## **Monarquía Republica 7 Franquismo:**

**Una monarquía corrupta y heredera del franquismo** Manuel Monge, 2021-02-08 La monarquía tiene un virus de origen la designación de Juan Carlos Borbón por el dictador Franco como su sucesor El rey Juan Carlos nunca condenó la dictadura criminal de Franco En sus discursos juraba fidelidad al Caudillo y aceptaba la legitimidad política surgida del 18 de julio de 1936 una dictadura que se impone después de una sublevación militar y fascista La monarquía está blindada a nivel informativo y hay una consigna general de los poderes fácticos que ejecutan los sucesivos gobiernos desde hace 45 años Todos con Felipe VI salvemos la Corona Avanza la exigencia de que la ciudadanía pueda decidir democráticamente en referéndum sobre la forma de Estado monarquía o república y todas las encuestas indican que las personas menores de 45 años están claramente por la república Muchos ayuntamientos y comunidades autónomas comienzan a retirar calles retratos y distinciones al rey Juan Carlos I inmerecido que aumenta según se van conociendo nuevos casos de corrupción Avanza también la Unidad Popular por la República con la presentación de numerosas iniciativas y la constitución de plataformas cívicas El rey Juan Carlos I reconoce a través de su abogado que defrauda a Hacienda y que va a regularizar su situación fiscal desde 2014 De las comisiones fundaciones cuentas en el extranjero y maletines durante sus 39 años de reinado no está preocupado porque para eso está el Tribunal Supremo que declaró su inviolabilidad hasta 2014 y que además todo está prescrito Es esta la Marca España que pretenden difundir por el mundo [Britain and the Spanish Anti-Franco Opposition](#) D. Dunthorn, 2000-10-06 After fascism's defeat in 1945 Britain did not cooperate with Franco's Spanish opponents to end his dictatorship This study demonstrates how divisions in the Spanish opposition were one factor but argues that Britain's strategic and commercial interests in Spain also acted as a disincentive Only when international pressure for sanctions threatened Iberian stability in 1947 did the British government turn to the Spanish opposition With the advent of the Cold War however the opposition became irrelevant to British needs and Franco's survival was guaranteed **Exhuming Franco** Sebastiaan Faber, 2021-04-15 Through dozens of interviews intensive reporting and deep research and analysis Sebastiaan Faber sets out to understand what remains of Francisco Franco's legacy in Spain today Faber's work is grounded in heavy scholarship but the book is an engaging accessible introduction to a national conversation about fascism Spurred by the disinterment of the dictator in 2019 Faber finds that Spain is still deeply affected and divided by the dictatorial legacies of Francoism This new edition with additional interviews and a new introduction illuminates the dangers of the rise of right wing nationalist revisionism by using Spain as a case study for how nations face or don't face difficult questions about their past [El exilio valenciano en América. Obra y memoria](#) María Fernanda Mancebo, 1995 Quizás resulte hoy demasiado evidente recordar que el fenómeno exilio emigración es uno de los hechos más crueles que se abaten periódicamente sobre la pacífica convivencia de los pueblos Y de ello saben mucho los miles de valencianos que tuvieron que refugiarse en América para seguir defendiendo las ideas de progreso y de libertad tras la derrota de la democracia republicana Valencianos anónimos y valencianos con una

biografía profesional artística o intelectual reconocida algunos de los cuales se encontraban en la etapa más fructífera y productiva de sus vidas y representaban una parte substancial del núcleo dirigente intelectual del País Valenciano de los años treinta. Debieron rehacer sus vidas en México, Argentina, Chile, Cuba o Francia dejando tras de sí una huella que la sociedad valenciana tardaría lustros en reencontrar. Valencianos además que estuvieron en disposición de servir a los países que los recibieron y aceptaron con sus aportaciones intelectuales, docentes, artísticas o económicas. Nombres como los de Max Aub, José Puche, Santiago Genovés, Pasqual Plá, Beltrán José, Ricardo Morales, Guillermina Medrano de Supev, Vicente Lloréns. Evidentemente las vicisitudes de los exiliados son irre recuperables. Pero si podemos rescatar su memoria y su obra a fin de que nuestra historia colectiva esté completa y no injustamente privada de una parte importante como ha ocurrido durante demasiados años.

**Los secretos del franquismo** Eduardo Martín de Pozuelo, 2007

**The Spanish Civil War** Burnett Bolloten, 2015-12-01. This monumental book offers a comprehensive history and analysis of Republican political life during the Spanish Civil War. Completed by Burnett Bolloten just before his death in 1987 and first published in English in 1991, *The Spanish Civil War* is the culmination of fifty years of dedicated and painstaking research and is the most exhaustive study on the subject in any language. It has been regarded as the authoritative political history of the war and an indispensable encyclopedic guide to Republican affairs during the Spanish conflict. This new edition includes a new introduction by Spanish Civil War scholar George Esenwein, an updated bibliography featuring books on the Spanish Civil War published since 1987, and seventy-three photos of the war's participants.

