Trow,2020-08-08 In the summer of 1212 30 000 children from towns and villages all over France and Germany left their homes and families and began a crusade Their aim to retake Jerusalem the holiest city in the world for God and for Christ They carried crosses and they believed because the Bible told them so that they could cross the sea like Moses The walls of Jerusalem would fall like Jericho's did for Joshua It was the age of miracles anything was possible Kings ignored the Children so did popes and bishops The handful of Church chroniclers who wrote about them were usually disparaging They were delusional they were inspired not by God but the Devil Their crusade was doomed from the start None of them reached Outremer the Holy Land They turned back exhausted Some fell ill on the way others died Others still were probably sold into slavery to the Saracens the very Muslims who had taken Jerusalem in the first place We only know of three of them by name Stephen Nicholas and Otto One of them was a shepherd another a ploughboy the third a scholar The oldest was probably fourteen Today in a world where nobody believes in miracles the Children of 1212 have almost been forgotten Almost but not quite The poet Robert Browning caught the mood in his haunting poem The Pied Piper of Hamelin bringing to later readers the sad image of a lost generation wandering a road to who knew where *The Children's Crusade* George Zabriskie

Gray,1883 Adapting the Arthurian Legends for Children Barbara Tapa Lupack,2004-01-02 For centuries the Arthurian legends have fascinated and inspired countless writers artists and readers many of whom first became acquainted with the story as youngsters From the numerous retellings of Malory and versions of Tennyson for young people to the host of illustrated volumes to which the Arthurian Revival gave rise From the Arthurian youth groups for boys and eventually for girls run by schools and churches to the school operas theater pieces and other entertainment for younger audiences and from the Arthurian juvenile fiction sequences and series to the films and television shows featuring Arthurian characters children have learned about the world of King Arthur and his Knights of the Round Table **Monsters, Gender and Sexuality in Medieval English Literature** Dana Oswald,2010 Case studies of Wonders of the East Beowulf Mandeville's Travels the Alliterative Morte Arthure and Sir Gowther reveal a shift in attitudes toward the gendered and sexed body and

thus toward identity between the two periods while Old English authors and artists respond to the threat of the gendered monstrous form by erasing it Middle English writers allow transgressive and monstrous bodies to transform and therefore integrate into society This metamorphosis enables redemption for some monsters while other monstrous bodies become dangerously flexible and invisible threatening the communities they infiltrate These changing cultural reactions to monstrous bodies demonstrate the precarious relationship between body and identity in medieval literature

The Singular Beast Claudine Fabre-Vassas, 1997. This original account of the significance of the pig and its relationship to Jews in European Christian culture encompasses a vast array of folklore, history, and ritual. Practices related to the breeding, slaughter, and consumption of the pig have inspired both religious and secular taboos and rituals laid out by the author in fascinating detail. She demonstrates clearly the power which a symbol may hold to mould an ethnic identity, and the book stands both as a study of the role of the pig and as an analysis of the creation of anti-Semitic myths.
