Sex And The Single Parent:

Sex & the Single Parent Meg F. Schneider, Martine J. Byer, Martine J. Myer, 2002 Offering insightful perspectives on real life scenarios two therapists maintain that single parenthood and having a love life doesn't have to be an impossible dream

Sex and the Single Parent Mary Mattis, 1986 **Sex and the Single Parent** Mary Mattis, 1986 *Sex and the Single Mom* Sharon McKenna, 2006 An intelligent and lighthearted guide to navigating the dating world as a single mother Provided by publisher *Sex and the Single Parent* Jane Adams, 1978-01-01 *Ebony*, 1980-04 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African

American focused magazine *Sex and the Single Mother* Dawn B. Sova, 1987 **Sex Roles in Single-parent Families**

Marie LaLiberte Richmond, 1976 **In Defense of Single-Parent Families** Nancy E Dowd, 1999-05-01 An expert in family law and policy presents a thought provoking examination of the stereotypes realities and possibilities of single parent families Single parent families succeed Within these families children thrive develop and grow just as they do in a variety of family structures Tragically they must do so in the face of powerful legal and social stigma that works to undermine them As Nancy E Dowd argues here this stigma is founded largely on myths which result in harshly punitive social policies Dowd details the primary justifications for stigmatizing single parent families marshalling an impressive array of resources that portray a very different picture of them She describes them in all their forms with particular attention to the differential treatment given to never married and divorced single parents and to the impact of gender race and class Illustrating the harmful impact of current laws concerning divorce welfare and employment Dowd makes a powerful case for centering policy around the welfare and equality of all children *Therapy with Single Parents* Joan D Atwood, Frank Genovese, 2014-02-25 Provide effective counseling to members of single parent families With more than half of all first marriages ending in divorce it's time to re think the notion that divorce means failure *Therapy with Single Parents* focuses on the strengths of the single parent family rather than its weaknesses stressing the need to look at the socially constructed norms values and definitions associated with marriage and family in order to provide effective counseling This unique book examines experiences that are common to single parents and presents interventive strategies for treating single parent family issues drawing on clinical case studies to provide technical knowledge in everyday language Current research shows that single parents account for 27 percent of family households that include children under 18 and that the number of single mothers in the United States more than tripled between 1970 and 2000 *Therapy with Single Parents* challenges outdated notions that the single parent family is somehow deficient and associated with adjustment problems in children It doesn't ignore the anger pain sadness and guilt experienced by many members of single parent families but offers therapeutic considerations from a more balanced approach The book examines the social psychological and sexual experiences of newly single parents and addresses the ups and downs they'll face in dealing with schools the workplace and social services *Therapy with Single Parents* examines social

and psychological differences between divorce and widowhood cognitive behavioral principles of single parent families what children can learn from divorce dealing with the ghosts of past relationships relationship rules dealing with adult children and extended families the effect of change in divorcing families the feminization of poverty the therapeutic value of social networks Therapy with Single Parents is an invaluable resource for psychologists professional counselors social workers and marriage and family therapists The book presents a thorough in depth examination of the single parent family system as a viable healthy family form

Sex, Preference, and Family David M. Estlund, Martha C. Nussbaum, 1998-06-18 The public furor over issues of same sex marriages gay rights pornography and single parent families has erupted with a passion not seen since the 1960s This book gathers seventeen eminent philosophers and legal scholars who offer commentary on sexuality including sexual behavior sexual orientation and the role of pornography in shaping sexuality on the family including both same sex and single parent families and on the proper role of law in these areas The essayists are all fiercely independent thinkers and offer the reader a range of bold and thought provoking proposals Susan Moller Okin argues for instance that gender ought to be done away with that differences in biological sex ought to have no more social relevance than one's eye color or the length of one's toes and she urges that we look to same sex couples as a model for households and families in a gender free society And Cass Sunstein suggests that the Supreme Court case *Loving vs Virginia* which overthrew the ban on interracial marriages in Virginia might be a precedent for overturning laws that bar same sex marriage just as *Loving* overturned miscegenation laws because they were at the service of white supremacy Sunstein shows the laws against same sex marriages and homosexuality are at the service of male supremacy and might also be overturned Of vital importance to anyone interested in sexuality homosexuality gender feminism and the family *Sex Preference and the Family* both clarifies the current debate and points the way toward a less divisive future

