Lose Your Heart, Not Your Mind: Smart Woman's Guide to Marriage and Self-Sufficiency (HC)* Aliette Carolan, 2017-06-07 In this practical guide Aliette Carolan insightfully outlines the keys to a successful marriage and its dissolution. She paves the way for women especially to feel empowered in their life choices which then allows them to make the best decisions for themselves and their family. This is a great guide for any woman who wants to be smart, empowered and conscious in the choices she makes in love, life and family. Dr. Shefali Tsabary, NYT Bestselling Author of *THE AWAKENED FAMILY*, GIVE AWAY YOUR HEART but don't lose your mind. Know the deal you're getting into. Know that self-preservation is the key to a happy marriage and a happy divorce. We don't take a job expecting that we'll hate it and quit. We don't sign the lease on an apartment we'll be sick of in six months and we don't enter into a relationship planning for the breakup. But the flip side is that we shouldn't expect any relationship we enter into will save us from the responsibility of being self-sufficient. No matter where you are in the process—dating, engaged, married, contemplating separation and divorce—if you can realize why you have to put yourself first, you're halfway there. Whether you're in the rapturous throes of endless love or the first moments of stomach-churning awareness that your marriage is falling apart, this book is for you. It's for every woman who understands that self-preservation will not happen if you rely on someone else to save you. You need to maintain or begin to establish your personal independence and financial solvency if you want to be self-sufficient no matter what life throws at you. You can lean on someone but you have to be able to stand on your own two feet at a moment's notice and that's what this book is about. Survival of the Heart

Tragedy of the Mind Dwight N. Wood, Wood Sr., 2013-04-09 After a life that has spanned more than six decades, Dwight N. Wood Sr. now provides an intensely painful but transparent account of his story starting from birth and leading to the present day. He always attempted to hide away the damaging scars of a major heart surgery and the sometimes cruel events prompted by poverty. It was his choice to cover up and contain his deepest emotions within his heart and mind. *Survival of the Heart*, *Tragedy of the Mind* is a spiritual and surprising story of medical survival and human tragedy. Wood characterizes his most detailed memories of his childhood and the sacrifices of his family which always supported his dreams of living a normal life. After he became an adult, he once again faced the demons of his past physical and mental battles. He recounts the hardships associated with despair, dying and death. He expresses the mental struggles of living in the past while not looking toward the present and future. The emotional and monetary costs of failing to seek professional guidance nearly led to his demise. Wood admits to the consequences of being a man who has had to deal with denial and rejection. His book is about learning the lessons of life and making the confusing connections between common sense and poor judgment. He rationalizes the reasons we should embrace love and forgive people. The crucial decisions he made as a child and an adult now allow him to complete his circle of life. *Survival of the Heart*, *Tragedy of the Mind* is an intimate portrayal of a very emotional boy who develops into a mentally quick and capable man. His often hopeful approach to overcoming human

miseries is highlighted by his failures as well as his victories From his youthful days to his elderly years he suffered from a congenital heart abnormality and eventually developed post traumatic stress disorder His lifelong search for the answers to human love spiritual happiness and the true meaning of human life eventually leads him to some remarkable solutions with noteworthy conclusions **Reality Transurfing: steps 1-5** Вадим Зеланд,2019-11-18 Transurfing is a powerful technology of managing reality Apply it and life will begin to change under YOUR order The goal during using Transurfing doesn't reached but implemented for the most part itself It's impossible to believe but only at first sight The ideas presented in the book have already found practical confirmation Those who tried to do the Transurfing was surprised bordering on delight The surrounding world of Transurfer is inexplicably changing before our eyes Cash in a Flash Robert G. Clash Of The Mind And Heart: Parents' Playbook For Helping Youths Succeed Nicholas Gabriel Lim,2022-04-11 This book is not just for parents While it was initially written for them increasingly adults working with adolescents also sought help I tried putting something together specifically for these adults but found that the content is also in this book These are some common woes of adolescents and adults about each other My parents don't understand me Why is my child emotionally explosive all the time My parents are always nagging Teens cannot seem to be able to think about the consequence first before acting The understanding divide between adolescents and adults seems to be getting wider Concretely on a day to day basis adolescents and parents are clashing with each other over mind and heart issues and no one seemed to be able to get the other Even if one got it it would not take long before one would challenge the other about it Neuroscience has informed us that the divide has always been there and will continue to be there because it is developmental The prefrontal cortex will only be fully developed about ten years after the limbic system becomes fully functional These two areas are primarily responsible for setting and achieving goals and behavioural emotional responses respectively The implication of this reality is

huge and it explains the clash of the mind and heart issues at so many levels specifically rational emotional conflict during adult adolescent engagement One of the ways to reduce that conflict is to heighten the understanding of adult child developmental realities and learn the strategies that would help the other succeed Such endeavours seemed to benefit only the adult more because they seemed to be more matured developmentally but if we know how to help adolescents appreciate the realities they are able to also benefit from it and manage the constant clashing with the adults Thus this book proposes the framework and strategies to help youths succeed and includes some stories of professional youth work where effective youth engagement strategies are highlighted by youths themselves in retrospect

