Sex: Female; Religion: Catholic Sally Cunneen, 1968 **Catholic and Feminist: The Surprising History of the American Catholic Feminist Movement** Mary J. Henold, 2020-01-30 In the first history of American Catholic feminism Henold explores the movement from the 1960s through the early 1980s showing that although Catholic feminists had much in common with their sisters in the larger American feminist movement Catholic feminism was distinct and had not been simply imported from outside Henold demonstrates that efforts to reconcile faith and feminism reveal both the complex nature of feminist consciousness and the creative potential of religious feminism *New Catholic Women* Mary Jo Weaver, 1995-12-22 Weaver fills an important gap in women's studies through her investigation of the intersection of the women's movement with the lives of contemporary Roman Catholic women Iris Mary Jo Weaver has charted the course of this new consciousness among Roman Catholic women Rosemary Radford Ruether This is the first full scale study of how the U S women's movement has intersected with the lives and aspirations of American Roman Catholic women Elizabeth Johnson Religious Studies Review Writing Catholic Women J. DelRosso, 2016-04-30 Writing Catholic Women examines the interplay of gender race ethnicity nationality and sexuality through the lens of Catholicism in a wide range of works by women writers forging interdisciplinary connections among women's studies religion and late twentieth century literature Discussing a diverse group of authors Jeana DelRosso posits that the girlhood narratives of such writers constitute highly charged sites of their differing gestures toward Catholicism and argues that an understanding of the ways in which women write about religion from different cultural and racial contexts offers a crucial contribution to current discussions in gender ethnic and cultural studies Catholic and Feminist Mary J. Henold, 2012-06-01 In 1963 as Betty Friedan's *Feminine Mystique* appeared and civil rights activists marched on Washington a separate but related social movement emerged among American Catholics says Mary Henold Thousands of Catholic feminists both lay women and women religious marched strategized theologized and prayed together building sisterhood and confronting sexism in the Roman Catholic Church In the first history of American Catholic feminism Henold explores the movement from the 1960s through the early 1980s showing that although Catholic feminists had much in common with their sisters in the larger American feminist movement Catholic feminism was distinct and had not been simply imported from outside Catholic feminism grew from within the church rooted in women's own experiences of Catholicism and religious practice Henold argues She identifies the Second Vatican Council 1962-65 an inspiring but overtly sexist event that enraged and exhilarated Catholic women in equal measure as a catalyst of the movement within the church Catholic feminists regularly explained their feminism in terms of their commitment to a gospel mandate for social justice liberation and radical equality They considered feminism to be a Christian principle Yet as Catholic feminists confronted sexism in the church and the world Henold explains they struggled to integrate the two parts of their self definition Both Catholic culture and feminist culture indicated that such a conjunction was unlikely if not impossible

Henold demonstrates that efforts to reconcile faith and feminism reveal both the complex nature of feminist consciousness and the creative potential of religious feminism

Woman in a Man's Church, 2018-06-15 Are you satisfied with the position of women in the Church today No Are you willing to do something about it but don't know where to begin This book will inspire you to pick up the torch of Arlene's lifetime mission to see hear know and experience women as equals in the Church and in today's society Arlene's work was pivotal in validating both the movement of Catholic feminism and like Betty Friedan the general role of women in society Through her studies of scripture Arlene emboldened the position of women in church scholarship condemning the prominence of male thought in philosophy theology and psychology Today people refer to certain social injustice as a glass ceiling when the author wrote this book in 1971 the ceiling was more like an unscalable mountain

The Laywoman Project Mary J. Henold, 2020-01-30 Summoning everyday Catholic laywomen to the forefront of twentieth century Catholic history Mary J Henold considers how these committed parishioners experienced their religion in the wake of Vatican II 1962-1965 This era saw major changes within the heavily patriarchal religious faith at the same time as an American feminist revolution caught fire Who was the Catholic woman for a new era Henold uncovers a vast archive of writing both intimate and public facing by hundreds of rank and file American laywomen active in national laywomen's groups including the National Council of Catholic Women the Catholic Daughters of America and the Daughters of Isabella These records evoke a formative period when laywomen played publicly with a surprising variety of ideas about their own position in the Catholic Church While marginalized near the bottom of the church hierarchy laywomen quietly but purposefully engaged both their religious and gender roles as changing circumstances called them into question Some eventually chose feminism while others rejected it but most Henold says crafted a middle position even conservative nonfeminist laywomen came to reject the idea that the church could adapt to the modern world while keeping women's status frozen in amber
