Drag Strip Don Garlits, 2013-06-01 Since the moment that young men began modifying and personalizing their automobiles back in the 1940s and 50s Big Daddy Don Garlits was squarely in the thick of this intoxicating pursuit Tales from the Drag Strip with Big Daddy Don Garlits is a first person account of the many memorable experiences this drag racing icon has lived through in his half century of nitromethane fueled exploits The many races racers race fans and race tracks that have touched his colorful career are recounted as only Big Daddy can painting a vivid picture of his life at speed and the triumphs

and tragedies that came along the way Insightful ironic humorous and touching but all true Big Daddy s remembrances are the next best thing to reliving the glory days of America s quickest and fastest motorsports through the eyes of an American institution In the Senate of the United States, June 4, 1872... French,2017-06-28 We are dealing here with a living literature wrote Morris Edward Opler in his preface to *Myths and Tales of the Chiricahua Apache Indians* First published in 1942 this is another classic study by the author of *Myths and Tales of the Jicarilla Apache Indians* Opler conducted field work among the Chiricahuas in the American Southwest as he had earlier among the Jicarillas The result is a definitive collection of their myths They range from an account of the world destroyed by water to descriptions of puberty rites and wonderful contests The exploits of culture heroes involve the slaying of monsters and the assistance of Coyote A large part of the book is devoted to the irrepressible Coyote whose antics make cautionary tales for the young tales that also allow harmless expression of the taboo Other striking stories present supernatural beings and foolish people Manhattan Transfer John Dos Passos,2022-10-19 Love loss and alienation unify a collage of characters chasing the American Dream during New York s industrial expansion A thinly veiled critique of American capitalism from the Gilded Age to the Jazz Age *Hearings on National Defense Authorization Act for Fiscal Year 1998--H.R. 1119 and Oversight of Previously Authorized Programs Before the Committee on National Security, House of Representatives, One Hundred Fifth Congress, First Session* United States. Military Installations and Facilities Subcommittee,1998 *Terrorism TV* Stacy Takacs,2012-04-30 The Fox TV series 24 might have been in production long before its premier just two months after 9 11 but its storyline and that of many other television programs has since become inextricably embedded in the nation s popular consciousness This book marks the first comprehensive survey and analysis of War on Terror themes in post 9 11 American television critiquing those shows that either blindly or intentionally supported the Bush administration s security policies Stacy Takacs focuses on the role of entertainment programming in building a national consensus favoring a War on Terror taking a close look at programs that comment both directly and allegorically on the post 9 11 world In show after show she chillingly illustrates how popular television helped organize public feelings of loss fear empathy and self love into narratives supportive of a controversial and unprecedented war Takacs examines a spectrum of program genres talk shows reality programs sitcoms police procedurals male melodramas war narratives to uncover the recurrent cultural themes that helped convince Americans to invade Afghanistan and Iraq and compromise their own civil liberties Spanning the past decade of the ongoing conflict she reviews not only key touchstones of post 9 11 popular culture such as 24 Rescue Me and Sleeper Cell but also less remarked upon but

relevant series like JAG Off to War Six Feet Under and Jericho She also considers voices of dissent that have emerged through satirical offerings like The Daily Show and science fiction series such as Lost and Battlestar Galactica Takacs dissects how the War on Terror has been broadcast into our living rooms in programs that routinely offer simplistic answers to important questions Who exactly are we fighting Why do they hate us and she examines the climate of fear and paranoia they've created Unlike cultural analyses that view the government's courting of Hollywood as a conspiracy to manipulate the masses her book considers how economic and industry considerations complicate state media relations throughout the era Terrorism TV offers fresh insight into how American television directly and indirectly reinforced the Bush administration's security agenda and argues for the continued importance of the medium as a tool of collective identity formation It is an essential guide to the televisual landscape of American consciousness in the first decade of the twenty first century

Resurgence Duane L. Martin, 2023-05-02 The nathalis plan to wipe out the zethichtalarin was mostly successful but a large number of zeths managed to escape to other dimensions before their worlds were destroyed It was assumed that the threat had been eliminated but assumptions can often be wrong After what was assumed to be a free army led by a general with advanced tactical knowledge swept across the continent in the Faranox dimension it was assumed that they'd done it to free all the slaves and to wipe out the practice of slavery on the continent once and for all Rather than releasing all the slaves however they marched them back with them to the village where the army had formed Why would a free army not just send the slaves back home and where had this mysterious general come from that had the knowledge to lead his army to such a sweeping victory The more the team in Washington thought about it there was only one conclusion they could possibly reach The zeths were back and they were trying to build themselves a new home to use as a base of operations in the Faranox dimension Assembling a team made up of members of both the Washington and Scotland teams as well as a newly human Thayelle and a couple of ach len who are hell bent on revenge the team heads out to the East Coast to begin their search All the anecdotal evidence they've been able to gather so far has indicated that the mysterious free army originated from there somewhere but with a lot of land to cover the team has to disguise themselves as locals so they can gather information without raising any suspicions Back at home a frustrated Jan discovers a new ability that will aid them all greatly on their mission When the team takes that ability and comes up with some even more creative ways to use it they suddenly find that they're all far more powerful than they'd ever imagined Resurgence is book 11 of the Unseen Things series
