Understand that sexuality is natural and involves more than sexual behaviour.

Are able to experience sexual pleasure, intimacy, and satisfaction, when desired.

02

03

Are able to communicate with sexual partner and healthcare provider or gynecologist about sexual health.

Recognise and respect the sexual rights all people equally share.

04

05

Have access to information, education, and care on sexual health.

Strive to prevent unintended pregnancies and sexually transmitted diseases.

06

The lack of healthy and inclusive sex education exposes people to unnecessary risk, unaware of the dangers of unprotected sex.
