The Link Ola A.T. Onikoyi, 2014-03-03 There is clear evidence of discontent and disconnection in the life of many individuals resulting to lack and limitations The population of the poor is increasing in the midst of plenty The hardworking people have little or nothing to show for their effort The rich also cry profusely for one need or another Those who claim to be men of God have no general answer to the immediate needs of their congregation all these are proofs of an urgent need for a more pragmatic approach to solving our numerous problems We urgently require knowing what links us to solutions and what connects us to the main domain of power We are not totally impervious to the facts but we need to get used to it For instance we know the air we breathe but not all of us know the contents of this vitality of life We know the mind as in man but many are ignorant of it as the powerhouse creative theater and the link to the spiritual mass where the creations and the Creator meet We know the world but many are yet to know that we are the world we are the children of the most high God so we should start giving what we want If you need love give it first If you need wealth give service Whatsoever you need be prepared to pay the price and link it up with what you have The world is a masterpiece of abundance There is

enough wealth to go round in the universe Each and every one can be what he or she desires to be All we need to know is how to link our inheritance how to connect with our aspirations and how to attract our yearnings The eighty two topics in this book will assist you to link up with yourself connect with your God and be able to attract solutions and the best things of life Read passionately keep thinking and keep linking Human Beings Vs. Shop Once viewed as vandalism his work is now venerated fans have gone so far as to dismantle the walls that he has painted on for collection and sale But as famous as Banksy is he is also utterly unknown he conceals his real name hides his face distorts his voice and reveals his identity to only a select few Who is this man that has captivated millions How did a graffiti artist from Bristol England find himself at the center of an artistic movement How has someone who goes to such great lengths to keep himself hidden achieved such great notoriety And is his anonymity a necessity to continue his vandalism or a marketing tool to make him ever more famous Now in the first ever full scale investigation of the artist reporter Will Ellsworth Jones pieces together the story of Banksy building up a picture of the man and the world in which he operates He talks to his friends and enemies those who knew him in his early unnoticed days and those who have watched him try to come to terms with his newfound fame and success And he explores the contradictions of a champion of renegade art going to greater and greater lengths to control his image and his work Banksy offers a revealing glimpse at an enigmatic figure and a riveting account of how a self professed vandal became an international icon and turned the art world upside down in the process
