## Money L'Argent:

**Money (L'Argent)** Émile Zola, 1895. *Money L'Argent* is a searing exploration of the role of capitalism in society utilizing the stylistic hallmarks of naturalism that characterize his oeuvre. Set in the harsh, merciless landscape of the financial world during the late 19th century, the novel chronicles the rise and fall of capitalists and the moral quandaries they face. Zola's vivid prose, abundant in detail, lays bare the corrupting influence of wealth and the sycophantic relationships that form around it, underscoring the precariousness of economic power through the tumultuous experiences of its protagonist Saccard as he navigates a web of ambition, greed, and betrayal. Émile Zola, a leading figure of the literary movement known as naturalism, was deeply influenced by the socio-economic upheavals of his time. Born in 1840, he witnessed the rapid industrialization of France and its impact on societal values and norms, which impelled him to scrutinize the underbelly of bourgeois culture. Zola's own experiences with financial instability and societal inequities informed his depiction of the ruthless nature of capitalism in *Money*, reflecting his commitment to social reform and his conviction that literature should serve as a mirror to reality. *Money* is an essential read for anyone interested in the intersections of literature, economics, and ethics. Zola's incisive commentary on capitalist greed remains profoundly relevant today, making this novel a crucial text for understanding the consequences of unbridled ambition. Readers will find in Zola's narrative not only a compelling story but also a thoughtful examination of the values that govern human relationships in a financialized society. **Obscene Material Available Via the Internet**

The career of Robert Bresson b 1907 is one of the richest in the history of cinema but also one of the most enigmatic. For some commentators Bresson is a severe moralist who's almost medieval in his concern for the darker aspects of Catholic theology. For others he's best seen as a stylist whose work has consistently anticipated cinematic trends. Just as Bresson's 1959 *Pickpocket* was remodelled by Paul Schrader as *American Gigolo* 1980, so *L'Argent* 1983 is a study of spontaneous murder and a meditation on evil that has a striking kinship with contemporary vigilante and serial killer films. Kent Jones disputes some of the received wisdom about Bresson's work as it's epitomized by *L'Argent*: the work can't simply be reduced to its austere, pessimistic or religious elements. By exploring the many dimensions of *L'Argent*, Jones finds other elements: beauty, compassion, an overriding concern with the meaningful depiction of experience. *L'Argent* is the culminating work of one of the select group of

directors able to push the cinema through the force of their own genius onto a new plain
