Philosophical Writings Simone de Beauvoir, Margaret A. Simons, 2005-01-26 Despite growing interest in her philosophy Simone de Beauvoir remains widely misunderstood She is typically portrayed as a mere intellectual follower of her companion Jean Paul Sartre In *Philosophical Writings* Beauvoir herself shows that nothing could be further from the truth Beauvoir's philosophical work suffers from a lack of English language translation or worse mistranslation into heavily condensed popular versions *Philosophical Writings* provides an unprecedented collection of complete scholarly editions of philosophical texts that cover the first twenty three years of Beauvoir's career including a number of recently discovered works Ranging from metaphysical literature to existentialist ethics *Philosophical Writings* brings together diverse elements of Beauvoir's work while highlighting continuities in the development of her thought Each of the translations features detailed notes and a scholarly introduction explaining its larger significance Revelatory and long overdue *Philosophical Writings* adds to the ongoing resurgence of interest in Beauvoir's thought and to her growing influence on today's philosophical curriculum