**Los traidores de la Guerra Civil** Francisco Olaya Morales, 2005

La Universidad de Valencia. De la Monarquía a la República (1919-1939) María Fernanda Mancebo, 1994. Este libro contempla la situación de la Universitat de València en los años de la dictadura de Primo de Rivera y la conciencia crítica de sus estudiantes orientados por lo mejor del profesorado. Los esfuerzos que realizaron durante la República para hacer frente a lo que tan justamente se ha llamado el asalto a la razón. Sin embargo, lo que quisiera destacar es un rasgo esencial de esta historia de la universidad: la consideración del criterio utilizado por la autora sin que el análisis se confunda con la fragmentación y con el explícito objetivo de proporcionar una síntesis. Así atiende al contexto cultural y político los intentos de modernización, el desfase entre lo escaso de la financiación de la universidad y sus necesidades crecientes que paraliza o retrasa aquellos intentos. Los problemas específicos de las facultades y un acercamiento a la biografía colectiva de sus profesores. En resumen, una investigación de historia cultural tratada en su relación constante con la historia social.

**Monarquía o república** Arnaldo F. Santos Sanz, 2005

**Monarquía y república en la España contemporánea** Angeles Lario, 2007. En este libro se recogen las ponencias adaptadas para su publicación del Congreso que tuvo lugar en la UNED y el Centro de Estudios Políticos y Constitucionales en mayo de 2006. Con ellas se abarca el proceso político que tuvo lugar en España desde la revolución de 1808 hasta la Democracia actual.

**Historia del Ejército español y de su intervención política** Francisco Alía Miranda, 2018-05-22. Por qué el Ejército ha resultado tan determinante en la política española contemporánea cuando les han sido las

formas de intervención más o menos visibles como es posible que en España el protagonismo de los militares haya sido más trascendental que en otros países de su entorno. Este libro prologado por Fernando Puell da respuesta a estos y otros interrogantes. Durante el siglo XIX la principal forma de intervencionismo militar fue el pronunciamiento pero a diferencia de lo que sucederá en el siglo XX su objetivo no era sustituir el poder civil por el militar. Así se instauró el régimen de la Restauración que terminó con el primer golpe de Estado del siglo XX el de Miguel Primo de Rivera. Desde entonces los militares han mostrado una gran influencia en la sociedad poniendo fin a regímenes políticos como el de la Segunda República gobernando directa o indirectamente como en la dictadura franquista o adquiriendo un destacado protagonismo en el control social. Tras el franquismo el proceso de transición a la democracia se vio de nuevo amenazado con el golpe de Estado del 23-F.

**El franquismo** Alvaro Ferrary, 1993 **"La paz de Franco", la posguerra en Málaga** Cristian Matías Cerón Torreblanca, 2007 **El sujeto el exilio** Christine Arkinstall, 2023-08-21 La poesía española disidente de la posguerra civil y su relación con el tema del exilio es el foco de estudio de este libro. Al situar tal poesía firmemente en su contexto sociohistórico se pretende ampliar la crítica de dicho campo tradicionalmente dada a considerar las posibles preocupaciones metafísicas y estéticas de los poetas. Tomando como marco de referencia la teoría literaria contemporánea con especial énfasis en los modelos psicoanalíticos y marxistas se analiza la obra de tres poetas en particular Francisco Brines, José Ángel Valente y José Manuel Caballero Bonald. Partiendo de la premisa que el discurso hegemónico idealista del franquismo ha exiliado a los poetas de su cuerpo material sea en un sentido físico lingüístico o sociohistórico se deslinda cómo efectúan su revolución mediante la creación poética la cual abre la monología oficial al diálogo heterogéneo. A fin de subrayar las diferencias visibles entre la obra proveniente de un período de represión y la de una poca democrática se examina también la poesía producida por Brines, Valente y Caballero Bonald con posterioridad al franquismo.

*El personal político de Franco (1936-1945)* C. Viver Pi-Sunyer, 1978 **Juan Carlos** Paul Preston, 2004-06-29 Preston explores the political and personal mysteries of the former Spanish monarch's life in a story of unprecedented sweep and exquisite detail which is at once a history of modern Spain and an indispensable exegesis of how democracies come to be.

Los nacionalismos vasco y catalán en la Guerra Civil, el franquismo y la democracia Pío Moa, 2013 *The Spanish Civil War* Burnett Bolloten, 1991 A detailed account of the war describes Republican political life during the period and recounts the rise of the Spanish Communist Party.

**De cómo se improvisó el franquismo durante la Guerra Civil** Concha Langa Nuño, 2007 La autora analiza la íntima relación existente entre prensa y franquismo a partir de esta conocida cabecera. La elección de ABC de Sevilla viene de la observación del valor como fuente que adquirió en el momento de la crisis política más importante de la reciente historia española. Es indudable que el diario ABC en sus dos ediciones de Madrid y Sevilla ocupa un lugar notable en la historia española del siglo XX. Y sin embargo es la etapa vivida entre 1936 y 1939 una de las más interesantes de su existencia porque además de ser posiblemente la única ocasión en que una misma cabecera se publica en dos bandos enfrentados en una guerra.

su edición sevillana alcanzó un mérito que notorio protagonismo en el territorio ocupado por las tropas sublevadas. **Os Borbóns: unha monarquía escandalosa** MANUEL MONGE, 2016-03-29 Este libro fala do que non se pode dicir nin divulgar: temos unha monarquía corrupta cunha tradición de reis e raíñas implicados en negocios que utilizaron o trono para o seu enriquecemento.
