Monotheism Concilium Volume 177:

The Trinity John M. Farrelly, 2005-01-04 The mystery of the Trinity is the central Christian belief that defines God's essence God's ongoing love for humanity and saving grace Yet over the past few centuries especially in the West Christians have either ceased believing in the Trinity or simply no longer recognize its relevance in their ecclesial or individual lives Written in an ecumenical spirit that engages contemporary questions and theological viewpoints *The Trinity Rediscovering the Central Christian Mystery* articulates the mystery of the Trinity for people formed by modern historical consciousness science awareness of the equal dignity of men and women and respect for world religions By first identifying contemporary problems with the Christian proclamation of the Trinity in our culture and major differences among modern theologians John Farrelly OSB explores Scripture the life and message of Jesus Christ the various stages of the development of Trinitarian doctrine in Christian History the relation of the Trinity to creation and salvation the generation of the Son from the Father within the Trinity and the procession of the Holy Spirit from Father and Son and the meaning of three persons in one God He concludes by reflecting on the implications this renewed theology of the Trinity has for ecclesiology and Christian spirituality in our twenty first century world especially in relation to other world religions

Mission and the Coming of God Tim Chester, 2006-10-01 How does the eschatological future impinge on the present Is the kingdom of God present outside the confession of Christ in movements towards social justice Is Christian hope a stimulus to social involvement or an alternative And how does the present impinge on the eschatological future What is the relationship between our actions now and the new creation Is there eschatological continuity between the two Jürgen Moltmann one of our most influential contemporary theologians has had much to say both on eschatology and its relationship to mission This book explores his thought along with evangelical responses to it Eschatology has been central to evangelical debates about social involvement ever since the Lausanne Congress in 1974 The book examines how evangelicals themselves have related hope and mission The book highlights the important contribution Moltmann has made while offering a critique of his thought from an evangelical perspective In so doing it touches on pertinent issues for evangelical missiology The conclusion takes John Calvin as a starting point proposing a new eschatology of the cross which offers a critique of the over-realized eschatologies in liberation theology and triumphalistic forms of evangelicalism This is a work of major importance engaging with crucial themes and leading Christian thinkers A must read for all reactive evangelicals Tim Chester's work is always good but this is the best yet i Martyn Atkins Principal Cliff College Calver UK Despite the attention of Moltmann and despite intra evangelical debate on the nature of mission over the last three decades the task of bringing Moltmann and evangelicalism into dialogue has remained on the table for some time Tim Chester takes up the agenda His combination of practical experience in mission and theological ability equip him well for this task and the result is a study which brings academic reasoning to bear on Christian thought about eschatology and its vital connection with the missionary responsibility of the church It rewards our careful

attention Stephen Williams Professor of Systemic Theology at Union Theological College Belfast iEschatology in relation to mission is often reduced to plans for Ohishingi the Great Commission as soon as possible or to lurid end time scenarios that feed our fantasy more than they fuel biblical mission So it is refreshing to have this wide ranging in depth study of the theme that engages with one of the most well known theologians of biblical hope J rgen Moltmann alongside a number of renowned evangelical scholars yet stays rooted in the text and vision of the Bible itself This is searching theology in the service of biblical mission as all theology ultimately should be Chris Wright International Director Langham Partnership International

The Trinity Stephen T. Davis, Daniel Kendall SJ, Gerald O'Collins SJ, 2002-02-08 This interdisciplinary study is the result of an international and ecumenical meeting of nineteen scholars held in New York at Easter 1998 the Trinity Summit Biblical experts examine the scriptural roots of trinitarian doctrine patristic scholars correct those who continue to misinterpret the trinitarian teaching of the Cappadocians and Augustine and five scholars examine systematic and foundational issues like the viability of social models for the Trinity The volume ends with a study of the Trinity in art and the challenge of preaching the Trinity today The international reputation of the participants reflects and guarantees the high quality of this joint work

conceptions have often affected political thinking theological rhetoric child of political experience may also be mother of political change Drawing upon politics theology history sociology anthropology and literary criticism this important new book will be essential reading for all concerned with the relation between Christianity and politics **On Naming the Present** David Tracy,1994 *The Encyclopedia of Religion* Mircea Eliade,Charles J. Adams,1987 A comprehensive guide to the history beliefs concepts practices and major figures of religions past and present *God's Mother, Eve's Advocate* Tina Beattie,2002-12-01 Tina Beattie has written a stunning book on the theology of woman Her stated objective is to discern the place of the female body in the Christian story of salvation and she has done so from the very heart of Christian stylisations of the female the figures of Mary and Eve Beattie has pursued her subject with the aid of French psychoanalytic feminism these writers are preoccupied as is Catholic theology with questions of language and symbolism But she deliberately puts herself at odds with neo orthodoxy and feminist liberal theology she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology She defends with passion and theological insight not only the Virgin Birth the Immaculate Conception and the Assumption but also the perpetual virginity of Mary Virginal desire according to Beattie need not be seen negatively but as an affirmation of the integrity of women s desire before God in a way not dependent on the phallus nor reducible to genitality *By the River Chebar* Daniel I Block,2014-03-27 To many readers the book of Ezekiel is a hopeless riddle We may still find many features of the man and his message difficult and sometimes even shocking or offensive The bizarre opening vision catches us off guard and tempts us to stop reading A persistent reader however who meditates long and hard on individual utterances and sign actions will discover that despite the strangeness of the man this is the most clearly organized of the major prophetic books Individual prophecies are clearly marked by headings and often by conclusions The priestly prophet knew his audience something that is evident if one continues to delve deeper he recognized in Judah s rebellion against YHWH the underlying cause of the divine fury that resulted in the exile of his people and the fall of Jerusalem to the Babylonians in 586 BCE However he also recognized that YHWH s judgment could not be the last word his covenant is eternal and irrevocable A day of spiritual renewal and national restoration is anticipated This is the first of two volumes of essays on Ezekiel and his book The seven general essays and two studies of particular texts in this collection explore the times the message and the methods of the prophetic priest *Faith and the Future* Johann Baptist Metz,Jürgen Moltmann,1995 In complementary ways these authors have emphasized the eschatological character of Christianity in a way that does justice both to the transcendent and this worldly implications of the gospel This book brings their work into a unique dialogue drawing on their respective contributions to the international journal Concilium of which they are both editors **Christians and Muslims in the Commonwealth** Anthony O'Mahony,Ataullah Siddiqui,2001

Trajectories of Justice Robert Karl Gnuse, 2016-08-25 The Bible proclaims a message of liberation Though the Bible arose in an age when slavery and patriarchy permeated society the biblical authors sought to elevate the rights of slaves the poor and women Their attempts to elevate the oppressed set in motion a trajectory of evolution which we should still be advancing today Critics of the Bible declare that it accepts slavery and the subordination of women but they fail to understand the biblical texts in their historical context For their age the biblical authors were advanced in their understanding of human rights and the democratic values we hold today actually resulted from their early attempts to affirm the dignity and rights of slaves and women It is equally important that we critique those spokespersons of the church who quote the Bible literally but have lost sight of its historical context so that they might still subordinate women today Such spokespersons also declare that the Bible condemns homosexuality But a closer reading of the text discerns that those few passages that address same sex relations actually condemn rape ritual prostitution and master slave relations To use the Bible to condemn people is to misuse the Bible *Dizionario delle concezioni religiose* Mircea
