality Blackjack Fight to Win teaches you what no one else has ever cared to share this book teaches you how to win big Blackjack Fight to Win is more than a book on Blackjack that teaches the experience player how to improve their game The book not only teaches experience players it also teaches the new beginner how to play the game correctly what the beginner and the experience player should be watching for with patterns of the cards how to change the cards to benefit you and how to maximize your opportunities when they present themselves This is the book you will want to read and the book you will talk about to your friends when they ask how you learned to win thousand dollar stacks at the casino Although this book is entertaining with many stories to break up the learning process it also reveals a brief history of cards and the origin of Blackjack But the most compelling reason to read this book is the financial success that will impress your friends and your banker

Flowering Tom Bentley, 2014-04-14 *Flowering* is a collection of stories built around the themes of loss social disruption mistaken judgment and stumbling redemption From a shoplifting sociopathic genius to a card dealing witch offering a mystical experience at the blackjack tables to a harsh drunk who turns out to be a malignant yet chillingly accurate soothsayer the story's lead characters are complex and not always charming but their colors are memorably bright Location also figures significantly in other stories settings in suburban Seattle a bleak Arizona desert town and a tiny cottage in New Orleans all draw deeply on the native textures of their territories From flash fiction to richly woven tales *Flowering* invites you into distinct worlds all built on story

Bad Girls, Bad Girls, Whatcha Gonna Do? Cynthia Voigt, 2006 As new ninth graders eager only to survive high school Mikey and Margalo must deal creatively with stolen money and cheating on the tennis courts
