**The Macmillan Anthology of Australian Literature** Ken Leslie Goodwin, Alan Lawson, 1994 The Cambridge History of Australian Literature Peter Pierce, 2009-09-17 Draws on scholarship from leading figures in the field and spans Australian literary history from colonial origins indigenous and migrant literatures as well as representations of Asia and the Pacific and the role of literary culture in modern Australian society The Routledge Companion to Australian Literature Jessica Gildersleeve, 2020-12-22 In recent years Australian literature has experienced a revival of interest both domestically and internationally The increasing prominence of work by writers like Christos Tsiolkas heightened through television and film adaptation as well as the award of major international prizes to writers like Richard Flanagan and the development of new high profile prizes like the Stella Prize have all reinvigorated interest in Australian literature both at home and abroad This Companion emerges as a part of that reinvigoration considering anew the history and development of Australian literature and its key themes as well as tracing the transition of the field through those critical debates It considers works of Australian literature on their own terms as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres With an emphasis on literature's responsibilities this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with produces and is produced by its context provoking a critical re evaluation of the concept of the relationship between national literatures cultures and histories and the social function of literary texts

**The Cambridge Companion to Australian Literature** Elizabeth Webby, 2000-08-21 An indispensable reference for the study of Australian literature Teaching Australian Literature Brenton Doecke, Larissa McLean Davies, Philip Mead, 2011 What role should Australian literature play in the school curriculum What principles should guide our selection of Australian texts To what extent should concepts of the nation and a national identity frame the study of Australian writing What do we imagine Australian literature to be How do English teachers go about engaging their students in reading Australian texts This volume brings together teachers teacher educators creative writers and literary scholars in a joint inquiry that takes a fresh look at what it means to teach Australian literature The immediate occasion for the publication of these essays is the implementation of The Australian Curriculum English which several contributors subject to critical scrutiny In doing so they question the way that literature teaching is currently being constructed by standards based reforms not only in Australia but elsewhere The essays assembled in this

volume transcend the divisions that have sometimes marred debates about the place of Australian literature in the school curriculum. They all recognise the complexity of what secondary English teachers do in their efforts to engage young people in a rich and meaningful curriculum. They also highlight the need for both secondary and tertiary educators to cultivate an awareness of the cultural and intellectual traditions that mediate their professional practice and to encourage a critically responsive pedagogy.

**Bioregion and Indigeneity in Literary Imagination** Aleena Manoharan, 2023-06-16 This book highlights the representation of the interface between nature and culture in literary texts and argues that bioregional exegesis of indigenous literatures sensitizes us to place based cultural nuances and can contribute to alleviating the eco cultural apartheid of the modern era. Though the bioregional concept has been in vogue since 1970s it has not been adequately adopted into the field of literary criticism. This book is a comprehensive study on the concept of the bioregion and is distinctive in three ways. Firstly it argues that the bioregional concept hitherto used as a socio political tool can be theorized as an ecocritical tool to employ when reading literary works. Secondly it provides a detailed analysis of the concept of bioregion marking out its characteristic features. Thirdly in choosing to deal with Aboriginal plays the book again exhibits its distinctiveness in demonstrating how ecocritical concepts which hitherto have focused primarily on prose fictional works can be extended to magnify the scope of plays and performances.

**White Vanishing** Elspeth Tilley, 2012-01-01 The story of the vulnerable white person vanishing without trace into the harsh Australian landscape is a potent and compelling element in multiple genres of mainstream Australian culture. It has been sung in *Little Boy Lost* brought to life on the big screen in *Picnic at Hanging Rock* immortalized in Henry Lawson's poems of lost tramps and preserved in the history books tales of Leichhardt or Burke and Wills wandering in mad circles. A world wide audience has also witnessed the many layered and oddly strident nature of Australian disappearance symbolism in media coverage of contemporary disappearances such as those of Azaria Chamberlain and Peter Falconio. *White Vanishing* offers a revealing and challenging re examination of Australian disappearance mythology exposing the political utility at its core. Drawing on wide ranging examples of the white vanishing myth the book provides evidence that disappearance mythology encapsulates some of the most dominant and durable categories at the heart of white Australian culture and that many of those ideas have their origin in colonial mechanisms of inequality and oppression. *White Vanishing* deliberately and perhaps controversially reminds readers that while power is never absolute or irresistible some narrative threads carry a particularly authoritative inheritance of ideas and power relations through time.

*Douglas Stewart* Susan P. Ballyn Jenney, 1996 *The Oxford Companion to Australian Literature* William Henry Wilde, Joy W. Hooton, B. G. Andrews, 1994 Unique in its field exhaustive in scope the *Oxford Companion to Australian Literature* offers a comprehensive account of Australian writing from European settlement in 1788 to the 1990s. It presents the most important achievements in the fields of fiction poetry and drama and also covers non fictional prose in journals diaries biographies and autobiographies and the impact of key historical events on Australian
