Conolly, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide

Poets on Paintings Robert D. Denham, 2010-03-10 Ekphrasis the description of pictorial art in words is the subject of this bibliography More specifically some 2500 poems on paintings are catalogued by type of publication in which they appear and by poet Also included are 2000 entries on the secondary literature of ekphrasis including works on sculpture music photography film and mixed media     Across the Lines , 2022-05-16 This third volume of ASNEL Papers covers a wide range of theoretical and thematic approaches to the subject of intertextuality Intertextual relations between oral and written versions of literature text and performance as well as problems emerging from media transitions regionally instructed forms of intertextuality and the works of individual authors are equally dealt with Intertextuality as both a creative and a critical practice frequently exposes the essential arbitrariness of literary and cultural manifestations that have become canonized The transformation and transfer of meanings which accompanies any crossing between texts rests not least on the nature of the artistic corpus embodied in the general framework of historically and socially determined cultural traditions Traditions however result from selective forms of perception they are as much inventions as they are based on exclusion Intertextuality leads to a constant reinforcement of tradition while at the same time intertextual relations between the new literatures and other English language literatures are all too obvious Despite the inevitable impact of tradition the new literatures tend to employ a dynamic reading of culture which fosters social process and transition thus promoting transcultural rather than intercultural modes of communication Writing and reading across borders becomes a dialogue which reveals both differences and similarities More than a decolonizing form of deconstruction intertextuality is a strategy for communicating meaning across cultural boundaries     Poetry Today Anthony Thwaite, 2016-04-15 This is the most authoritative and up to date survey of contemporary British poetry 1960 1995 It is the third version but second edition published by Longman of a successful survey that first appeared 30 years ago and provides a succinct and accessible overview of British poets movements and themes ideal for English courses and the general reader alike     Postcolonial Poetry in English Rajeev S. Patke, 2006-06-15

The Oxford Studies in Postcolonial Literatures series general editor Elleke Boehmer offers stimulating and accessible introductions to definitive topics and key genres and regions within the rapidly diversifying field of postcolonial literary studies in English. *Postcolonial Poetry in English* provides a comprehensive introduction to the development of English poetry in all the regions that were once part of the British Empire. The idea of postcolonial poetry is held together by three factors: the global community constituted by English, the creative possibilities accessible through English, and patterns of literary development common to regions with a history of recent decolonization. In showing how diverse poetic traditions in English evolved from dependency to varying degrees of cultural self-confidence, the book answers two broad questions: how is postcolonial studies relevant to the interpretation of poetry, and how does poetry contribute to our idea of postcolonial writing? The book is divided into three parts: the first works out a method of analysis based on recent publications of outstanding interest; the second narrates the development of poetic traditions in Asia, Africa, and the Caribbean and the settler colonies of Canada, South Africa, Australia, and New Zealand; the third analyses key motifs such as the struggle for minority self-representation, the cultural politics of gender, modernism and postmodernity, and the experience of migration and self-exile in contemporary Anglophone societies. *Postcolonial Poetry in English* provides a succinct and wide-ranging introduction to some of the most exciting poetic writing of the twentieth century. It is ideally suited for readers interested in world writing in English, contemporary literature, postcolonial writing, cultural studies, and postmodern culture.

**Contemporary Indian English Literature** Cecile Sandten, Indrani Karmakar, Oliver von Knebel Doeberitz, 2024-02-12. *Contemporary Indian English Literature* focuses on the recent history of Indian literature in English since the publication of Salman Rushdie's novel *Midnight's Children* (1981), a watershed moment for Indian writing in English in the global literary landscape. The chapters in this volume consider a wide range of poets, novelists, short-fiction writers, and dramatists who have notably contributed to the proliferation of Indian literature in English from the late 20th century to the present. The volume provides an introduction to current developments in Indian English literature and explains general ideas as well as the specific features and styles of selected writers from this wide spectrum. It addresses students working in this field at university level and includes thorough reading lists and study questions to encourage students to read, reflect on, and write about Indian English literature critically.

**A History of Indian Literature in English** Arvind Krishna Mehrotra, 2003. Annotation: This volume surveys 200 years of Indian literature in English. Written by Indian scholars and critics, many of the 24 contributions examine the work of individual authors such as Rabindranath Tagore, R. K. Narayan, and Salman Rushdie. Others consider a particular genre such as post-independence poetry or drama. The volume is illustrated with b/w photographs of writers along with drawings and popular prints. Annotation c 2003 Book News, Inc., Portland, OR, booknews.com.
