Drushel, 2020-12-17 Recent decades have seen remarkable changes in the cultural visibility legal status and social acceptance of LGBTQ people from positive representations of queerness in television series like *The L Word* and *Will Grace* to films about queer intersectionality like *Moonlight* to openly gay and lesbian elected officials and leaders in the business community to the end of anti sodomy laws and marriage discrimination With these advances have come assimilation of the queer subculture into the mainstream and with it loss of both some of the stigmatization of non heteronormativity and the very cornerstones of the distinctiveness of LGBTQ communities including queer neighbourhoods bars and nightclubs bookstores publications and other queer businesses Queer couples and their children are migrating from LGBTQ enclaves to neighbourhoods with better schools queer singles meet in virtual spaces rather than in bars and LGBTQ bookstores and community centres once the hub of queer communities are closing replaced by Amazon.com and social media These changes raise the question of how LGBTQ culture is changing and whether like many assimilated subcultures before it it may be in fact endangered This book examines these seismic changes their sociological and cultural implications reminisces about what has been lost and gained and hints at what the future may hold for LGBTQ people The chapters in this book were originally published in a special issue of the *Journal of Homosexuality* *Mainstreaming Gays* Eve Ng, 2023-09-15 *Mainstreaming Gays* discusses a key transitional period linking the eras of legacy and streaming analyzing how queer production and interaction that had earlier occurred outside the mainstream was transformed by multiple converging trends the emergence of digital media the rising influence of fan cultures and increasing interest in LGBTQ content within commercial media The U.S. networks Bravo and Logo broke new ground in the early 2000s and 2010s with their channel programming as well as bringing in a new cohort of LGBTQ digital content creators providing unprecedented opportunities for independent queer producers and hosting distinctive spaces for queer interaction online centered on pop culture and politics rather than dating These developments constituted the ground from which recent developments for LGBTQ content and queer sociality online have emerged *Mainstreaming Gays* is critical reading for those interested in media production fandom subcultures and LGBTQ digital media All the Rage Suzanna Danuta Walters, 2001-10-01 Splashed against the tumultuous Clinton years and framed by the clash between gay political

might and anti gay activism All the Rage presents the first authoritative guide to the new gay visibility From the public outing of Ellen DeGeneres to the vicious murder of Matthew Shepard gay lives and images have moved onto the center stage of American public life Lesbians and gay men are indeed everywhere from television sitcoms to Budweiser ads from the White House to the Magic Kingdom Combining personal stories with incisive analysis Suzanna Danuta Walters chronicles this historic moment in our culture arguing that we live in a time when gays are seen but not necessarily known Many consider the new gay visibility a sign of social acceptance while others charge that it is mere window dressing obscuring the dogged persistence of discrimination Walters moves beyond these positions and instead argues that these realities coexist gays are simultaneously depicted as the sign of social decay and the chic flavor of the month Taking on the common wisdom that visibility means progress All the Rage maps the terrain on which gays are accepted as witty accessories in movies gain access to political power and yet still fall into constrictive stereotypes Walters warns us with clarity and wit of the pitfalls of equating visibility with full integration into the fabric of American society From the playful TV fantasies of lesbian weddings on Friends to the very real obstacles confronting gay marriage from the award winning comedy Will Grace to Bible thumping radio superhost Dr Laura All the Rage takes on naive celebrants and jaded naysayers alike With a sophisticated mix of caution and optimism it provides an illuminating guide through these exciting controversial times

A Queer Romance

Colin Richardson,1995-01 It s here and it s queer popular culture inhabits all our lives whether it comes in the form of movies or magazines TV or shopping A Queer Romance brings together critics writers and artists to debate the possibilities of popular culture for lesbians and gay men In a collection that is in yer face but never out to lunch the contributors variously visit debates about the gaze to provide a new theory of Queer viewing discuss texts coded as queer from lesbian vampires to Hollywood s use of gay codes in mainstream films such as Top Gun and Black Widow discover whether Sandra Bernhard is really a black man masquerading as a Jewish dominatrix consider the sexual and cultural narratives at play in the world of home shopping catalogues explore the pleasures and perils of gay cultural production from the radically queer film making of Monika Treut to the wild world of homocore fanzines and address the possibilities of texts claiming to be for the gay spectator from pornography by women for women and about women to Out TV The contributors to A Queer Romance don t all agree but taken together the collection argues strongly that everyone can have their queer moments

Who Needs Gay Bars?

Greggor Mattson,2023-05-30 Gay bars have been closing by the hundreds The story goes that increasing mainstream acceptance of LGBTQ people plus dating apps like Grindr and Tinder have rendered these spaces obsolete Beyond that rampant gentrification in big cities has pushed gay bars out of the neighborhoods they helped make hip Who Needs Gay Bars considers these narratives accepting that the answer for some might be maybe nobody And yet Jarred by the closing of his favorite local watering hole in Cleveland Ohio Greggor Mattson embarks on a journey across the country to paint a much more complex picture of the cultural significance of these spaces inside big four gay cities but also beyond them No longer

the only places for their patrons to socialize openly Mattson finds in them instead a continuously evolving symbol a physical place for feeling and challenging the beating pulse of sexual progress From the historical archives of Seattle s Garden of Allah to the outpost bars in Texas Missouri or Florida that serve as community hubs for queer youth these are places of celebration where the next drag superstar from Alaska or Oklahoma may be discovered They are also fraught grounds for confronting the racial and gender politics within and without the LGBTQ community The question that frames this story is not asking whether these spaces are needed but for whom earnestly exploring the diversity of folks and purposes they serve today Loosely informed by the Damron Guide the so called Green Book of gay travel Mattson logged 10 000 miles on the road to all corners of the United States His destinations are sometimes thriving sometimes struggling but all offering intimate views of the wide range of gay experience in America POC white trans cis past present and future
