preparing the site, selecting plants and choosing accessories Baby Greens Michaela Lynn, Michael Chrisemer, 2005-10-07

The typical American diet is a major factor in the epidemic of obesity and poor health in the country's children. Baby Greens helps parents establish healthy eating habits in their children and themselves through a diet rich in raw foods. A lively mix of education, philosophy, recipes and activities, the book adapts the living foods approach for all ages and lifestyles. The first part of the book explains the principles of bioenergetic nutrition and shows how cutting-edge nutritional practices including nutritional individuality, pH balance, terrain testing and homeopathy can dramatically improve a child's health. In addition to recipes and resources, the second part offers insights into the holistic approach to pregnancy, breastfeeding, extended breastfeeding, weaning, food experimentation, play and other daily activities. Written in reassuring, easy-to-understand language, Baby Greens empowers parents to step outside the fast-food box and take a proactive approach to maintaining their family's health and well-being **The Everything Small-Space Gardening Book** Catherine Abbott, 2012-01-18 Vine
