Monsters Mutants And Heavenly Creatures Confessions Of 14 Classic Sci Fihorrormeisters:

Monsters, Mutants and Heavenly Creatures Tom Weaver, 1996 *1950s Science Fiction Films and 9/11* Melvin E. Matthews, 2007 1950s Cold War era monsters meet 21st century terrorists this exploration of sci fi movies examines the similarities and differences between the political environment and popular culture of two eras This examination and appreciation of 1950s science fiction films includes behind the scenes tales about their production and many quotes from those who produced and starred in the films The author draws parallels between the Cold War fears of the 1950s and 60s and the constant terrorism alerts of the September 11th era exploring how the politics and the psychological climate of the times influences and is reflected in this vehicle of popular culture This book is the first of its kind studying the pop culture genre in the wake of the September 11th tragedy It shows that whatever the era and whatever the challenges and crises confronting America many entertainment themes remain the same reflecting their respective times and the relevant issues For instance Godzilla the only Fifties era monster to remain a movie star beyond that era could be fashioned to reflect whatever issues dominate the times be they nuclear war in the Fifties when Godzilla originated to a Seventies Godzilla film about environmental pollution Conceivably a Godzilla for the age of terrorism is possible Then the 1954 atomic mutation classic is the spiritual ancestor of the 2002 film Eight Legged Freaks The alien invaders of the Fifties signified a Russian invasion of America while other films of the genre such as Invaders from Mars depicted aliens utilizing mind control to manipulate humans to commit acts of sabotage signifying Communist enslavement If such a film were made now such invaders could be seen as terrorist masterminds using human slaves to commit terrorist acts Finally several Fifties films depicted the end of the world at a time when Americans expected a nuclear war with Russia The immediate pre September 11th era witnessed films presenting galactic threats to mankind s existence Independence Day Deep Impact Armageddon while the early 2000s witnessed the popularity of the Left Behind Christian films dramatizing the Tribulation period in the Book of Revelation **Sixties Shockers** Mark Clark, Bryan Senn, 2025-01-31 This comprehensive filmography provides critical analyses and behind the scenes stories for 600 horror science fiction and fantasy films from the 1960s During those tumultuous years horror cinema flourished proving as innovative and unpredictable as the decade itself Representative titles include Night of the Living Dead The Haunting Carnival of Souls Repulsion The Masque of the Red Death Targets and The Conqueror Worm An historical overview chronicles the explosive growth of horror films during this era as well as the emergence of such dynamic directorial talents as Roman Polanski George Romero Francis Ford Coppola and Peter Bogdanovich Smirk, Sneer and Scream Mark Clark, 2003-12-31 While you may think the old adage about oil and water being unable to mix applies perfectly to the cinema of terror and the craft of great acting many a grease painted scare and fluid performance have been combined in the strange alchemy that is the horror film From the silent mastery of Lon Chaney s The Phantom of the Opera to the cultured cannibalism of Anthony Hopkins in The Silence of the Lambs the genre has seen

