O. Nnadike, 2018-06-29 The book is divided into two parts with an introduction Part 1 has four chapters and part 2 has three chapters Part 1 is kingdom keys for succeeding in life and part 2 is principles for success The book has seven chapters in whole The book is all about succeeding in life and there are pathways you must follow to get there Apparently success is not a destination but a movement upward from one level to the next level Success can become a failure when you don't continue moving forward Success of yesterday can become failures of today if there is no further progress Through this book you will understand that failure is a confession as success is So when you say it is impossible you become a failure indeed Even God cannot help you until you change your confession Failure is the beginning of success because it tells you to try it again And in doing it again you win Through this book you will also learn how to invest in God's kingdom obey his word and manage your life and time in others to get to your wealthy place There is a wealthy place God has prepared for you and he wants you to get there The pathway to success is summed up in the following Don't lose the sight of God You will learn that if you lose the sight of God you will lose sight of greatness King Uzziah lost sight of God as well as Apostle Judas Iscariot Both never became great Succeeding through the force of labor You will understand that your wealth success or prosperity is traceable to your assignment or God's purpose you are carrying out There is no entitlement in title bearing It is the work you do that bears the title and brings about your wealth Invest in the kingdom of God Here in this chapter you will learn how to serve God properly You will also know that if you don't service your purpose your purpose will become purposeless Kingdom investment is what brings life increment Whatever that is saved in God's hands is secured and generates wealth There is a bank of heaven and given is the channel through which you store up treasures in the bank and righteousness is the medium through which you activate it for withdrawal and through the name of Jesus withdrawal is made possible Patience is a divine factor that stabilizes your faith for effective performance in any given areas of life Obedience is one of the spiritual tests for succeeding in life You will get to understand that when you obey God's Word natural and even spiritual things will obey you Application is the scientific way of getting answers to any equations of scientific nature and so it is in the kingdom of God Manage your life You will know that God created you to be a leader and a manager Management is the key to enthronement You will manage your life through planning organizing directing and controlling Manage your time wisely You will get to understand that time is the currency of life and the key to fulfillment Time management is the proper use of time to achieve all your goals and prioritizing them according to importance Time management will help you prioritize know your objective plan very well and then schedule your task Discipline helps to maintain sanity and prepares one for future glory Magic Pathway to Success

Making the Team Tim Kreiter, 2018-04-25 According to the Carnegie Institute human engineering skills account for 85% of one's success on the job The same holds true for one's success in high school and college That should not be surprising when you consider that most jobs in industry and many activities in school require teamwork Being liked helps put you on the team and on the path to success no matter where you are Unfortunately public schools offer few if any courses that address human engineering skills Consequently too many children emerge from school with an I win you lose mentality which dramatically reduces their chances of attaining success among fellow students or future coworkers *Making the Team* Pathway to Success addresses some important often critical

human engineering skills Each chapter gives students a glimpse of a new concept at a depth meant to enlighten but not overwhelm the reader Questions and exercises are included to help students better understand and apply the positive principles to their lives The author asserts that one's most valuable possessions are those which when shared multiply rather than diminish In Making the Team Pathway to Success the author shares accumulated knowledge wisdom and experiences of many of the world's most respected authors philosophers leaders and thinkers from Aristotle to Carnegie and he places the cookies on the bottom shelf Who might benefit from studying Making the Team Pathway to Success Public schools parochial schools and academies may use this text within their existing Pathfinders or AVID programs Home schools across America and abroad will find that this book will nicely supplement their curricula Finally leaders of prison ministries may utilize this book as a study guide for rehabilitating prison inmates Regardless of age or rung on the educational ladder the author invites you to enjoy and profit from Making the Team Pathway to Success and reminds you that the mind once stretched by new ideas never returns to its original dimension
