This elite investigative team is launched with plenty of public fanfare. The governor has made this initiative a high priority so they will have to produce results and quickly. Evie and her new partner David Marshal are assigned to a pair of unrelated cases in suburban Chicago and while both involve persons now missing for several years, the cases couldn't be more different. While Evie opens old wounds in a close-knit neighborhood to find a missing college student, David searches for a private investigator working for a high-powered client. With a deep conviction that justice for all truly matters, Evie and David are unrelenting in their search for the truth. But Evie must also find answers to the questions that lie just beneath the surface in her personal life.      *The Royal National Eisteddfod of Wales, Cardiff, 1899, July, 1899*      David Lloyd George John Hugh Edwards, 1929      Transactions of the Highland and Agricultural Society of Scotland Highland and Agricultural Society of Scotland, 1874      *Quantum Entanglement* Liesel K. Hill, 2014-01-05 Watching the gradual enslavement of humanity in fast motion isn't Maggie's idea of an adventure. Five months after events on a Pacific island, Maggie waits for Marcus and the team to return. The people who finally show up to collect her aren't who she expected. Maggie yearns to return to Marcus and help the team bring down the collectives. A snake woman who can somehow cancel Maggie's powers, an injured Traveler, and the complications of leapfrogging through decades of civil unrest conspire to stop her. In other times and places, the collectives coalesce, power shifts, and the one called B puts sinister plans into action. Maggie must outsmart him long enough to return to Interchron or her individuality, perhaps her very identity, will be ripped away. Again, stand out or fade away. A dystopian saga where the romance, the action, and the stakes are pushed exponentially higher. The action grabs you right from the beginning and refuses to let you go.