an impressive number of noteworthy portrayals far removed from the stereotypical leering monster and terrified maiden Part One of this work highlights the stars of this screen style those whose numerous roles and outstanding performances made their names synonymous with horror cinema Part Two covers actors who although not normally associated with the genre still contributed to its history Part Three covers the great actresses in horror films and highlights their acting achievement An appendix lists all the Academy Award nominations and winners in the horror genre "Twice the Thrills! Twice the Chills!" Bryan Senn,2019-03-19 In the mid 1950s to combat declining theater attendance film distributors began releasing pre packaged genre double bills including many horror and science fiction double features Though many of these films were low budget and low end others such as Invasion of the Body Snatchers Horror of Dracula and The Fly became bona fide classics Beginning with Universal International s 1955 pairing of Revenge of the Creature and Cult of the Cobra 147 officially sanctioned horror and sci fi double bills were released over a 20 year period This book presents these double features year by year and includes production details historical notes and critical commentary for each film **The Immortal Count** Arthur Lennig,2013-07-24 This definitive biography of the silver screen legend is a moving lively witty sad book that revives once more the long dead Count Dracula Kirkus Reviews Bela Lugosi won immediate fame for his starring role in the 1931 film Dracula the role that would forever define his persona After a decade of trying to broaden his range Lugosi resigned himself to a career as the world s most recognizable vampire often playing opposite his horror film rival Boris Karloff When he died in 1956 Lugosi could not have known that vindication of his talent would come his face would adorn theaters and his Hungarian accent would be instantly recognized across the globe In 1974 silent film expert Arthur Lennig published The Count a highly regarded biography of the unsung actor Now Lennig returns to his subject with a completely revised volume more than twice the length of the original The Immortal Count provides deeper insights into Lugosi s films and personality Drawing upon personal interviews studio memos shooting scripts research in Romania and Hungary and his own recollections Lennig has written the definitive account of Lugosi s tragic life *Science Fiction Cinema and 1950s Britain* Matthew Jones,2017-11-30 For the last sixty years discussion of 1950s science fiction cinema has been dominated by claims that the genre reflected US paranoia about Soviet brainwashing and the nuclear bomb However classic films such as Invasion of the Body Snatchers 1956 and It Came from Outer Space 1953 and less familiar productions such as It The Terror from Beyond Space 1958 were regularly exported to countries across the world The histories of their encounters with foreign audiences have not yet been told Science Fiction Cinema and 1950s Britain begins this task by recounting the story of 1950s British cinema goes and the aliens and monsters they watched on the silver screen Drawing on extensive archival research Matthew Jones makes an exciting and important intervention by locating American science fiction films alongside their domestic counterparts in their British contexts of release and reception He offers a radical reassessment of the genre demonstrating for the first time that in Britain which was a significant market for and producer of science fiction these films

gave voice to different fears than they did in America While Americans experienced an economic boom low immigration and the conferring of statehood on Alaska and Hawaii Britons worried about economic uncertainty mass immigration and the dissolution of the Empire Science Fiction Cinema and 1950s Britain uses these and other differences between the British and American experiences of the 1950s to tell a new history of the decade s science fiction cinema exploring for the first time the ways in which the genre came to mean something unique to Britons Lugosi Gary Don Rhodes,2015-09-03 He was born Bela Ferenc Dezso Blasko on October 20 1882 in Hungary He joined Budapest s National Theater in 1913 and later appeared in several Hungarian films under the pseudonym Arisztid Olt After World War I he helped the Communist regime nationalize Hungary s film industry but barely escaped arrest when the government was deposed fleeing to the United States in 1920 As he became a star in American horror films in the 1930s and 1940s publicists and fan magazines crafted outlandish stories to create a new history for Lugosi The cinema s Dracula was transformed into one of Hollywood s most mysterious actors This exhaustive account of Lugosi s work in film radio theater vaudeville and television provides an extensive biographical look at the actor The enormous merchandising industry built around him is also examined *Keep Watching the Skies!* Bill Warren,2009-11-30 Bill Warren s *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986 It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film In addition to a detailed plot synopsis full cast and credit listings and an overview of the critical reception of each film Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making The book contains 273 photographs many rare 35 in color has seven useful appendices and concludes with an enormous index This book is also available in softcover format ISBN 978 1 4766 6618 1

Carole Landis Eric Gans,2010-01-06 Despite appearing in twenty eight movies in little over a decade Carole Landis 1919 1948 never quite became the major Hollywood star her onscreen presence should have afforded her Although she acted in such enduring films as *A Scandal in Paris* and *Moon over Miami* she was most often relegated to supporting roles Even when she played the major role in a feature as she did in *The Powers Girl* and the film noir *Wake Up Screaming* she was billed second or third behind other actors This biography traces Landis s life chronicling her beginnings as a dance hall entertainer in San Francisco her career in Hollywood and abroad her USO performances and ultimately her suicide Using interviews with actors who worked with Landis contemporary movie magazines and journals and correspondence biographer Eric Gans reveals a tragic figure whose life was all too brief Landis s big break came in 1940 with Hal Roach s *One Million B C* She appeared in thirteen Twentieth Century Fox pictures between 1941 and 1946 In 1942 1943 Landis entertained troops in England and North Africa in the only all female USO tour The trip led to her memoir *Four Jills in a Jeep* and a Fox movie of the same title After her last American film in 1947 she completed two projects in England while having an affair with married actor Rex Harrison Tormented by a love that could not lead to matrimony and depressed about growing older she took a fatal
