**Made in Sweden** Elisabeth Åsbrink, 2019-04-30 What are the real Swedish Values Who is the real Swedish Model In recent times we have come to favour all things Scandi their food furnishings fiction fashion and general way of life We seem to regard the Swedes and their Scandinavian neighbours as altogether more sophisticated admirable and evolved than us We have all aspired to be Swedish to live in their perfectly designed society from the future But what if we have invested all our faith in a fantasy What if Sweden has in fact never been as moderate egalitarian dignified or tolerant as it would like to have us think The recent rise to political prominence of an openly neo Nazi party has begun to crack the illusion and here now is Swede Elisabeth Åsbrink who loves her country but not blindly presenting twenty five of her nation's key words and icons afresh in order to give the world a clearer eyed understanding of this fascinating country

**Sweden vs Apartheid** Abdul Karim Bangura, 2017-11-28 Sweden vs Apartheid examines the effort by the Swedish government and civil society in Sweden to abolish the system of apartheid that was instituted in South Africa in 1948 There

are many reasons why this book is important It explores the foreign policy posture of a state looks at Sweden s neutrality policy which embraced the idea of international solidarity with weaker states and groups and examines the first Western state to adopt an active anti apartheid stance when such a position was quite unpopular in the West The analysis blends both international relations and comparative political approaches to take a critical look at the role played by Sweden in the defeat of the apartheid system     The Development of Commerce Between the United States and Sweden, 1870-1925 Frederick

Peterson,2014-08-21 For a hundred years Sweden was the international military power of Northern Europe in control of the entire Baltic region and among the first to colonize in Africa and America But the history of Sweden Finland the Baltic States Poland and Prussia is largely neglected in American classrooms and scholarship This book fills a large void in European history as it is generally presented to the American student and reader This narrative covers Sweden s Age of Greatness 1632 1718 and the warrior kings who governed that age It chronologically describes the political and religious events of the sixteenth and seventeenth centuries and reveals how these events produced the climate for European global expansion including the exploration and colonization of the New World The story traces history through the reigns of Sweden s ambitious rulers beginning with the presumably Swedish Goths who ravaged the Roman Empire in the 2nd century CE and continuing through the end of the empire in the early eighteenth century A thorough epilogue documents the cultural flowering in the arts and sciences that commenced in the Age of Greatness and continued to blossom in the centuries that followed This final section of the book pays special attention to the personalities that drove Sweden s far reaching cultural progress     *The complete travel guide for Sweden* , At YouGuide we are dedicated to bringing you the finest travel guides
