Sex Noir:

Sex and Violence Tom Pollard, 2015-11-17 *Sex and Violence* examines the history and social dynamics of film censorship in the United States. It examines censorship controversies throughout film history from the beginning of cinema in the 1890s to the present. The book focuses both on formal censorship systems including state and local censorship boards and industry self-regulation efforts to unofficial censorship rendered by pressure groups and powerful social movements. It probes beneath the official rhetoric and explanations revealing sensitive festering controversies. The book critically examines dozens of Hollywood's most controversial and interesting movies focusing on recurring issues and censorship themes. The book reveals the social and political processes of vetting films and their effect on film form and content. In addition, it examines the use of sexuality and violence in movies and the effects of movie censorship on those issues. Finally, it analyzes and makes recommendations for dramatic changes in motion picture ratings.

The Sex Goddess in American Film, 1930-1965

Jessica Hope Jordan, 2009 In the first critical study of the sex goddess in film, Jessica Hope Jordan illustrates how Jean Harlow uses her sexualized body to affect and seduce viewers away from any primary identification with those characters and their plotlines that are supposed to lead the film to identifying instead with the kind of sexual empowerment and self-possession her characters consistently display. Linking the idea of sexual empowerment to the filmic and public celebration of hyper-feminine sexuality, the book additionally covers previous feminist discussions of Mae West's performances as feminist camp to argue that West sought to both celebrate and embody for women viewers what she viewed as cultural ideals of femininity and women's sexuality. With Lana Turner and the cinematic code, the book considers the many problems inherent in both the filmic and public celebration of hyper-feminine sexuality in relation to censorship and considers the effects of the Hays Code on hyper-feminine sexuality as depicted in film noir. The book also importantly presents the first critical discussion of the actress Jayne Mansfield, suggesting that her 1950s open acceptance, celebration, and public promotion of her feminine sexuality both onscreen and off makes her not only a precursor of the more sexually liberated 60s but also like the other actresses discussed here, a kind of prescient performance artist, even theorist of feminine sexuality in particular and cultural ideas about sexuality more generally. Beyond recouping her image as feminist, the book demonstrates how the kind of desire aroused by the sex goddess, a desire which remains endlessly suspended, works as a supreme example of the aesthetic apparatus of cinema itself.
