Continuing Crackdown in Inner Mongolia ,1992 Regions the Situation and our Views *Genocide on the Mongolian Steppe* Yang Haiying,2017-10-30 The book documents the atrocities committed against the Southern Mongolians by the Chinese in a massive genocide campaign throughout the late 1960s and early 1970s The two volume book is the first and only work published outside of China written from the perspective of the victims and survivors Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931 Christopher Atwood,2022-10-04 In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades 1911-1931* a vivid narrative of the underground world of pan Mongolist agitation in China the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action In the turbulent years of China's warlord republic educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper Brought together by the Soviet embassy the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928 Based on previously closed Mongolian archives *Young Mongols and Vigilantes* is a path breaking contribution to the history of Soviet involvement in Inner Mongolia Chinese Communist nationality policy and the social history of multi ethnic Inner Mongolia The print edition is available as a set of two volumes 9789004126077 **The Mongolian Legal System** William E Butler,1982-07 **Blissful Blindness** Dariusz Tolczyk,2023-09-05 The most heinous Soviet crimes the Red Terror brutal collectivization the Great Famine the Gulag Stalin's Great Terror mass deportations and other atrocities were treated in the West as a controversial topic With the Cold War dichotomy of Western democracy versus Soviet communism deeply imprinted in our minds we are not always aware that these crimes were very often questioned dismissed denied sometimes rationalized and even outright glorified in the Western world Facing a choice of whom to believe the survivors or Soviet propaganda many Western opinion leaders chose in favor of Soviet propaganda Even those who did not believe it behaved sometimes as if they did *Blissful Blindness* explores Western reactions and lack thereof to Soviet crimes from the Bolshevik revolution to the collapse of Soviet communism in order to understand ideological political economic cultural personal and other motivations behind this puzzling phenomenon of willful ignorance But the significance of Dariusz Tolczyk's book reaches beyond its direct historical focus Written for audiences not limited to scholars and specialists this book not only opens one's eyes to rarely examined aspects of the twentieth century but also helps one see how astonishingly relevant this topic is in our contemporary world Through The Storm(Volume 1) YU Ruxin,2024-07-20 Mao Zedong once famously said Power grows from the barrel of a gun and a prime example is the People's Liberation Army PLA With the founding of the People's Republic of China the PLA's mandate extended beyond safeguarding national security to maintaining domestic order and keeping the Chinese Communist Party in power In the 1960s and 1970s the PLA was Mao's chief instrument in preparing launching and further developing the Cultural Revolution but its role was complex and often opaque *Through the Storm*

meticulously traces the PLA's role through archival research and interviews with retired cadres and officers to show that the military's role in the Cultural Revolution has been historically understated and that it eclipsed that of the more high profile civilian Red Guards in both scale and duration. With its Chinese edition hailed in media and academia as an exceptionally valuable achievement, this book's condensed English edition offers international readers a deeper understanding of the PLA's role in launching and perpetuating the most sustained and violent campaign in modern Chinese history.

**A Chinese Rebel beyond the Great Wall** TJ Cheng, Uradyn E. Bulag, Mark Selden, 2023-10-24. A striking first person account of the Cultural Revolution in Inner Mongolia embedded in a close examination of the historical evidence on China's minority nationality policies to the present. During the Great Leap Forward as hundreds of thousands of Chinese famine refugees headed to Inner Mongolia, Cheng Tiejun arrived in 1959 as a middle school student. In 1966 when the PRC plunged into the Cultural Revolution, he joined the Red Guards just as Inner Mongolia's longtime leader Ulanhu was purged. With the military in control and with deepening conflict with the Soviet Union and its ally Mongolia on the border, Mongols were accused of being nationalists and traitors. A pogrom followed, taking more than 16,000 Mongol lives, the heaviest toll anywhere in China. At the heart of this book are Cheng's first person recollections of his experiences as a rebel. These are complemented by a close examination of the documentary record of the era from the three coauthors. The final chapter offers a theoretical framework for Inner Mongolia's repression. The repression's goal, the authors show, was not to destroy the Mongols as a people or as a culture; it was not a genocide. It was, however, a politicide: an attempt to break the will of a nationality to exercise leadership of their autonomous region. This unusual narrative provides urgently needed primary source material to understand the events of the Cultural Revolution while also offering a novel explanation of contemporary Chinese minority politics involving the Uyghurs, Tibetans, and Mongols.

**The New Emperors** Kerry Brown, 2014-06-05. China has become the powerhouse of the world economy and home to 1 in 5 of the world's population, yet we know almost nothing of the people who lead it. How does one become the leader of the world's newest superpower? And who holds the real power in the Chinese system? In *The New Emperors*, the noted China expert Kerry Brown journeys deep into the heart of the secretive Communist Party of China's system, which might have its roots in peasant rebellion but is now firmly under the control of a power-conscious Beijing elite, almost half of whose members are related directly to former senior Party leaders. Brown reveals the intrigue and scandal surrounding the internal battle raging between two Chinas: one founded by Mao on Communist principles and a modern China in which to get rich is glorious. At the centre of it all sits the latest Party Secretary Xi Jinping, the son of a revolutionary with links both to big business and to the People's Liberation Army. His rise to power is symbolic of the new emperors leading the world's next superpower.
