Sex Pots:

Sex Pots Paul Mathieu, 2003 Over the past twenty years debates about pornography have raged within feminism and beyond Throughout the 1970s feminists increasingly addressed the problem of men's sexual violence against women and many women reduced the politics of men's power to questions about sexuality By the 1980s these questions had become more and more focused on the issue of pornography now a metaphor for the menace of male power Collapsing feminist politics into sexuality and sexuality into pornography has not only caused some of the deepest splits between feminists but made it harder to think clearly about either sexuality or pornography indeed about feminist politics more generally This provocative collection by well known feminists surveys these arguments and in particular asks why recent feminist debates about sexuality keep reducing to questions of pornography

Playing with Things Mary Weismantel, 2021-08-17 Winner Association for Latin American Art Arvey Foundation Book Award 2022 More than a thousand years ago on the north coast of Peru Indigenous Moche artists created a large and significant corpus of sexually explicit ceramic works of art They depicted a diversity of sex organs and sex acts and an array of solitary and interconnected human and nonhuman bodies To the modern eye these Moche sex pots as Mary Weismantel calls them are lively and provocative but also enigmatic creations whose import to their original owners seems impossible to grasp In Playing with Things Weismantel shows that there is much to be learned from these ancient artifacts not merely as inert objects from a long dead past but as vibrant Indigenous things alive in their own inhuman temporality From a new materialist perspective she fills the gaps left by other analyses of the sex pots in pre Columbian studies where sexuality remains marginalized and in sexuality studies where non Western art is largely absent Taking a decolonial approach toward an archaeology of sexuality and breaking with long dominant iconographic traditions this book explores how the pots play jokes make babies give power and hold water considering the sex pots as actual ceramic bodies that interact with fleshly bodies now and in the ancient past A beautifully written study that will be welcomed by students as well as specialists Playing with Things is a model for archaeological and art historical engagement with the liberating power of queer theory and Indigenous studies

Playing with Things Mary J. Weismantel, 2021 Hundreds of dazzlingly beautiful sexually explicit ceramic sculptures made by indigenous Moche artists in Peru over a thousand years ago constitute a large and important corpus of non western art about sex Nevertheless the Moche sex pots remain largely unknown except to regional specialists subject to a dual marginalization In Pre Columbian studies sexuality remains marginalized and understudied in sexuality studies non western art is largely absent and classical Greece and Rome appear as modernity's only Other This study of the Moche sex pots fills these lacunae from a new materialist perspective Breaking with the iconographic tradition that has long dominated Pre Columbian studies this book does not consider the sex pots as representations of human and nonhuman bodies but as actual ceramic bodies that interact with fleshly bodies now and in the ancient past
