*Patrick Moore's Astronomy Quiz Book* Patrick Moore, 1987      *The Astronomy Quiz Book* Patrick Moore, 1978      [Return to the Far Side of Planet Moore!](#) Martin Mobberley, 2015-03-20 The result of an exhaustive study of Sir Patrick Moore's observations of the Moon and planets for more than 60 years this book is a fantastic companion to the extremely popular *It Came From Outer Space Wearing an RAF Blazer* written by the same author Moore recorded his telescopic observations in his logbooks which are reproduced and described here in detail along with his sketches and notes In this light the author discusses the factors that caused Moore to switch from lunar observing to planetary and variable star observing He has also included personal recollections and humorous anecdotes from Moore's friends and acquaintances as well as a look at his best loved books Further chapters describe Moore's foreign travels and correspondence with those back home Lastly the author has not neglected a few of Moore's most memorable television and radio appearances which are examined along with a close up of what it was like to visit Moore's beloved home of Farthings in Selsey Essentially this is a book written by popular demand from the readers of the author's original biography who craved more of Moore      **Patrick Moore's Data Book of Astronomy** Patrick Moore, Robin Rees, 2014-01-16 Packed with up to date astronomical data about the Solar System our Galaxy and the wider Universe this is a one stop reference for astronomers of all levels It gives the names positions sizes and other key facts of all the planets and their satellites discusses the Sun in depth from sunspots to solar eclipses lists the dates for cometary returns close approach asteroids and significant meteor showers and includes 88 star charts with the names positions magnitudes and spectra of the stars along with key data on nebulae and clusters Full of facts and figures this is the only book you need to look up data about astronomy It is destined to become the standard reference for everyone interested in astronomy      *Cataloguing and Classification* Fotis Lazarinis, 2014-12-11 Cataloguing and Classification introduces concepts and practices in cataloguing and classification and common library standards The book introduces and analyzes the principles and structures of library catalogues including the application of AACR2 RDA DDC LCC LCSH and MARC 21 standards and conceptual models such as ISBD FRBR and FRAD The text also introduces DC MODS METS EAD and VRA Core metadata schemes for annotating digital resources Explains the theory and practice of bibliographic control Offers a practical approach to the core topics of cataloguing and classification Includes step by step examples to illustrate application of the central cataloguing and classification standards Describes the new descriptive cataloguing standard RDA and its conceptual ground FRBR and FRAD Guides the reader towards cataloguing and classifying materials in a digital environment      **Astronomers Anonymous** Steve Ringwood, 2010-07-05 During more than four decades of involvement in amateur astronomy I have enjoyed the privilege of rubbing shoulders with numberless amateur and professional astronomers In so doing I have encountered at first second and third hand many of the joys and pitfalls that sky watchers can experience in pursuit of the universe's wonders I have often howled at tall tales that would not disgrace a pirate's tavern Many of these

astounding stories have become the kernels of my Dear Steve column items Learning how to operate the technology for observing and imaging the universe is work enough for any aspiring astronomer however many have problems of their own making Not only do they share these troubles with other astronomers they are on the receiving end of colleagues and friends doing the same With all these agonized communications flying about it is hard to understand how anyone gets any real work done For the amusement of my peers I have long fondly parodied these imagined literary exchanges These fantasy Agony Aunt questions began appearing in the pages of the Loughton Astronomical Society's monthly and Christmas Special journals about 30 years ago in the guise of The astronomer's problem page This was by the kind indulgence of the then editor namely myself Happily even when the magazine of the LAS evolved into something much better under the tender and loving care of those who came after me these problem letters were still in demand and even now occasionally appear

**Literature 1988, Part 1** U. Esser, H. Hefele, Inge Heinrich, W. Hofmann, D. Krahn, V. R. Matas, Dr. Lutz D. Schmadel, G. Zech, 2013-11-11 From the reviews Astronomy and Astrophysics Abstracts has appeared in semi annual volumes since 1969 and it has already become one of the fundamental publications in the fields of astronomy astrophysics and neighbouring sciences It is the most important English language abstracting journal in the mentioned branches The abstracts are classified under more than a hundred subject categories thus permitting a quick survey of the whole extended material The AAA is a valuable and important publication for all students and scientists working in the fields of astronomy and related sciences As such it represents a necessary ingredient of any astronomical library all over the world Space Science Reviews 1 Dividing the whole field plus related subjects into 108 categories each work is numbered and most are accompanied by brief abstracts Fairly comprehensive cross referencing links relevant papers to more than one category and exhaustive author and subject indices are to be found at the back making the catalogues easy to use The series appears to be so complete in its coverage and always less than a year out of date that I shall certainly have to make a little more space on those shelves for future volumes The Observatory Magazine 2

**The Mammoth Quiz Book** Nick Holt, 2013-08-22 A comprehensive category killer with over 6 000 varied questions on every topic imaginable as well as some you might not imagine The 400 quizzes are a mixture of general knowledge and specialist rounds all aimed at the popular pub or society quiz market on science and technology nature and the universe human geography history life as we know it arts and culture sports and games popular culture celebrities and trivia The questions are up to date interesting and unlike much of the competition accurate