Handbook of Adoption Rafael A. Javier, 2007 *Handbook of Adoption* addresses topics in adoption that reflect the many dimensions of theory research development race adjustment and clinical practice which can affect adoption triad members

Same-Sex Marriage and Children Carlos A. Ball, 2016 *Same Sex Marriage and Children* is the first book to bring together historical social science and legal considerations to comprehensively respond to the objections to same sex marriage that are based on the need to promote so called responsible procreation and child welfare Carlos A Ball places the current marriage debates within a broader historical context by exploring how the procreative and child welfare claims used to try to deny same sex couples the opportunity to marry are similar to earlier arguments used to defend interracial marriage bans laws prohibiting disabled individuals from marrying and the differential treatment of children born out of wedlock Ball also draws a link between welfare reform and same sex marriage bans by explaining how conservative proponents have defended both based on the need for the government to promote responsible procreation among heterosexuals In addition Ball examines the social science studies relied on by opponents of same sex marriage and explains in a highly engaging and accessible way why they

do not support the contention that biological status and parental gender matter when it comes to parenting He also explores the relevance of the social science studies on the children of lesbians and gay men to the question of whether same sex couples have a constitutional right to marry In doing so the book looks closely at the gay marriage cases that reached the Supreme Court and explains why the constitutionality of same sex marriage bans could not be defended on the basis that maintaining marriage as an exclusively heterosexual institution promoted the best interests of children Same Sex Marriage and Children will help lawyers law professors judges legislators social and political scientists historians and child welfare officials as well as general readers interested in matters related to marriage and families understand the empirical and legal issues behind the intersection of same sex marriage and children s welfare The African-American Teenagers Guide to Personal Growth, Health, Safety, Sex, and Survival Debrah Harris-Johnson,2001 A guide to understanding the world and how to live in it successfully discussing safety survival sex money time and responsibility **Sex Role Differentiation in One-parent Families** Dennis Duane Rasmussen,1982 *Afro-Caribbean Dynamics of Sex and Relationships* Kai A.D. Morgan Campbell,2025-07-31 Afro Caribbean Dynamics of Sex and Relationships Reclaiming the Caribbean Sexual Narrative examines the complexities of sexuality and relationships in the Caribbean shaped by colonial legacies cultural norms and evolving gender roles Through seven original research studies it explores a wide range of topics related to sexuality and intimate relationships including body image and sexual satisfaction sexual socialization and communication perceptions of unconventional relationships the psychological impact of adverse childhood experiences on intimate relationships family structure s influence on sexual identity sexual decision making among Caribbean youth and the intersections of mental health trauma and intimacy This book challenges Eurocentric narratives offering a culturally grounded framework for understanding Afro Caribbean sexuality Bridging psychology sociology and history it is essential reading for scholars researchers and academics in gender sexuality Caribbean studies and postcolonial mental health **Same-Sex Marriage** Donald Cantor,2006-04-28 A persuasive history and clearly argued case for same sex marriage *Biology of Sex for Parents and Teachers* Thomas Walton Galloway,1922 Sex, Love, and Families Julie Hanlon Rubio,Jason Edward King,2020-03-30 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living Six years into the papacy of Pope Francis Catholics are still figuring out how to respond to his image of the church as a field hospital a church that goes into the streets rather than remaining locked up behind closed doors Marriage and family are primary sites of the field hospital called to meet people s need for healing and accompaniment with compassion and love The authors of this collection all lay a mix of single and married traditional and progressive Catholics take up this work They offer practical wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades old theological debates Instead their essays engage with and respond to realities shaping contemporary family life like religious pluralism technology migration racism sex and gender incarceration consumerism and

the call to holiness The result is a collection that envisions ways that families can be places of healing and love in and for the world Proceedings of the 2015 International Conference on Medicine and Biopharmaceuticals ,2016 This book provides an all embracing review of each and every author s study on the related topics and areas For instance some author s study on Chinese Medicine and some other researchers survey on biomedical engineering Moreover there are also papers that focus on information based bioinformatics pharmacy and medicinal chemistry and biopharmaceutical technology