Morsheda Amin,2021-02-16 The book is about me becoming able to figure out the beauty of the source Our creative potential is endless We enjoy our creative process and are willing to use all our will to manifest our dreams But one thing is missing We don t know how to receive the creation where we are included with our creative power To receive creation we want to be aligned with the universe by dissolving the ego and the barriers that lie between us and unconditional love When we are aligned with the universe we are relaxed Our relaxation allows us to catch the creation with wonderment And here we enter the world of fascination enchantment splendor It seems our life is a gift from a higher entity We all are benefited with the gift but we don t know about the endless possibilities of the gift We don t know it because we don t know how to receive the creation in our hearts In my book I described who we are in creation and how we can be intimate with the creation to make us free from the sarcastic world This book is a metaphor It is all about what works for us and what doesn t work for us We literally can liberate ourselves if we are able to harness the management of relationships with God and all living beings surrounding us This is not a religious book It is all spirituality and how we are already being benefited with spirituality without even knowing it I just tried to make a bridge over the gap of ignorance I realized something and I am asking others to realize the same thing so they can be free as me *The Shepherd's Guide Through the Valley of Debt and Financial Change*

Heart Michel Leroux,2013-03 If you were to travel the world you would quickly come to realize that the vast majority of humanity has the same list of wants and needs food shelter water education justice and safety to name a few Joys and sorrows hopes and desperations are also similar in many ways Even though it sometimes justifies our personal paradigm to

believe differently WE ARE ALL FUNDAMENTALLY THE SAME If at the core we are all the same why then is it that we collectively are having such a hard time Essentially this last question is where the inspiration for this book comes from The content of the book comes from the author s decades of research observations and experiences gained while living and working in more than nine different countries visiting over sixty countries spread on six continents A love a passion and ultimately a belief that humanity has the power to choose to create a better life for all is the driving force behind this exploration of human suffering and how to ultimately rise above it This need for a better life for all has never been as apparent as it is now Our collective denial of the reality of suffering is being confronted We are starting to realize that there is no choice but to deal with it problems are not going away but rather they seem to be multiplying exponentially Perhaps we live in times where it has become luxurious thinking to believe that someone else will fix the environment the economy social injustices international conflicts human trafficking or poverty It is time for greatness on a mass level to be expressed This book is meant to appeal to the heart more than the mind The expression analyzing something to death couldn t be more appropriate than now All potential progress seems to be continuously stalled with the belief that there is a need to generate more data to really understand the problems Will we die as a species because of our mind s obsession for analysis or will our hearts see through the smoke of insanity put out the fires so that at some point hopefully sooner than later the mind will be able to see clearly through its confusion Ultimately the question is how will we individually and collectively deal with the problems currently facing humanity This question is essentially addressed to the vast majority of humanity as most are suffering from the excessive greed that has swept the planet There are countless ways one can contribute to the betterment of the world It always starts with people taking one small step to make a difference It starts with YOU Never underestimate the power that one person has to change the world The purpose of the book is threefold to bring about an awareness of the current situation on the planet so that people can start to question their current paradigm and see how they feed into the problems rather than help solve them to encourage a new level of personal responsibility that is necessary in any time of change or crisis and provide information and tools to help in the transformational process by empowering people The book is divided into three parts Part 1 It s All About Me Isn t It The Individual Part 2 What About the Others The Collective Part 3 Together The Individual and the Collective Each part has a different number of chapters The general book outline follows Foreword This part introduces why the book was written The foreword sets the stage for what is to come in the book and encourages the reader to read right through as some chapters are more challenging than others and that the solutions proposed are spread throughout the book Part 1 It s All About Me I **Sweetness of the Heart, Mind, and Soul** Pete Frierson, 2014-06-16 Sweetness of the Heart Mind and Soul is an inspirational motivational and exciting book with much love Each writing has a story behind it Sweetness is divided into several topics Love Life Family and Friends and inspirational Sweetness will uplift those who are down and bring smile to those looking for love The last poem is titled I can Change

Sweetness will make a person think *The Heart* Tyrone Williams, 2025-05-07 The Heart is a book of true events told as stories by two narrators the heart and the mind Each chapter takes you to a different place and time in the author's life He has revisited these moments to view them through the emotions of the heart and the contemplation of the mind This is a book of battle and war the war that rages inside every human being A war for dominance and control The power to determine what choices and actions every person will take Only the heart and mind can determine this but only one can rule
