The Bundesbank Myth J. Leaman,2000-12-18 Until recently central bank independence was confined to just two major capitalist countries the USA and Germany As a result of stagflation and the vogueish espousal of neo liberalism in the 1980s the institution has been adopted in most OECD and in many other countries

This book questions the principle of autonomy examining the Bundesbank in historical context and exposing the flaws in both the technical and the political case for the wholesale adoption of the Bundesbank model by other states **Structural Adjustment in Africa** Bonnie Campbell, John Loxley, 1989-11-24 Providing overviews of states and sectors classes and companies in the new international division of labour this series treats polity economy dialectics at global regional and national levels This volume in the series looks at the complexities of structural adjustment in Africa **America Inc. - The Rise and Fall of a Civil Democracy** Keith Edmonds, 2010-01-01 The book outlines the eradication of democratic freedoms and the emptiness that pervades postmodern existence combining psychodynamic theories of human behaviour with the politics of consumption The stark contrast between a representative democracy and our current form of governance is highlighted throughout the book as corporations have become remarkably adept at creating needs perceived needs by convincing consumers that self fulfilment resides in the purchase of the latest Lexus iPod Blackberry antidepressant or diet plan The reader will gain an appreciable understanding of the forces that shape our behaviour and the inadequacy of a democratic institution based on the promotion of special interests and the empty promises of political talking heads

Apostles of Development David C. Engerman, 2025-05-30 The battle against global poverty that began after World War II was a major undertaking engaging economists engineers and organizations Featuring front and centre were six remarkable economists Amartya Sen Manmohan Singh Mahbub ul Haq Jagdish Bhagwati Rehman Sobhan and Lal Jayawardena all born as colonial subjects in the British Empire and studied at Cambridge University They represented a new figure on the world scene the Third World development expert and played a crucial role in global debates about poverty and development Apostles of Development examines their different economic doctrines and the ongoing debate surrounding economic theory in poor countries compared to rich ones The lives of these apostles reveal how development did not begin with textbooks but with real world attempts to solve very specific and pressing problems Finally the book emphasizes that development was a Global South project first and foremost aiming to improve the conditions of the world's poorest countries It challenges the conventional wisdom that sees development only as a tool of rich countries to dominate or as proof of their humanitarian spirit It argues that development succeeds not when it follows ideological prescriptions but when it looks for what works The fading of grand visions shaped by ideological concerns has been one of the lasting effects of the end of the Cold War The book argues that the best way forward is determined modesty focusing on practical matters such as addressing gross inequality and insisting that development means more than just economic growth Given the salience of questions of economic inequality and the constant visibility of the promises and problems of economic development in the world today this is a timely and important read ***Law and Regulation of Commercial Mining of Minerals in Outer Space*** Ricky Lee, 2012-03-05 This monograph addresses the legal and policy issues relating to the commercial exploitation of natural resources in outer space It begins by establishing the economic necessity and technical feasibility of space mining today an

estimate of the financial commitments required followed by a risk analysis of a commercial mining venture in space identifying the economic and legal risks This leads to the recognition that the legal risks must be minimised to enable such projects to be financed This is followed by a discussion of the principles of international space law particularly dealing with state responsibility and international liability as well as some of the issues arising from space mining activities Much detail is devoted to the analysis of the content of the common heritage of mankind doctrine The monograph then attempts to balance such interests in creating a legal and policy compromise to create a new regulatory regime **International Financial**

Policy Mr. Jacob A. Frenkel, Mr. Morris Goldstein, 1991-09-15 During his distinguished career at the IMF Jacques J Polak served as both Director of Research and subsequently as a member of the IMF Executive Board His distinct contribution to the discipline of international financial policy is highlighted in this book edited by Jacob A Frenkel and Morris Goldstein The papers included were prepared for a conference cosponsored by the Netherlands Bank and the IMF held in Polak's honor in Washington D C in January 1991 **The International Monetary Fund**, 1992 Global Markets and the Developing Economy V. FitzGerald, 2003-07-08 E V K FitzGerald takes a fresh approach to the macroeconomics of developing countries based on the influence of global markets on domestic savings private investment firm behaviours employment levels and income distribution He suggests that a Keynesian approach is still relevant today when reformulated to reflect open economies heterogeneous firms poverty reduction objectives and volatile financial markets The study concludes with clear recommendations as to how global capital markets might be reconstructed in order to better support economic development

State And Market In Postapartheid South Africa Merle Lipton, Charles Simkins, 2019-07-11 This book argues that South Africa experienced extensive periods of trade liberalisation in the 1970s and 1980s It discusses the libertarian analysis of state failure particularly the libertarian argument that market failures are less serious and less extensive than was once thought *An Introduction to the Human Development and Capability Approach* Séverine Deneulin, Lila Shahani, 2009 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company **ERS Staff Report**, 1987
