Plato

Sex And The Second Best City Sex And Society In The Laws Of Plato:

Sex and the Second-Best City Kenneth Royce Moore, 2005-07-19 Sex and the Second Best City deals with the topics of sex and society in the Laws of Plato with recourse to historical context and modern critical theory It examines reconstructions of ancient sexuality with a view to increased clarification The text of the Laws is considered along with many of its literary qualities its influences and the utopian plan that it proposes Performing Citizenship in Plato's Laws Lucia Prauscello, 2014-11-13 A study of the ethical underpinning of the rhetoric of citizenship in Plato's Laws and its implementation through ritualized forms of performance **Plato: Laws 1 and 2**, 2015-09-24 Susan Sauv Meyer presents a new translation of Plato's Laws 1 and 2 In these opening books of Plato's last work a Cretan a Spartan and an Athenian discuss legislative theory moral psychology and the criteria for evaluating art The interlocutors compare the relative merits of different nomoi laws practices institutions in particular the communal meals *sussitia* practiced in Sparta and Crete and the paradigmatically Athenian institution of the drinking party *sumposion* They agree that the legislator's goal is to inculcate virtue in the citizens but they disagree about what the virtues are and what institutions are required to inculcate them The Spartan and Cretan who value military strength in a city and courage in its citizens see no value in drinking parties which they take to encourage softness and susceptibility to pleasure The Athenian insists that drinking parties train citizens in moderation just as military exercises train citizens in courage He defends this paradoxical thesis by offering a moral psychology and theory of virtue rather different from that of the Republic but highly evocative of Aristotle's Ethics along with a theory of education in which choral song and dance play an important role A detailed discussion of the criteria for evaluating works of art rounds out the discussion and here too the reader will find a discussion very different from the treatment of art in the Republic Meyer's fluent and readable translation achieves a high standard of fidelity to the original Greek The commentary lays bare the structure of the argumentation illuminates the philosophical issues and explains difficult passages making this complex and intricate work accessible to students and scholars alike Plato's Reverent City Robert A. Ballingall, 2023-07-15 This book offers an original interpretation of Plato's Laws and a new account of its enduring importance Ballingall argues that the republican regime conceived in the Laws is built on reverence an archaic virtue governing emotions of self assessment particularly awe and shame Ballingall demonstrates how learning to feel these emotions in the right way at the right time and for the right things is the necessary basis for the rule of law conceived in the dialogue The Laws remains surprisingly neglected in the scholarly literature although this is changing The cynical populisms haunting liberal democracies are focusing new attention on the characterological basis of constitutional government and Plato's Laws remains an indispensable resource on this question especially when we attend to the theme of reverence at its core Plato Plato, 2015 Susan Sauv Meyer presents a new translation of Laws 1 and 2 the opening books of Plato's last work which discuss legislative theory moral psychology and aesthetics This fluent readable and authoritative translation is

accompanied by a critical commentary which explores the argument's structure and the philosophical issues at stake **The City and the Stage** Marcus Folch, 2015-12-01 The City and the Stage provides an exploration of Plato's final engagement with the poetic tradition. Special attention is given to the dialogue between philosophy and poetry, the performative properties of language, the psychology of aesthetic response, genre, gender, and the status of women in the ideal city envisaged in the Laws. *Sexuality in Greek and Roman Culture* Marilyn B. Skinner, 2013-07-23 This agenda-setting text has been fully revised in its second edition with coverage extended into the Christian era. It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome. Covers a wide range of subjects including Greek pederasty and the symposium, ancient prostitution, representations of women in Greece and Rome, and the public regulation of sexual behavior. Expanded coverage extends to the advent of Christianity, includes added illustrations, and offers student-friendly pedagogical features. Text boxes supply intriguing information about tangential topics. Gives a thorough overview of current literature while encouraging further reading and discussion. Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered. The Prison Before the Panopticon Jacob Abolafia, 2024-07-09 A groundbreaking history of philosophy and punishment. The Prison before the Panopticon traces the influence of ancient political philosophy on the modern institution of the prison, showing how prevailing theories of carceral rehabilitation and common justifications for the denial of liberty developed in classical and early modern thought. *Brill's Companion to the Reception of Plato in Antiquity* Harold Tarrant, François Renaud, Dirk Baltzly, Danielle A. Layne, 2018-04-03 Brill's Companion to the Reception of Plato in Antiquity offers a comprehensive account of the ways in which ancient readers responded to Plato as philosopher, as author, and more generally as a central figure in the intellectual heritage of Classical Greece from his death in the fourth century BCE until the Platonist and Aristotelian commentators in the sixth century CE. The volume is divided into three sections: Early Developments in Reception (four chapters), Early Imperial Reception (nine chapters), and Early Christianity and Late Antique Platonism (eighteen chapters). Sectional introductions cover matters of importance that could not easily be covered in dedicated chapters. The book demonstrates the great variety of approaches to and interpretations of Plato among even his most dedicated ancient readers, offering some salutary lessons for his modern readers too. **The Routledge Companion to the Reception of Ancient Greek and Roman Gender and Sexuality** K. Moore, 2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality. It explores ancient representations of these concepts as we define them today, as well as recent perspectives that have been projected back onto antiquity. Beginning in antiquity, the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us, and chart the varied interpretations and receptions of these concepts across time to the present day. In exploring how different cultures have received the classical past, the volume investigates these cultures' different interpretations of Greek and Roman sexualities and what these

interpretations can reveal about their own attitudes Through the contributions in this book the reader gains a deeper understanding of this essential part of human existence derived from influential sources From ancient to modern and postmodern perspectives from cinematic productions to TikTok videos receptions of ancient gender and sexuality abound This volume is of interest to students and scholars of ancient history gender and sexuality in the ancient world and ancient societies as well as those working on popular culture and gender studies more broadly

Yeah, reviewing a books **Sex And The Second Best City Sex And Society In The Laws Of Plato** could amass your near connections listings. This is just one of the solutions for you to be successful. As understood, carrying out does not recommend that you have fantastic points.
