Monks Of Durham:

Life in a Medieval Monastery Anne Boyd, 2013-07-01 A guide to life at a medieval monastery this book brings alive the monastic community of Durham and offers a fascinating glimpse into the history of Durham Cathedral The Monks of Durham Anne Boyd, 1975 **The Benedictine Monks of Durham Priory** Stephen Pedley, 1998 *The Durham Monks at Jarrow* A. J. Piper, 1986 **Mynistres of saynt Cuthbert** Richard Barrie Dobson, 1974 *Monks and Markets* Miranda Threlfall-Holmes, 2005-02-03 In *Monks and Markets* Dr Threlfall Holmes provides a unique insight into medieval consumer behaviour and challenges the view that the middle ages were bound by tradition Using Durham Cathedral Priory's outstanding archive she discusses diet the factors influencing purchasing decisions the priory's use of the market and of tenants and their suppliers The Printed Books of the Last Monks of Durham Anthony Ian Doyle, 1988 Durham Cathedral. Exhibits in the Monks' Dormitory, Etc Cathedral (DURHAM). Library, 1967 *Durham Priory 1400-1450* R. B. Dobson, 2005-11-24 In the course of this work Dr Dobson is able to throw new light on the universal aspirations and preoccupations of medieval monasticism He reconstructs life in Durham in the century before its final dissolution and concludes that it was an example of comparatively successful conservatism during a period in English history characterized by institutional resistance to social and intellectual change **Durham Cathedral. Exhibits in the Monks' Dormitory. A Very Simple Guide** Cathedral Church (Durham, City of), 1967 **Church and Society in the Medieval North of England** R. B. Dobson, 1996-01-01 This collection of essays discusses aspects of church life in each of the three dioceses of Carlisle Durham and York identifying the main features of religion in the north and placing contemporary religious attitudes in both a social and a local context *The Dependent Priors of Medieval English Monasteries* Martin Heale, 2004 This study charts for the first time the history of the 140 or so daughter houses of English monasteries which have always been overshadowed by the French cells in England the so called alien priories The first part of the book examines the reasons for the foundation of these monasteries and the relations between dependent priories and their mother houses bishops and patrons The second part investigates everyday life in cells the priories interaction with their neighbours and their economic viability The unusual pattern of dissolution of these houses is also revealed Because of the tremendous bulk of material to survive for English dependencies this is the most detailed account of a group of small monasteries yet written Although daughter houses are in many ways unrepresentative of other lesser monasteries their experience sheds a great deal of light on the world of the small religious house and suggests that these shadowy institutions were far more central to medieval religion and society than has been appreciated BOOK JACKET *Proceedings ...* Society of Antiquaries of Newcastle upon Tyne, 1858 The Reformation of Cathedrals Stanford E. Lehmberg, 2014-07-14 Stanford Lehmberg a noted authority on the Tudor period examines the impact of the Reformation on the cathedrals of England and Wales Based largely on manuscript materials from the cathedral archives themselves this book is the first attempt to draw together information for all twenty

nine of the cathedrals that existed in the Tudor period The author scrutinizes the major changes that took place during this era in the institutional structure personnel endowments liturgy and music of the cathedral and shows how the cathedrals unlike the monasteries that were dissolved by Henry VIII succeeded in adapting successfully to the Reformation Forty two illustrations depict sixteenth century changes in cathedral buildings Narrative chapters trace the changes that occurred during the reigns of Henry VIII Edward VI Bloody Mary and Elizabeth I Analytical sections are devoted to cathedral finance and cathedral music The changing lives of cathedral musicians are described in some detail and even greater attention is paid to the cathedral clergy whose living conditions changed markedly when they were allowed to marry Using a variety of sources including such physical remains as tombs and monuments the concluding chapter discusses the role of cathedrals in English society Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Archaeologia Aeliana, Or, Miscellaneous Tracts Relating to Antiquity** ,1902 A classified catalogue of papers from Archaeologia aeliana 1813 1913 is included in the Centenary volume ser 3 v 10 p 334 376 The Culture of Medieval English Monasticism James G. Clark,2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England s abbeys and priories have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and notfor the insights they offer into the patterns of life and thought the underlying norms values and mentalit of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON *Descriptive and Historical Notices of Some Remarkable Northumbrian Castles, Churches, and Antiquities ...* William Sidney Gibson,1848
