### **The Foundations of Islamic Economics and Banking**

Abdulrahman Haitham Shoukat Kabbara,2014-05-23 The first part of this book is designed to display the sources and principles of economics and trade transactions in the Islamic community It analyzes the judicial injunctions against riba and proves that riba including interest is prohibited Basing the argument on theoretical Quran and Sunna as well as the customary practice during the life of the messenger of God in Mekka and Al Madina Notably the Islamic teachings covers both the worldly and religious affairs This is a very revealing indication that Islam does not only regulate the relations of the human beings with God but also extends to regulating i the relationship of the ruler with the ruled through al shura and ii economic and financial transactions in the market Notable among these transactions a the abolition of riba and instigating interest free economy b providing the basic needs of society c achieving social justice by applying zakat levy and other ordinances and last but not least inheritance law and redistribution of State land for public benefits The second and third part of the book explains and proves that prohibition of riba does not circumvent trade or paralyze the economy On the contrary by eliminating injustice inherent in riba the banking system will be liberated from discrepancies and the economy will perform more efficiently by mitigating the evils of riba

**Multilateralism in Peril** Chien-Huei Wu, Frank Gaenssmantel, Francesco Giumelli,2022-09-09 This collaborative work brings together international lawyers and political scientists to explore whether and how the retreat of the US and the simultaneous rise of China affect the dynamics of multilateralism to which the EU claims to adhere It focuses on the trilateral interaction between these three actors and the policy impact their interactions have in specific multilateral settings and examines cooperation competition and confrontation of these three actors in key international organizations such as the WTO UNESCO Human Rights Council and UNCLOS NATO the ASEAN Regional Forum and the World Health Organization in times of Covid 19 It also addresses their approaches and attitudes toward international humanitarian norms and the peace process in the Middle East This book offers an insightful exploration of the future of multilateralism under the impact of the Trump administration and probes the future of the liberal international order It will provide excellent reading material on current affairs for both graduate and undergraduate students in international law and international relations in particular for courses relating to international organization multilateralism or the US China and the EU in international affairs For experienced researchers the book proposes in depth studies that relate to major debates in the disciplines of international law and international relations

**Contemporary Concept of Monetary Sovereignty** Claus D. Zimmermann, 2013-11-07 Monetary sovereignty is a crucial legal concept dictating that states have sovereignty over their own monetary financial and fiscal affairs However it does not feature as part of any key instruments of international law including the Articles of Agreement of the International Monetary Fund Rather it has remained a somewhat separate notion developed under contemporary international law from an assertion of the former Permanent Court of International Justice in 1929 As a consequence of globalization and increasing financial integration and a worldwide trend towards the creation of economic and monetary unions the principle of monetary sovereignty has undergone significant change This book examines this evolution in detail and provides a conceptual framework to demonstrate what this means for the legal and economic challenges faced by the international community The book examines the historic origins and evolution of the concept of monetary sovereignty putting it into the context of broader concepts of sovereignty It argues that monetary sovereignty remains relevant as a dynamic legal concept with both positive and normative components It investigates the continuing hybridization of international monetary law resulting from changes to its formal and material sources It then examines the complex phenomenon of exchange rate misalignment under international monetary and trade law and the increasing regionalization of monetary sovereignty notably in light of the

European sovereign debt crisis Finally it assesses the role the concept of monetary sovereignty can play in the reorganization of international finance following the recent global financial crisis **The East Africa Financial System** Mugerwa, Paul, 2017-07-20 In this century regional integration is taking a new shape in Africa This book provides a deeper analysis of the EAC Financial Institutions the Commodity a break down of EAC Financial Infrastructure Risks and an exploration of EAC financial system players Finally the writer proposes an efficient and Integrated Financial System model that would work for the EAC economies to achieve regional and global competitiveness **Netherlands Yearbook of International Law 2021** Daniëlla Dam-de Jong, Fabian Amtenbrink, 2023-04-27 This book engages with international legal responses to the global environmental crisis Humanity faces a triple planetary crisis consisting of the interlinked problems of climate change depletion of biological diversity and pollution The chapters in this volume of the Netherlands Yearbook of International Law address important questions of how and to what extent these environmental concerns have been integrated into international law who or what drives these developments and what all of this tells us about international law s ability to tackle the challenges that a deteriorating environment brings for the future of life on Earth The strength of the volume is that it brings together a wide range of perspectives on the greening phenomenon in international law It includes perspectives from international environmental law human rights law investment law financial law humanitarian law and criminal law Moreover it raises important questions regarding the validity of the predominant approach in international law to the protection of nature By providing such a wide range of perspectives on international legal responses or lack thereof to the environmental crisis the volume seeks to engage scholars and practitioners from a variety of disciplines It invites readers to compare the state of the art across disciplines and to reflect on ways to strengthen international law s responses to the environmental crisis Furthermore as has become standard for the Netherlands Yearbook of International Law the second part consists of a section on Dutch practice in international law The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law Chapter 3 is available open access under a Creative Commons Attribution 4 0 International License via [link.springer.com](https://link.springer.com) **Financial Soundness Indicators** International Monetary Fund, 2006-04-04 Financial Soundness Indicators FSIs are measures that indicate the current financial health and soundness of a country s financial institutions and their corporate and household counterparts FSIs include both aggregated individual institution data and indicators that are representative of the markets in which the financial institutions operate FSIs are calculated and disseminated for the purpose of supporting macroprudential analysis the assessment and surveillance of the strengths and vulnerabilities of financial systems with a view to strengthening financial stability and limiting the likelihood of financial crises Financial Soundness Indicators Compilation Guide is intended to give guidance on the concepts sources and compilation and dissemination techniques underlying FSIs to encourage the use and cross country comparison of these data and thereby to support national and international surveillance
