lives of Leonardo his father Lisa Gherardini the subject of the portrait and her husband Francesco del Giocondo From this factual beginning we see how the painting metamorphosed into a universal picture that became the prime vehicle for Leonardo s prodigious knowledge of the human and natural worlds We learn about the new money of the ambitious merchant who married into the old gentry of Lisa s family We discover Lisa s life as a wife and mother her association with sexual scandals and her later life in a convent We meet for the first time previously undiscovered members of Leonardo s immediate family and discover new information about his early life The tiny hill town of Vinci is placed before us with its widespread poverty We find out about the career and possessions of his father a notable lawyer in Florence The meaning of the portrait that resulted from these human circumstances is vividly illuminated though Renaissance love poetry and verses specifically dedicated to Leonardo We come to understand how Leonardo s sciences of optics psychology anatomy and geology are embraced in his poetic science of art Recent scientific examinations of the painting disclose how it evolved to assume its present appearance in Leonardo s experimental hands Above all we cut through the suppositions and the myths to show that the portrait is a product of real people in a real place at a real time This is the book that brings back a sense of reality into the creation of the portrait of Lisa del Giocondo And the actual Mona Lisa it turns out is even more astonishing and transcendent than the Mona Lisa of legend
