Magic and Magical Housekeeping **Psychoanalyses / Feminisms** Peter L. Rudnytsky, Andrew Gordon, 2000-01-01

Bringing together twelve provocative and iconoclastic contributions by leading scholars and new voices this book probes the complementary yet contested relations between various forms of contemporary psychoanalysis and feminism The intention is not simply to juxtapose these two preeminent intellectual movements of the twentieth century but to highlight the manifold nature of each The contributors use and interrogate Freud Lacan Klein Irigaray Riviere and Jessica Benjamin as well as object relations theory self psychology and Horneyan theory as they discuss the work of such writers as D H Lawrence Emily Bronte Virginia Woolf and Kathy Acker If feminism has insisted that the personal is political psychoanalysis argues that no realm of human life is impervious to unconscious motives which may subvert a subject's avowed intentions Although Freud remains a point of reference he is now important as a symptom of the crises of Western patriarchal culture as well as for his epoch making theoretical ideas Because feminism and psychoanalysis unsettle each other's complacencies they rekindle their own radical potential and what may be perhaps termed their marriage has proven as this book amply shows to be both enduring and fecund Journeys into Darkness James Goho, 2014-03-06

The tradition of supernatural horror fiction runs deep in Anglo American literature From the Gothic novels of the eighteenth century to such contemporary authors as Stephen King and Anne Rice writers have employed horror fiction to unearth many disquieting truths about the human condition ranging from mistreatment of women and minorities to the ever present dangers of modern city life In Journeys into Darkness Critical Essays on Gothic Horror James Goho analyzes many significant writers and trends in American and British horror fiction Beginning with Charles Brockden Brown's disturbing novels of terror and madness Goho proceeds to discuss the influence of Edgar Allan Poe's *The Fall of the House of Usher* on H P Lovecraft who is treated in several penetrating essays Lovecraft was a uniquely philosophical writer and Goho approaches his work through the lens of existentialist philosopher S ren Kierkegaard while also probing Lovecraft's racism as exhibited in several tales about Native Americans Goho also discusses the Welsh writer Arthur Machen's tortured tales of suffering and evil and Algernon Blackwood's numerous stories set in the wilds of the Canadian backwoods The book concludes with a centuries spanning essay on the witchcraft theme in the American Gothic tradition and a comprehensive essay on Fritz Leiber's invention of the urban Gothic In this wide ranging study James Goho examines the varied ways in which supernatural fiction can address the deepest moral social and political concerns of the human experience Journeys into Darkness will be of interest to readers and scholars of horror fiction and to students of literary history and culture in general **The Hidden Sovereign 6**
