Sex And Sexuality Winnicottian Perspectives Winnicott Studies Monograph Series:

Sex and Sexuality Lesley Caldwell, 2018 Winnicott and sex are two subjects that are rarely associated with one another. Sexuality is not a prominent theme within the work of Winnicott who preferred to concentrate on the development of the self from infancy. However his writings contain unexplored insights into sexuality and it is these hidden insights that prompted Lesley Caldwell to invite papers from leading analysts to expand upon them. This collection provides a fresh and innovative look at the work of Winnicott and into sexuality in particular infantile sexuality. The unusual link of Winnicott to Freud and to a psychoanalysis located in the drives encourages a different perspective into British psychoanalysis. Other diverse themes include a historical examination of Winnicott through the British Society an exploration of the similarities between Laplanche and Winnicott the use of Winnicott's work in the treatment of sexual dysfunction and the interrelation between sexuality and play. This is the sixth volume in the Winnicott Studies Monograph Series. Provided by publisher. *Sex and Sexuality* Lesley Caldwell, 2005 This collection provides a fresh and innovative look at the work of Winnicott and into sexuality in particular infantile sexuality. Donald Winnicott and John Bowlby Bruce Hauptmann, Christopher Reeves, 2018-05-08 A fascinating book that sets Bowlby and Winnicott in context and relation to one another to provide a new perspective on both as well as providing a welcome testimony to their enduring legacy. Little Madnesses Annette Kuhn, 2013-02-21 Little madnesses are our most deeply felt enthusiasms investments and attachments in the sphere of culture. The term was coined by the child psychoanalyst Donald Winnicott whose work on transitional phenomena grew out of his naming of the transitional object and extended into preliminary explorations of the crucial role played by cultural experience in a life that feels satisfying. In our socially and culturally sanctioned little madnesses everyone can find relief from the burden of having to maintain a clear boundary between inner and outer worlds fantasy and reality because it is in the space between them that we can find the enthusiasms and passions that excite our creative imaginations. This idea offers intriguing pathways towards understanding

how we can engage effectively with the world at a public social level without setting aside our inner lives our emotions and our most deeply felt attachments In *Little Madnesses* writers artists scholars and experts in a range of fields and disciplines explore the idea of transitional phenomena and consider its potential to extend and deepen our understanding of cultural experience in mental and social life focusing on the importance of space place and boundaries in cultural experience on how we can negotiate media use and cultural identity and on the aesthetic and creative aspects of cultural experience Topics covered include cult films computer use installation art trips to the cinema museums and galleries the agony and ecstasy of making art and the significance of life stage in cultural experience

Broken Bounds Christopher Reeves, 2018-03-22 In 2009 2010 The Squiggle Foundation whose aim is to stimulate interest in the work of Donald Winnicott organized a series of lectures on the theme of the antisocial tendency These lectures are offered here to the wider public much as they were originally given The speakers each one an established figure in child care policy or in the residential and therapeutic management of disaffected youngsters reflect on society's changing attitudes towards antisocial behaviour and its manifestations over the past half century They consider how altered childrearing practices the greater incidence of family break up and the increasing part played by central government in the determination of child care policies have contributed to a shift towards the more punitive attitudes towards wayward youth prevalent today Brief pointed and accessible these lectures address topics of contemporary social concern by identifying some of the underlying questions to be asked regarding the child the family and society in a mass communication and mass organized environment
