Madam President Shattering The Last Glass Ceiling

Eleanor Clift, Tom Brazaitis

Madam President Shattering The Last Glass Ceiling:

Madam President Eleanor Clift, Tom Brazaitis, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company **Madam President** Eleanor Clift, Tom Brazaitis, 2000 Chronicles the history of women in politics and discusses how women have influenced elections and political decisions why there hasn't been a woman president and what the future holds for female politicians and voters *Madam President* Eleanor Clift, Tom Brazaitis, 2000 Highlighting all the key players from Elizabeth Dole to Hillary Clinton to Dianne Feinstein two Washington pundits offer a prescient forward looking history of women in politics that includes the prospect of a woman president in the next decade of photos

Electing Madam Vice President Nichola D. Gutgold, 2021-04-19 Electing Madam Vice President presents the presidential bids of the six women who ran for the Democratic nomination for President of the United States in 2020 and the historic groundbreaking vice presidential candidacy of Kamala Harris When Vice President Kamala Harris and her family moved into Number One Observatory Circle the official Vice Presidential residence of the United States she claimed a title no other women in the United States ever had Vice President She is closer to the United States presidency than any woman in history Yet she has repeated often that she is standing on the shoulders of women who have come before her to try to break down barriers including the United States Presidency Often left off the history pages and out of many Americans minds are the bids of women who run for president The 2020 Democratic primary included the most women ever to run in one election This book demonstrates the progress women candidates have made as they have moved from symbolic to viable candidates and shines a light on the diminishing obstacles that face women candidates while taking readers on a journey through the victorious progress of a woman United States Vice President Women in Politics Karen Zeinert, 2002-01-01 Examines the contributions women have made at every level of American politics throughout the history of the United States as well as the struggles they have encountered Woman President Kristina Horn Sheeler, Karrin Vasby Anderson, 2013-09-01 What elements of American political and rhetorical culture block the imagining and thus the electing of a woman as president Examining both major party and third party campaigns by women including the 2008 campaigns of Hillary Clinton and Sarah Palin the authors of Woman President Confronting Postfeminist Political Culture identify the factors that limit electoral possibilities for women Pundits have been predicting women's political ascendancy for years And yet although the 2008 presidential campaign featured Hillary Clinton as an early frontrunner for the Democratic presidential nomination and Sarah Palin as the first female Republican vice presidential nominee no woman has yet held either of the top two offices The reasons for this are complex and varied but the authors assert that the question certainly encompasses more than the shortcomings of women candidates or the demands of the particular political moment Instead the authors identify a pernicious backlash against women presidential candidates one that is expressed in both political and popular culture In Woman President Confronting Postfeminist Political Culture Kristina Horn Sheeler and Karrin Vasby Anderson provide a

discussion of US presidentiality as a unique rhetorical role Within that framework they review women s historical and contemporary presidential bids placing special emphasis on the 2008 campaign They also consider how presidentiality is framed in candidate oratory campaign journalism film and television digital media and political parody *Women for President* Erika Falk,2013-12-01 Newly updated to examine Hillary Clinton s formidable 2008 presidential campaign *Women for President* analyzes the gender bias the media has demonstrated in covering women candidates since the first woman ran for America s highest office in 1872 Tracing the campaigns of nine women who ran for president through 2008 Victoria Woodhull Belva Lockwood Margaret Chase Smith Shirley Chisholm Patricia Schroeder Lenora Fulani Elizabeth Dole Carol Moseley Braun and Hillary Clinton Erika Falk finds little progress in the fair treatment of women candidates The press portrays female candidates as unviable unnatural and incompetent and often ignores or belittles women instead of reporting their ideas and intent This thorough comparison of men s and women s campaigns reveals a worrisome trend of sexism in press coverage a trend that still persists today Selecting a President Eleanor Clift,Matthew Spieler,2012-05-22 The debut of a brand new civics series for high school seniors and college freshmen that clearly concisely and cleverly explains how the United States elects its president Selecting a President explains the nuts and bolts of our presidential electoral system while drawing on rich historical anecdotes from past campaigns Among the world s many democracies U S presidential elections are unique where presidential contenders embark on a grueling spectacular two year journey that begins in Iowa and New Hampshire and ends at 1600 Pennsylvania Avenue Modern presidential campaigns are a marked departure from the process envisioned by America s founders Yet while they ve evolved many of the basic structures of our original electoral system remain in place even as presidential elections have moved into the modern era with tools like Twitter and Facebook at their disposal they must still compete in an election governed by rules and mechanisms conceived in the late eighteenth century In this book Clift and Spieler demonstrate that presidential campaigns are exciting hugely important disillusioning at times but also inspiring In It to Win Lori Cox Han,2015-05-21 When will the United States elect its first woman president Many political observers believed that Hillary Clinton would win the White House in 2008 and many still believe she is a strong contender for 2016 Yet while many believe that electing the first woman president is not a question of if but who and when media speculation on the topic has yet to move it from an interesting talking point to political reality The question remains Just how close are we to breaking this final political glass ceiling By merging the two literatures of women and politics especially women as candidates and presidential campaigns and elections a winning strategy for women candidates can emerge by analyzing what political science research tells us from past campaigns and what we can expect in the future

