Charles Knevitt

Monstrous Carbuncles A Cartoon Guide To Architecture:

Monstrous Carbuncles Charles Knevitt,1985 *Community Architecture (Routledge Revivals)* Nick Wates,Charles Knevitt,2013-09-05 First published in 1987 this title was one of the first to explore the emerging popular movement of Community Architecture championed by Prince Charles which gained momentum throughout Britain in the 1970s and 1980s The conceptual framework rests fundamentally on the principle that the built environment is most effective when those who live in a particular area are actively engaged with its creation and daily administration A work that has influenced policy makers and planning legislation Community Architecture remains one of the key reference works for student architects and planners

Laughing at Architecture Michela Rosso,2018-11-29 In a media saturated world humour stands out as a form of social communication that is especially effective in re appropriating and questioning architectural and urban culture Whether illuminating the ambivalences of metropolitan life or exposing the shock of modernisation cartoons caricature and parody have long been potent agents of architectural criticism protest and opposition In a novel contribution to the field of architectural history this book outlines a survey of visual and textual humour as applied to architecture its artefacts and leading professionals Employing a wide variety of visual and literary sources prints the illustrated press advertisements theatrical representations cinema and TV thirteen essays explore an array of historical subjects concerning the critical reception of projects buildings and cities through the means of caricature and parody Subjects range from 1750 to the present and from Europe and the USA to contemporary China From William Hogarth and George Cruikshank to Osbert Lancaster Adolf Loos satire and Saul Steinberg s celebrated cartoons of New York City graphic and descriptive humour is shown to be an enormously fruitful yet largely unexplored terrain of investigation for the architectural and urban historian
