Specialised Dictionaries for Learners Pedro A. Fuertes-Olivera, 2010-03-26 The need for constructing a lexicographical theory with a particular focus on specialised dictionaries for learners is well documented in recent publications This will imply paying attention to at least four basic lexicographic categories learners the learner s situation the learner s needs dictionary assistance In one or other way these categories are analysed in this book whose eleven chapters are grouped into three parts Part 1 reflects on some of the main ideas defended by the function theory of lexicography perhaps the theoretical framework that has paid more attention to specialised lexicography Part 2 presents some proposals that have already being explored in the field of general learner s dictionary and must be incorporated into specialised metalexicography cultural aspects figurative meaning the inclusion of

grammatical information the use of corpora Part 3 introduces the state of play regarding specialised dictionaries in China and offers some ideas for coping with the proliferation of terminological glossaries in Internet The book also describes Enrique Alcaraz s academic achievements together with some personal anecdotes and a personal short tribute to his memory

The Oxford Handbook of Lexicography Philip Durkin,2016 This volume provides concise authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products Leading scholars and professional lexicographers from all over the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice The book is divided into four parts reflecting the main types of lexicography Part I looks at synchronic dictionaries those for the general public monolingual dictionaries for second language learners and bilingual dictionaries Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively while chapters in Part IV examine specific topics such as description and prescription the representation of pronunciation and the practicalities of dictionary production The book ends with a chronology of the major events in the history of lexicography It will be a valuable resource for students scholars and practitioners in the field

Theory and Practice of Specialised Online Dictionaries Pedro A. Fuertes-Olivera,Sven Tarp,2014-06-18 This book is the first comprehensive monograph on the Function Theory of Lexicography which originated at the Aarhus School of Business Aarhus University Function Theory considers dictionaries to be tools that are constructed for assisting specific users with punctual needs in specific usage situations e g communicative oriented situations and cognitive oriented situations The book s main focus is on defending the independent academic status of lexicography and its corollary The process of designing compiling and updating specialised online dictionaries needs a theoretical framework that addresses general and specific aspects The former are common to all types of information tools the latter are mainly dependent on the media for which the information tool is constructed and their specific target users This books offers both aspects and moves from the highest level of abstraction to very detailed aspects of lexicographic work e g how to convert an originally conceived polyfunctional online dictionary into several monofunctional usage based ones The book illustrates that the theory and the methodology currently used by advocates of the Function Theory of Lexicography offers better results than other approaches and therefore makes its case for proposing the Function Theory for terminological terminographical work

Contemporary Corpus Linguistics Paul Baker,2012-03-15 Acts as a one volume resource providing an introduction to every aspect of corpus linguistics as it is being used at the moment

Discourse Markers in Native and Non-native English Discourse Simone Müller,2005-11-24 While discourse markers have been examined in some detail little is known about their usage by non native speakers This book provides valuable insights into the functions of four discourse markers so well you know and like in native and non native English discourse adding to both discourse marker literature and to studies in the pragmatics of learner language It presents a thorough analysis on the basis of a substantial parallel corpus of spoken

language In this corpus American students who are native speakers of English and German non native speakers of English retell and discuss a silent movie Each of the main chapters of the book is dedicated to one discourse marker giving a detailed analysis of the functions this discourse marker fulfills in the corpus and a quantitative comparison between the two speaker groups The book also develops a two level model of discourse marker functions comprising a textual and an interactional level

Innovation in Language Learning and Teaching Richard Smith,Tim Giesler,2023-06-15 By adopting a historical perspective this edited collection of papers takes a fresh look at a key concept in applied linguistics that of innovation A substantial introduction advocates historical re evaluation of this notion via exploration of its rise to prominence while the ten subsequent chapters present in depth case studies of apparently successful as well as ineffective innovation s from the early eighteenth to the late twentieth century Language learning teaching developments in Brazil China England France Germany and Italy are considered along with global innovations in language learner lexicography while the languages considered include Chinese English French Italian Latin Portuguese and Spanish Various types of primary source material are utilized illustrating the possibilities of applied linguistic historiography for both students and academics new to the field The book questions ideas of perpetual innovation and progress supporting the adoption of more critical perspectives on change and innovation in applied linguistics and language teaching