The New York Times Book Reviews 2000 New York Times Staff,2001 This anthology examines *Love s Labours Lost* from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and

feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource Is Academic Feminism Dead? ,2000-10 How can feminist theory be made more relevant to the

very real struggles undertaken by women of all professions races classes and sexual orientations How can it be directed into more effective social activism and how is theory itself a form of practice Contagious Representation Frank C.

Thames,Margaret Susan Williams,2013-01-21 Women s participation in parliaments high courts and executive offices worldwide has reached record high numbers but this global increase in women s representation masks significant variation among different democratic political systems For example in December of 2009 Rwanda s legislature contained 56% women while the U S Congress contained only about 17% and the Japanese Diet had only 11% Since 2000 only twenty seven women have achieved executive office worldwide Contagious Representation is a comprehensive look at women s participation in all aspects of public life in the main democratic political institutions the executive the judiciary the legislature and within political parties Moving beyond studies of single countries and institutions Contagious Representation presents original data from 159 democratic countries spanning 50 years providing a comprehensive understanding of women in democracies worldwide The first volume to offer an analysis on all avenues for women s participation for such a lengthy time period Contagious Representation examines not only the causes of women s representation in the main democratic political institutions but also how women s representation in one institution affects the others Each chapter contains case studies and examples of the change in women s participation over time from around the world Thames and Williams definitively explain the rise decline or stagnant levels of women s political participation considering how representation is contagious across political institutions and gaining a better understanding of what factors affect women s political participation **Women**

and Politics Julie Dolan,Melissa M. Deckman,Michele L. Swers,2021-08-17 Women and Politics Paths to Power and Political Influence examines the role of women in politics from the early women s movements to the female politicians in power today The revised fourth edition includes a new preface analyzing the 2020 elections focusing on the historic victory of Kamala Harris and the gendered and racist critiques she endured on the campaign trail recognition of the centennial of women s suffrage with greater attention to Black and Indigenous women s often overlooked contributions to the fight for suffrage and expanded rightselection results from the historic 2020 elections when more women filed congressional candidacies than ever before and women s numbers in both Congress and state legislatures reached record highs analysis of the gender gap in voting in 2020 focusing on both race and gender updates reflecting President Biden s historic cabinet picks including Deb Haaland as the first Native American to lead the Department of the Interior and Janet Yellen as the first woman to lead the Treasury Department coverage of the death of Supreme Court Justice Ruth Bader Ginsburg and the nomination and confirmation of her replacement Amy Coney Barrett **White House Studies Compendium** Robert W. Watson,2007

brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index Preface *The Political Junkie Handbook* Michael Crane,2004 This easy to use book is designed to inform the American public about the political system that influences much of their lives Women in the American Political System Dianne G. Bystrom,Barbara Burrell,2018-12-01 This book examines how women candidates voters and office holders shape U S political processes and institutions lending their perspectives to gradually evolve American life and values This book provides an encyclopedic sourcebook on the evolution of women s involvement in American politics from the colonial era to the present covering all of the individuals organizations cultural forces political issues and legal decisions that have collectively served to elevate the role of women at the ballot box on the campaign trail in Washington and in state and city level political offices across the country The in depth essays document and examine the rising prominence of women as voters candidates public officials and lawmakers enabling readers to understand how U S political processes and institutions have been and will continue to be shaped by women and their perspectives on American life and values The entries cover a range of women politicians and officials female activists and media figures relevant organizations and interest groups such as Emily s List League of Women Voters and National Right to Life key laws court cases and events such as the Nineteenth Amendment the Equal Rights Amendment the Seneca Falls Convention the passage of Title IX and Roe v Wade and other topics like media coverage of appearance women s roles as campaign strategists fundraisers gender differences in policy priorities and the gender gap in political ambitions The text is supplemented by sidebars that highlight selected landmarks in women s political history in the United States such as the 2012 election of Tammy Baldwin the first openly gay U S senator *When Women Win* Ellen R. Malcolm,Craig Unger,2016-03-08 A behind the scenes look at the organization that transformed Congress and became a force for female empowerment In 1985 aware of the near total absence of women in Congress Ellen Malcolm launched EMILY s List a powerhouse political organization that seeks to ignite change by getting women elected to office The rest is history Since then EMILY s List has helped elect 23 women senators 12 governors and 116 Democratic women to the House When Women Win delivers stories of some of the toughest political contests of the past three decades including the historic victory of Barbara Mikulski as the first Democratic woman elected to the Senate in her own right and Elizabeth Warren s dramatic Senate win It is both a page turning political drama and an important look at the effects of women s engagement in politics *First Ladies* Betty Caroli,2010-07-15 Betty Boyd Caroli s engrossing and informative First Ladies is both a captivating read and an essential resource for anyone interested in the role of America s First Ladies This expanded and updated fourth edition includes Laura Bush s tenure Hillary Clinton s 2008 presidential bid and an in depth look at Michelle Obama one of the most charismatic and appealing First Ladies in recent history Covering all forty one women from Martha Washington to Michelle Obama and including the daughters daughters in law and sisters of

presidents who sometimes served as First Ladies Caroli explores each woman s background marriage and accomplishments and failures in office This remarkably diverse lot included Abigail Adams whose remember the ladies became a twentieth century feminist refrain Jane Pierce who prayed her husband would lose the election Helen Taft who insisted on living in the White House although her husband would have preferred a judgeship Eleanor Roosevelt who epitomized the politically involved First Lady and Pat Nixon who perfected what some have called the robot image They ranged in age from early 20s to late 60s some received superb educations for their time while others had little or no schooling Including the courageous and adventurous the emotionally unstable the ambitious and the reserved these women often did not fit the traditional expectations of a presidential helpmate Here then is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture These women left remarkably complete records and their stories offer us a window through which to view not only this particular sorority of women but also American women in general Impressive Caroli s profiles and observations of American first ladies and their relationship to the media are intelligent and perceptive Philadelphia Inquirer

He Runs, She Runs Deborah Jordan Brooks, 2013-07-21 While there are far more women in public office today than in previous eras women are still vastly underrepresented in this area relative to men Conventional wisdom suggests that a key reason is because female candidates start out at a disadvantage with the public compared to male candidates and then face higher standards for their behavior and qualifications as they campaign He Runs She Runs is the first comprehensive study of these dynamics and demonstrates that the conventional wisdom is wrong With rich contextual background and a wealth of findings Deborah Jordan Brooks examines whether various behaviors such as crying acting tough displays of anger or knowledge gaffes by male and female political candidates are regarded differently by the public Refuting the idea of double standards in campaigns Brooks s overall analysis indicates that female candidates do not get penalized disproportionately for various behaviors nor do they face any double bind regarding femininity and toughness Brooks also reveals that before campaigning begins women do not start out at a disadvantage due to gender stereotypes In fact Brooks shows that people only make gendered assumptions about candidates who are new to politics and those stereotypes benefit rather than hurt women candidates Proving that it is no more challenging for female political candidates today to win over the public than it is for their male counterparts He Runs She Runs makes clear that we need to look beyond public attitudes to understand why more women are not in office

Politics and the Media Jane Hall, 2021-07-21 From the roles of race and gender in American politics to the 2020 elections and the global coronavirus pandemic Politics and the Media Intersections and New Directions examines how media and political institutions interact to shape public thinking and debates around social problems cultural norms and policies
